Robert Adrian Mayers

Sea Bright Holly Bianchi, 2008-06-02 In the mid-1800s, a quaint fishing village, called Nauvoo at the time, was the largest fishery on the New Jersey seacoast. By the end of the 19th century, this fishing village had grown into the flourishing seaside resort of Sea Bright. Luxurious hotels like the Normandie-by-the-Sea, Sea Bright Inn, and the Octagon House were built, transforming the town into a haven for the wealthy, who built elegant cottages along its coast. The famous Pannaci Hotel and Restaurant became known as the “Delmonico of Sea Bright.” Today Sea Bright continues to draw vacationers and residents alike with its glistening water and beautiful sandy beaches.

Great Storms of the Jersey Shore Larry Savadove, Margaret Thomas Buchholz, 1993 Offers illustrations and maps to provide a historical look at the hurricanes and other natural storms which have caused havoc on the Jersey coast since colonial times

Sandy Hook's Lost Highland Beach Resort Susan Sandlass Gardiner, 2020-10-12 Built by William Sandlass during the Golden Age of the Jersey Shore, the Highland Beach excursion resort was an iconic landmark for more than seven decades. The resort put Sandy Hook on the map, as hordes of tourists were brought by trains, ferries and automobiles to soak up the sun and enjoy the plentiful amusements. At the once magical playground enjoyed by so many, the families dined and relaxed at Sandlass' Surf House and Basket Pavilion in the 1890s. Teenagers rocked away the night in the resort's Bamboo Room in the 1950s. Meet the characters who shaped the land and had the vision for a storied resort wiped away by time, technology and politics. Author Susan Sandlass Gardiner charts the rise and fall of Sandy Hook's historic resort paradise.

The World's Beaches Orrin H. Pilkey, William J. Neal, James Andrew Graham Cooper, Joseph T. Kelley, 2011-07-26 Take this book to the beach; it will open up a whole new world. Illustrated throughout with color photographs, maps, and graphics, it explores one of the planet's most dynamic environments—from tourist beaches to Arctic beaches strewn with ice chunks to steaming hot tropical shores. The World's Beaches tells how beaches work, explains why they vary so much, and shows how dramatic changes can occur on them in a matter of hours. It discusses tides, waves, and wind; the patterns of dunes, washover fans, and wrack lines; and the shape of berms, bars, shell lags, cusps, ripples, and blisters. What is the world's longest beach? Why do some beaches sing when you walk on them? Why do some have dark rings on their surface and tiny holes scattered far and wide? This fascinating, comprehensive guide also considers the future of beaches, and explains how extensively people have affected them—from coastal engineering to pollution, oil spills, and rising sea levels.

The Beaches Are Moving Wallace Kaufman, Orrin H. Pilkey, 1984-01-13 Our beaches are eroding, sinking, washing out right under our houses, hotels, bridges; vacation dreamlands become nightmare scenes of futile revetments, fills, groins, what have you—all thrown up in a frantic defense against the natural system. The romantic desire to live on the seashore is in doomed conflict with an age-old pattern of beach migration. Yet it need not be so. Conservationist Wallace Kaufman teams up with marine geologist Orrin H. Pilkey Jr., in an evaluation of America's beaches from coast to coast, giving sound advice on how to judge a safe beach development from a dangerous one and how to live at the shore sensibly and safely.

Central Railroad of New Jersey Benjamin L. Bernhart, 2004 This publication documents stations, railroad related structures and marine equipment of the Central Railroad of New Jersey between the period of 1900 and 1930. The majority of the 613 photographs date, circa 1917 and have never been published before. Brief histories of the stations and structures are given. The book covers the entire CNJ RR system from New York City to Scranton, Pennsylvania.

Monmouth County, New Jersey Randall Gabrielan, 1998-06-01 From the 1890s through the 1930s, the postcard was an extraordinarily popular means of communication, and many of the postcards produced were works of art. Postcard photographers traveled the length and breadth of the nation snapping photos of busy street scenes, documenting local landmarks, and assembling crowds of local children only too happy to pose for a picture. These images, printed as postcards and sold in general stores across the country, survive as telling reminders of an important era in America's history. This fascinating new history of Monmouth County showcases more than two hundred of the best postcards available of this region

of New Jersey.

Bruce Springsteen FAQ John D. Luerssen, 2012 Discusses the life and career of the rock musician, covering his youth in New Jersey, his early musical performances, the success of the album *Born to Run* which earned him nationwide exposure, and the deaths of core band members.

Not Born Yesterday Hugo Mercier, 2022-03-22 Why people are not as gullible as we think *Not Born Yesterday* explains how we decide who we can trust and what we should believe—and argues that we're pretty good at making these decisions. In this lively and provocative book, Hugo Mercier demonstrates how virtually all attempts at mass persuasion—whether by religious leaders, politicians, or advertisers—fail miserably. Drawing on recent findings from political science and other fields ranging from history to anthropology, Mercier shows that the narrative of widespread gullibility, in which a credulous public is easily misled by demagogues and charlatans, is simply wrong. Why is mass persuasion so difficult? Mercier uses the latest findings from experimental psychology to show how each of us is endowed with sophisticated cognitive mechanisms of open vigilance. Computing a variety of cues, these mechanisms enable us to be on guard against harmful beliefs, while being open enough to change our minds when presented with the right evidence. Even failures—when we accept false confessions, spread wild rumors, or fall for quack medicine—are better explained as bugs in otherwise well-functioning cognitive mechanisms than as symptoms of general gullibility. *Not Born Yesterday* shows how we filter the flow of information that surrounds us, argues that we do it well, and explains how we can do it better still.

The American Revolution in Monmouth County Michael S. Adelberg, 2010-11-26 Like much of New Jersey during the American Revolution, Monmouth County was contested territory in between the great armies. As the Battles of Trenton, Princeton and Bound Brook raged nearby, the people of Monmouth County fought their own internal revolution; Loyalist partisans led insurrections and raids that laid waste to entire neighborhoods. In 1778, General George Washington rallied his Continental army and fought the British within Monmouth's borders, barely holding the field. Monmouth Countians joined the fight and then spent the following weeks caring for the wounded and burying the dead. The remaining war years brought more hardships, as they grappled with a local civil war charged with racial, religious and economic undercurrents--a local

civil war that continued long after the Battle of Yorktown supposedly ended hostilities. Revolutionary War scholar Michael S. Adelberg brings to life the struggles within Monmouth County, a place that New Jersey governor William Livingston called the theatre of spoil and destruction.

Remembering South Cape May Joseph G. Burcher, 2010-07-30 Few would imagine that the land currently occupied by the Nature Conservancy's Cape May Migratory Bird Refuge, or the Meadows, ? was once the picturesque Jersey Shore town of South Cape May. By the early twentieth century, a striking hotel and homes designed by renowned Victorian-era architects dotted the landscape. Residents and visitors alike spotted rumrunners racing across the beachfront during Prohibition and endured World War II with German submarines lurking just offshore. But by 1954, barely a trace of the town remained except for about twenty of the original houses, which were moved a mile away. Join one of the town's last residents, Joseph Burcher, as he chronicles life in South Cape May before the angry Atlantic swallowed this serene town.

Born to Run Bruce Springsteen, 2017-09-05 In 2009, Bruce Springsteen and the E Street Band performed at the Super Bowl's half-time show. The experience was so exhilarating that Bruce decided to write about it. That's how this extraordinary autobiography began. Over the past seven years, Bruce Springsteen has privately devoted himself to writing the story of his life, bringing to these pages the same honesty, humour, and originality found in his songs. He describes growing up Catholic in Freehold, New Jersey, amid the poetry, danger, and darkness that fueled his imagination, leading up to the moment he refers to as The Big Bang: seeing Elvis Presley's debut on The Ed Sullivan Show. He vividly recounts his relentless drive to become a musician, his early days as a bar band king in Asbury Park, and the rise of the E Street Band. With disarming candour, he also tells for the first time the story of the personal struggles that inspired his best work, and shows us why the song Born to Run reveals more than we previously realized.

Revolutionary New Jersey Robert Adrian Mayers, 2018 Many of the critical events and dreadful realities of the intense warfare in New Jersey during the American Revolution have been forgotten, neglected, or lost to history. Sites in the Garden State where patriots fought and died remain unmarked, shrouded in mystery, clouded in mythology, or concealed by obscure accounts and dull statistics. Many places in the Crossroads of the Revolution state have entirely disappeared, while others languish unnoticed or have been built over by town development and local highways. Many of the Garden State residents who commute every day over heavily trafficked streets are completely unaware of the fierce struggles that occurred along their route during America's most important war. In Revolutionary New Jersey New Jersey-based author Robert Mayers has rediscovered and revived the history of previously forsaken locations by exploring them in person. He then enhances his observations from on-site visits with fresh research from original documents, often discovered in obscure British, Hessian and French records. The reader is subsequently transported to the battlefields and encampments in three theaters of the conflict in New Jersey- The War in the Countryside, The War at the Shore and New Jersey Campgrounds-by describing

Revolutionary events which occurred in more than 100 present-day towns. This narrative escorts readers back in time to feel, see, and hear the action that occurred over 200 years ago in familiar settings. It is hoped that all readers of Bob Mayers's newest book will acquire a new respect for the Revolutionary War events that took place locally (and in some instances in their own backyards). It is through this awareness that local sites might be maintained, and the glorious memory of those individuals who fought for our freedom preserved for the future.

Monmouth County Historic Landmarks Randall Gabrielan, 2011-07-21 Homesteads and mansions, museums and memorials, lighthouses, a battlefield, historic districts and theatres, these are some of the sites that have shaped Monmouth County. These varied places are preserved for future generations through painstaking efforts and afford visitors a glimpse of what life was like in bygone eras. Two magnificent lighthouses guard the northern Monmouth coast, Sandy Hook, the nation's oldest, and Twin Lights, an architectural masterpiece. Imagine the pounding of cannons at Monmouth Battlefield State Park; Red Bank's most famous son is honored at the Count Basie Theatre and history lives at the Historic Village at Allaire. Prominent local historian Randall Gabrielan tells the history behind these and many more historic sites and landmarks in Monmouth County, New Jersey.

At War with the Weather Howard C. Kunreuther, Erwann O. Michel-Kerjan, 2011-08-19 Innovative, long-term strategies for reducing vulnerability to large-scale natural disasters and for providing financial support for disaster victims. The United States and other nations are facing large-scale risks at an accelerating rhythm. In 2005, three major hurricanes—Katrina, Rita, and Wilma—made landfall along the U.S. Gulf Coast within a six-week period. The damage caused by these storms led to insurance reimbursements and federal disaster relief of more than \$180 billion—a record sum. Today we are more vulnerable to catastrophic losses because of the increasing concentration of population and activities in high-risk coastal regions of the country. The question is not whether but when, and how frequently, future catastrophes will strike and the extent of damages they will cause. Who should pay the costs associated with catastrophic losses suffered by homeowners in hazard-prone areas? In *At War with the Weather*, Howard Kunreuther and Erwann Michel-Kerjan with their colleagues deliver a groundbreaking analysis of how we currently mitigate, insure against, and finance recovery from natural disasters in the United States. They offer innovative, long-term solutions for reducing losses and providing financial support for disaster victims that define a coherent strategy to assure sustainable recovery from future large-scale disasters. The amount of data collected and analyzed and innovations proposed make this the most comprehensive book written on these critical issues in the past thirty years.

Jersey Shore Cop Captain William J. Halliday, 2020-05-19 This fictionalized account based of my true-to-life experiences as a police officer for twenty-seven years in the shore area of New Jersey. The events are from my memories, notebooks and newspaper accounts of the incidents that occurred during this time period. The characters and dialogue are products of the

author's imagination and not to be construed as real people living or dead.
