## Nicole Billick

*Tessellations* Pamela Geiger Stephens, 2001-01-01 Take a journey through the history of tessellations and learn step-by-step how to create translations, rotations, and reflections. Written with students and teachers in mind, this picture book provides clearly illustrated demonstrations that can be used for independent study or as a teacher resource. Grades 4 and up. 40 pages, paperback.

Marvelous Masks Nicole Billick, 2020-09-19 Do you know any little ones who are wary of wearing masks or do not want to keep them on? Do you have an upcoming event or travel and you are not sure your child will wear a mask when required? Have you been trying to find a way to help your child feel comfortable wearing a mask? Then *Marvelous Masks* is for you! A fun and beautifully hand-drawn story that explains how masks have been part of our world for a long time - not just because of the COVID-19 pandemic. In this charming story, a group of animal friends looks at all different kinds of masks, and shows just how fun and normal wearing masks can be. Parents, grandparents and teachers can use this book to help explain to their children why we all need to wear masks sometimes - from cowboys, doctors, and baseball catchers to superheroes and more! There is no specific mention of germs or COVID-19, leaving room for adults to have that conversation with their children as they desire. Inspired by her own children, the author hopes that this story helps take children's stress out of needing to wear masks during the COVID-19 pandemic. Let's make masks less scary and more relatable for young children!

**Van Gogh's Sheaves of Wheat** Dorothy M. Kosinski, Bradley Fratello, Vincent van Gogh, 2006 Vincent van Gogh (1853-1890) viewed wheat as a central metaphor of the cycle of life and the creative process. As such, it was a theme that he consistently explored throughout his career. This book examines the artist's personal and visual fascination with wheat, analyzing the significance that the motif--and by extension, the peasant at work in nature--played within the social and cultural framework of 19th-century France and in the works of other artists of the time. Focusing on his *Sheaves of Wheat* at the Dallas Museum of Art--one of thirteen canvases completed in the last month of his life--this beautiful book features illustrations of Van Gogh's works as well as personal correspondence and letters. Related images by such prominent contemporary artists as Emile Bernard, Jules Breton, Charles F. Daubigny, Paul Gauguin, Jean-François Millet, Claude Monet, and Camille Pissarro are also included. Together these works reveal the larger social and political trends of 19th-century France. Distributed for the Dallas Museum of Art Exhibition Schedule: Dallas Museum of Art (October 22, 2006 -

January 7, 2007)
