Places of Mind Timothy Brennan, 2021-03-23 A New York Times Book Review Editors' Choice The first comprehensive biography of the most influential, controversial, and celebrated Palestinian intellectual of the twentieth century As someone who studied under Edward Said and remained a friend until his death in 2003, Timothy Brennan had unprecedented access to his thesis adviser's ideas and legacy. In this authoritative work, Said, the pioneer of postcolonial studies, a tireless champion for his native Palestine, and an erudite literary critic, emerges as a self-doubting, tender, eloquent advocate of literature's dramatic effects on politics and civic life. Charting the intertwined routes of Said's intellectual development, *Places of Mind* reveals him as a study in opposites: a cajoler and strategist, a New York intellectual with a foot in Beirut, an orchestra impresario in Weimar and Ramallah, a raconteur on national television, a Palestinian negotiator at the State Department, and an actor in films in which he played himself. Brennan traces the Arab influences on Said's thinking along with his tutelage under Lebanese statesmen, off-beat modernist auteurs, and New York literati, as Said grew into a scholar whose influential writings changed the face of university life forever. With both intimidating brilliance and charm, Said melded these resources into a groundbreaking and influential countertradition of radical humanism, set against the backdrop of techno-scientific dominance and religious war. With unparalleled clarity, Said gave the humanities a new authority in the age of Reaganism, one that continues today. Drawing on the testimonies of family, friends, students, and antagonists alike, and aided by FBI files, unpublished writings, and Said's drafts of novels and personal letters, *Places of Mind* synthesizes Said's intellectual breadth and influence into an unprecedented, intimate, and compelling portrait of one of the great minds of the twentieth century.

Dateline Jerusalem John Lyons, 2021-10 Rarely is the public taken deep into the inner sanctum of major news organisations. In this extraordinary book, award-winning journalist John Lyons goes to the heart of how the media reports--or does not report--one of the biggest stories of our time: the conflict in the Middle East. He looks at the power of lobby groups and shows how they determine much of what is written about Israel, and he turns the spotlight on his own profession and its failings. For Lyons, the six years he spent in Jerusalem as Middle East correspondent for *The Australian* were the toughest of

his forty-year career. He explains how lobby groups attempt to prevent the real story being told and describes how journalists who accurately report what they see can be hounded and vilified, part of a practice of intimidation, harassment and influence peddling that is designed to stop the truth from being told--a practice that must stop. This is an insider's account of why the real story of the Israel-Palestine conflict goes largely unreported. It is also the story of why, in the wake of the international backlash against media coverage of the May 2021 Israel-Hamas violence, this could be about to change.

Agrobiodiversity, School Gardens and Healthy Diets Danny Hunter,Emilita Monville-Oro,Bessie Burgos,Carmen Nyhria Roel,Blesilda M. Calub,Julian Gonsalves,Nina Lauridsen,2020-03-03 This book critically assesses the role of agrobiodiversity in school gardens and its contribution to diversifying diets, promoting healthy eating habits and improving nutrition among schoolchildren as well as other benefits relating to climate change adaptation, ecoliteracy and greening school spaces. Many schoolchildren suffer from various forms of malnutrition and it is important to address their nutritional status given the effects it has on their health, cognition, and subsequently their educational achievement. Schools are recognized as excellent platforms for promoting lifelong healthy eating and improving long-term, sustainable nutrition security required for optimum educational outcomes. This book reveals the multiple benefits of school gardens for improving nutrition and education for children and their families. It examines issues such as school feeding, community food production, school gardening, nutritional education and the promotion of agrobiodiversity, and draws on international case studies, from both developed and developing nations, to provide a comprehensive global assessment. This book will be essential reading for those interested in promoting agrobiodiversity, sustainable nutrition and healthy eating habits in schools and public institutions more generally. It identifies recurring and emerging issues, establishes best practices, identifies key criteria for success and advises on strategies for scaling up and scaling out elements to improve the uptake of school gardens.

California Exposures: Envisioning Myth and History Richard White,2020-03-17 Winner of the 2021 California Book Award (Californiana category) A brilliant California history, in word and image, from an award-winning historian and a documentary photographer. "This is the West, sir. When the legend becomes fact, print the legend." This indelible quote from *The Man Who Shot Liberty Valance* applies especially well to California, where legend has so thoroughly become fact that it is visible in everyday landscapes. Our foremost historian of the West, Richard White, never content to "print the legend," collaborates here with his son, a talented photographer, in excavating the layers of legend built into California's landscapes. Together they expose the bedrock of the past, and the history they uncover is astonishing. Jesse White's evocative photographs illustrate the sites of Richard's historical investigations. A vista of Drakes Estero conjures the darkly amusing story of the Drake Navigators Guild and its dubious efforts to establish an Anglo-Saxon heritage for California. The restored Spanish missions of Los Angeles frame another origin story in which California's native inhabitants, civilized through contact with friars, gift their territories to white settlers. But the history is not so placid. A quiet riverside park in the Tulare Lake

Basin belies scenes of horror from when settlers in the 1850s transformed native homelands into American property. Near the lake bed stands a small marker commemorating the Mussel Slough massacre, the culmination of a violent struggle over land titles between local farmers and the Southern Pacific Railroad in the 1870s. Tulare is today a fertile agricultural county, but its population is poor and unhealthy. The California Dream lives elsewhere. The lake itself disappeared when tributary rivers were rerouted to deliver government-subsidized water to big agriculture and cities. But climate change ensures that it will be back—the only question is when.

The Glad Shout (16pt Large Print Edition) Alice Robinson, 2020-03-16 After a catastrophic storm destroys Melbourne, Isobel flees to higher ground with her husband and young daughter. Food and supplies run low, panic sets in and still no help arrives. To protect her daughter, Isobel must take drastic action. *THE GLAD SHOUT* is an extraordinary novel of rare depth and texture. Told in a starkly visual and compelling narrative, this is a deeply moving homage to motherhood and the struggles faced by women in difficult times.

This Young Monster Charlie Fox, 2019 'Good God, where did this wise-beyond-his-years 25-year-old critic's voice come from? His breath of proudly putrefied air is something to behold. Finally, a new Parker Tyler is on the scene. Yep. Mr. Fox is the real thing.' -- John Waters, New York Times *This Young Monster* is a hallucinatory celebration of artists who raise hell, transform their bodies, anger their elders and show their audience dark, disturbing things. What does it mean to be a freak? Why might we be wise to think of the present as a time of monstrosity? And how does the concept of the monster irradiate our thinking about queerness, disability, children and adolescents? From *Twin Peaks* to Leigh Bowery, Harmony Korine to Alice in Wonderland, *This Young Monster* gets high on a whole range of riotous art as its voice and form shape-shift, all in the name of dealing with the strange wonders of what Nabokov once called 'monsterhood'. Ready or not, here they come...

Witches Sam George-Allen, 2019-03-05 Covens. Girl bands. Ballet troupes. Convents. In all times and places, girls and women have come together in communities of vocation, of necessity, of support. And wherever women gather, magic happens. Female farmers change the way we grow our food. Online beauty communities democratise the intricacies of skincare. Teen girls invent phrases that enter the urban lexicon, and choose our next pop superstars. Patriarchal societies have long been content to uphold men's and boys' clubs, while viewing groups that exclude men as sites of rivalry and suspicion. In this deeply personal exploration of what women make together, Sam George-Allen delves into workplaces, industries and social groups to dismantle the cultural myth of female isolation and uncover evidence that these groups are formidable. Thoughtful, intimate, and convincing, *Witches* is a long-overdue celebration of the power and pleasure of working with other women.

The Dirty Streets of Heaven Tad Williams, 2012-09-04 Bobby Dollar is an angel—a real one. He knows a lot about sin, and not just in his professional capacity as an advocate for souls caught between Heaven and Hell. Bobby's wrestling with a

few deadly sins of his own—pride, anger, even lust. But his problems aren't all his fault. Bobby can't entirely trust his heavenly superiors, and he's not too sure about any of his fellow earthbound angels either, especially the new kid that Heaven has dropped into their midst, a trainee angel who asks too many questions. And he sure as hell doesn't trust the achingly gorgeous Countess of Cold Hands, a mysterious she-demon who seems to be the only one willing to tell him the truth. When the souls of the recently departed start disappearing, catching both Heaven and Hell by surprise, things get bad very quickly for Bobby D. End-of-the-world bad. Beast of Revelations bad. Caught between the angry forces of Hell, the dangerous strategies of his own side, and a monstrous undead avenger that wants to rip his head off and suck out his soul, Bobby's going to need all the friends he can get—in Heaven, on Earth, or anywhere else he can find them. You've never met an angel like Bobby Dollar. And you've never read anything like *The Dirty Streets of Heaven*. Brace yourself—the afterlife is weirder than you ever believed.

Thicker Than Water Erica Cirino, 2021-10-07 Much of what you've heard about plastic pollution may be wrong. Instead of a great island of trash, the infamous Great Pacific Garbage Patch is made up of manmade debris spread over hundreds of miles of sea—more like a soup than a floating garbage dump. Less than nine percent of the plastic we create is reused, and microplastic fragments are found almost everywhere, even in our bodies. In *Thicker Than Water: The Quest for Solutions to the Plastic Crisis*, journalist Erica Cirino brings readers on a globe-hopping journey to meet the scientists and activists telling the real story of the plastic crisis. New technologies and awareness bring some hope, but Cirino shows that we can only fix the problem if we begin to repair our throwaway culture. *Thicker Than Water* is an eloquent call to reexamine the systems churning out waves of plastic waste.

Dyschronia Jennifer Mills, 2018-01-30 SHORTLISTED FOR THE MILES FRANKLIN LITERARY AWARD 2019 There is a poetry in Mills's writing that shimmers like desert air - and in her storytelling, in the way she captures the moods of time, there is something mystical. Daring, original and ambitious. The Australian An electrifying novel about an oracle. A small town. And the end of the world as we know it... One morning, the residents of a small coastal town somewhere in Australia wake to discover the sea has disappeared. One among them has been plagued by troubling visions of this cataclysm for years. Is she a prophet? Does she have a disorder that skews her perception of time? Or is she a gifted and compulsive liar? Oscillating between the future and the past, *Dyschronia* is a novel that tantalises and dazzles, as one woman's prescient nightmares become entangled with her town's uncertain fate. Blazing with questions of consciousness, trust, and destiny, this is a wildly imaginative and extraordinary novel from award-winning author Jennifer Mills. AUREALIS AWARDS 2018 FINALIST FOR THE BEST SCIENCE FICTION NOVEL PRAISE FOR DYSCHRONIA Shockingly good. The Saturday Paper A writer of extraordinary range and imagination Cate Kennedy, author of *The World Beneath* ...Mills draws on the arsenal of social realism, as what follows is a finely drawn study of a small town struggling to survive. Sydney Review of Books In recent

years, a number of Australian authors have turned their attention to the interrelated effects of climate change... borrowing elements from fantasy and science-fiction to write about an increasingly surreal reality. Jennifer Mill's *Dyschronia* adds a new voice to this growing chorus. Readings *Dyschronia* is the best (and perhaps most terrifying) kind of dystopian fiction. Lifted Brow clear, well-crafted, and unique *Kill Your Darlings*

Grief Is the Thing with Feathers Max Porter, 2016-06-07 Here he is, husband and father, scruffy romantic, a shambolic scholar--a man adrift in the wake of his wife's sudden, accidental death. And there are his two sons who like him struggle in their London apartment to face the unbearable sadness that has engulfed them. The father imagines a future of well-meaning visitors and emptiness, while the boys wander, savage and unsupervised. In this moment of violent despair they are visited by Crow--antagonist, trickster, goad, protector, therapist, and babysitter. This self-described sentimental bird, at once wild and tender, who finds humans dull except in grief, threatens to stay with the wounded family until they no longer need him. As weeks turn to months and the pain of loss lessens with the balm of memories, Crow's efforts are rewarded and the little unit of three begins to recover: Dad resumes his book about the poet Ted Hughes; the boys get on with it, grow up. Part novella, part polyphonic fable, part essay on grief, Max Porter's extraordinary debut combines compassion and bravura style to dazzling effect. Full of angular wit and profound truths, *Grief Is the Thing with Feathers* is a startlingly original and haunting debut by a significant new talent.

The Barbuto Cookbook Jonathan Waxman, 2020-09-29 A culinary exploration of Barbuto's menu—a unique blend of rustic Italian and modern California cuisine—from legendary chef Jonathan Waxman There are very few New York City restaurants that have maintained their currency, quality, and charm for as long as Jonathan Waxman's Barbuto. For the first time ever, *The Barbuto Cookbook* invites home cooks into the history, culture, and cuisine of the Greenwich Village dining spot that became both a neighborhood favorite and a New York culinary destination. Jonathan and his team provide the necessary tools for re-creating Barbuto classics, including the famous JW roast chicken, the otherworldly kale salad, specialty pizzas, gnocchi, spectacular desserts, and much more. Every recipe is a flavorful restaurant showstopper adapted for straightforward preparation at home.

Volcanoes Harriet Griffey, 1998 Describes natural disasters which have occurred in various places throughout the world including the eruption of Vesuvius in 79 A.D., the Yellow River flood in 1887, and the Australian bush fires in 1983.

Washed Away Geoff Williams, 2021-11-15 The incredible story of a flood of near-biblical proportions -- its destruction, its heroes and victims, and how it shaped America's natural-disaster policies for the next century. The storm began March 23, 1913, with a series of tornadoes that killed 150 people and injured 400. Then the freezing rains started and the flooding began. It continued for days. Some people drowned in their attics, others on the roads when they tried to flee. It was the nation's most widespread flood ever—more than 700 people died, hundreds of thousands of homes and buildings were

destroyed, and millions were left homeless. The destruction extended far beyond the Ohio valley to Illinois, Indiana, Michigan, Nebraska, Pennsylvania, Tennessee, Arkansas, Louisiana, Kentucky, West Virginia, New York, New Jersey, and Vermont. Fourteen states in all, and every major and minor river east of the Mississippi. In the aftermath, flaws in America's natural disaster response system were exposed, echoing today's outrage over Katrina. People demanded change. Laws were passed, and dams were built. Teams of experts vowed to develop flood control techniques for the region and stop flooding for good. So far those efforts have succeeded. It is estimated that in the Miami Valley alone, nearly 2,000 floods have been prevented, and the same methods have been used as a model for flood control nationwide and around the world.

Narcotic Culture Frank Dikötter, Lars Laamann, Zhou Xun, 2004-04-16 To this day, the perception persists that China was a civilization defeated by imperialist Britain's most desirable trade commodity, opium—a drug that turned the Chinese into cadaverous addicts in the iron grip of dependence. Britain, in an effort to reverse the damage caused by opium addiction, launched its own version of the war on drugs, which lasted roughly sixty years, from 1880 to World War II and the beginning of Chinese communism. But, as *Narcotic Culture* brilliantly shows, the real scandal in Chinese history was not the expansion of the drug trade by Britain in the early nineteenth century, but rather the failure of the British to grasp the consequences of prohibition. In a stunning historical reversal, Frank Dikötter, Lars Laamann, and Zhou Xun tell this different story of the relationship between opium and the Chinese. They reveal that opium actually had few harmful effects on either health or longevity; in fact, it was prepared and appreciated in highly complex rituals with inbuilt constraints preventing excessive use. Opium was even used as a medicinal panacea in China before the availability of aspirin and penicillin. But as a result of the British effort to eradicate opium, the Chinese turned from the relatively benign use of that drug to heroin, morphine, cocaine, and countless other psychoactive substances. *Narcotic Culture* provides abundant evidence that the transition from a tolerated opium culture to a system of prohibition produced a cure that was far worse than the disease. Delving into a history of drugs and their abuses, *Narcotic Culture* is part revisionist history of imperial and twentieth-century Britain and part sobering portrait of the dangers of prohibition.

The Lost Hero Rick Riordan, 2012-01-25 When Jason, Piper and Leo crash land at Camp Half-Blood, they have no idea what to expect. Apparently this is the only safe place for children of the Greek Gods - despite the monsters roaming the

woods and demigods practising archery with flaming arrows and explosives.

Land Grabbing Stefano Liberti, 2013-11-19 To the governments and corporations buying up vast tracts of the Third World, it is 'land leasing'; to its critics, it is nothing better than 'land grabbing' – the engine powering a new era of colonialism. In this arresting account of how millions of hectares of fertile soil are stolen to feed wealthy westerners thousands of miles away, journalist Stefano Liberti takes readers on a tour of contemporary exploitation. It is a journey encompassing a Dutch-owned model farm in Ethiopia; a conference in Riyadh, where representatives of Third World governments compete to attract Saudi investors; meetings in Rome where the fate of nations is decided; and the headquarters of the Movement of Landless Workers in São Paulo. Since the food crisis of 2007–8, when the cost of staples such as rice and corn went through the roof, the race to acquire land in the southern hemisphere has become more intense than ever. Land Grabbing is the shocking story of how one half of the world is starved to feed the other.
