She Kills Monsters Qui Nguyen,2016 Revised 2016 Edition. *She Kills Monsters* tells the story of Agnes Evans as she leaves her childhood home in Ohio following the death of her teenage sister, Tilly. When Agnes finds Tilly's Dungeons & Dragons notebook, however, she finds herself catapulted into a journey of discovery and action-packed adventure in the imaginary world that was her sister's refuge. This set of herbal teachings, which draws strongly from the Muscogee tradition, presents an understanding of the healing nature of plants for the first time in book form. My Blue Is Happy Jessica Young,2024-05-07 What is your blue like? A lyrical ode to colors -- and the unique ways we experience them -- follows a little girl as she explores the world with her family and friends. Your neighbor says red is angry like a dragon's breath, but you think it's brave like a fire truck. Or maybe your best friend likes pink because it's pretty like a

ballerina's tutu, but you find it annoying -- like a piece of gum stuck on your shoe. In a subtle, child-friendly narrative, art teacher and debut author Jessica Young suggests that colors may evoke as many emotions as there are people to look at them -- and opens up infinite possibilities for seeing the world in a wonderful new way.

Burn the Business Plan Carl J. Schramm, 2018-01-16 Business startup advice from the former president of the Ewing Marion Kaufmann Foundation and cofounder of Global Entrepreneurship Week and StartUp America, this “thoughtful study of ‘how businesses really start, grow, and prosper’...dispels quite a few business myths along the way” (Publishers Weekly). Carl Schramm, the man described by The Economist as “The Evangelist of Entrepreneurship,” has written a myth-busting guide packed with tools and techniques to help you get your big idea off the ground. Schramm believes that entrepreneurship has been misrepresented by the media, business books, university programs, and MBA courses. For example, despite the emphasis on the business plan in most business schools, some of the most successful companies in history—Apple, Microsoft, Google, Facebook, and hundreds of others—achieved success before they ever had a business plan. Burn the Business Plan punctures the myth of the cool, tech-savvy twenty-something entrepreneur with nothing to lose and venture capital to burn. In fact most people who start businesses are juggling careers and mortgages just like you. The average entrepreneur is actually thirty-nine years old, and the success rate of entrepreneurs over forty is five times higher than that of those under age thirty. Entrepreneurs who come out of the corporate world often have discovered a need for a product or service and have valuable contacts to help them get started. Filled with stories of successful entrepreneurs who drew on real-life experience rather than academic coursework, Burn the Business Plan is the guide to starting and running a business that will actually work for the rest of us.
