Dance Pedagogy for a Diverse World Nyama McCarthy-Brown, 2017-04-26 Issues of race, class, gender and religion permeate the study of contemporary dance, resulting in cultural clashes in classrooms and studios. The first of its kind, this book provides dance educators with tools to refocus teaching methods to celebrate the pluralism of the United States. The contributors discuss how to diversify ballet technique classes and dance history courses in higher education, choreographing dance about socially charged contemporary issues, and incorporating Native American dances into the curriculum, among other topics. The application of relevant pedagogy in the dance classroom enables instructors to teach methods that reflect students' culture and affirm their experiences.

Teaching for Social Justice and Sustainable Development Across the Primary Curriculum Anne Marie Kavanagh, Fionnuala Waldron, Benjamin Mallon, 2021-03-21 This volume supports educators in integrating meaningful education for social justice and sustainability across a wide range of curricular subjects by drawing on educational theory, innovative pedagogical approaches and creative ideas for teaching and learning. Both practical and theoretical in its approach, it addresses subject areas ranging from mathematics to visual arts to language teaching. Chapters provide subject entry points for teachers seeking to embed social justice and sustainability principles and pedagogies into their work. Transferable across various areas of learning, a range of pedagogical approaches are exemplified, ranging from inquiry approaches to ethical dilemmas to critical relational pedagogies. Ready-to-use teaching exemplars, activities and resources address issues which are of interest and relevance to children's lives, including gender stereotyping, racism, heterosexism, climate change and species extinction. Practical guidance is provided on how to engage children in dialogue and reflection on these complex issues in a safe and ethical way. This accessible and unique volume is essential reading for student teachers, teachers, educational leaders, teacher educators and anyone interested in inspiring children to work towards creating a more socially just and sustainable world.

The Parker Inheritance (Scholastic Gold) Varian Johnson, 2018-03-27 A Coretta Scott King Author Honor and Boston

Globe / Horn Book Honor winner! Powerful.... Johnson writes about the long shadows of the past with such ambition that any reader with a taste for mystery will appreciate the puzzle Candice and Brandon must solve. -- The New York Times Book Review When Candice finds a letter in an old attic in Lambert, South Carolina, she isn't sure she should read it. It's addressed to her grandmother, who left the town in shame. But the letter describes a young woman. An injustice that happened decades ago. A mystery enfolding its writer. And the fortune that awaits the person who solves the puzzle. So with the help of Brandon, the quiet boy across the street, she begins to decipher the clues. The challenge will lead them deep into Lambert's history, full of ugly deeds, forgotten heroes, and one great love; and deeper into their own families, with their own unspoken secrets. Can they find the fortune and fulfill the letter's promise before the answers slip into the past yet again?

For White Folks Who Teach in the Hood... and the Rest of Y'all Too Christopher Emdin, 2017-01-03 A New York Times Best Seller Essential reading for all adults who work with black and brown young people... Filled with exceptional intellectual sophistication and necessary wisdom for the future of education.—Imani Perry, National Book Award Winner author of *South To America* An award-winning educator offers a much-needed antidote to traditional top-down pedagogy and promises to radically reframe the landscape of urban education for the better Drawing on his own experience of feeling undervalued and invisible in classrooms as a young man of color, Dr. Christopher Emdin has merged his experiences with more than a decade of teaching and researching in urban America. He takes to task the perception of urban youth of color as unteachable, and he challenges educators to embrace and respect each student's culture and to reimagine the classroom as a site where roles are reversed and students become the experts in their own learning. Putting forth his theory of Reality Pedagogy, Emdin provides practical tools to unleash the brilliance and eagerness of youth and educators alike—both of whom have been typecast and stymied by outdated modes of thinking about urban education. With this fresh and engaging new pedagogical vision, Emdin demonstrates the importance of creating a family structure and building communities within the classroom, using culturally relevant strategies like hip-hop music and call-and-response, and connecting the experiences of urban youth to indigenous populations globally. Merging real stories with theory, research, and practice, Emdin demonstrates how by implementing the “Seven Cs” of reality pedagogy in their own classrooms, urban youth of color benefit from truly transformative education.

"Multiplication is for White People" Lisa D. Delpit, 2012 Presents a striking picture of the elements of contemporary public education that conspire against the prospects for poor children of color, creating a persistent gap in achievement during the school years that has eluded several decades of reform.

Mlima's Tale Lynn Nottage, 2021-09-14 "A beautiful, endlessly echoing portrait of a murder and its afterlife. Ms. Nottage shaped this story with such theatrical inventiveness and discipline that it never feels sensational... A finely wrought fusion of elements." —Ben Brantley, New York Times Continuing in her tradition of crafting thought-provoking, socially conscious dramas, Lynn Nottage's play tells the story of Mlima, an elephant struck down by poachers for his magnificent tusks. Beginning in a game park in Kenya, the play tracks the trajectory of Mlima's tusks through the ivory trade market while Mlima's ghost follows close behind—marking all those complicit in his barbaric death.

The Essential Conversation Sara Lawrence-Lightfoot, 2004-09-28 With the insights she has gleaned from her close and subtle observation of parent-teacher conferences, renowned Harvard University professor Sara Lawrence-Lightfoot has written a wise, useful book about the ways in which parents and teachers can make the most of their essential conversation—the dialogue between the most vital people in a child's life. "The essential conversation" is the crucial exchange that occurs between parents and teachers—a dialogue that takes place more than one hundred million times a year across our country and is both mirror of and metaphor for the larger cultural forces that define family-school relationships and shape the development of our children. Participating in this twice-yearly ritual, so friendly and benign in its apparent goals, parents and teachers are often wracked with anxiety. In a meeting marked by decorum and politeness, they frequently exhibit wariness and assume defensive postures. Even though the conversation appears to be focused on the student, adults may find themselves playing out their own childhood histories, insecurities, and fears. Through vivid portraits and parables, Sara Lawrence-Lightfoot captures the dynamics of this complex, intense relationship from the perspective of both parents and teachers. She also identifies new principles and practices for improving family-school relationships. In a voice that combines the passion of a mother, the skepticism of a social scientist, and the keen understanding of one of our nation's most admired educators, Lawrence-Lightfoot offers penetrating analysis and an urgent call to arms for all those who want to act in the best interests of their children. For parents and teachers who seek productive dialogues and collaborative alliances in support of the learning and growth of their children, this book will offer valuable insights, incisive lessons, and deft guidance

on how to communicate more effectively. In *The Essential Conversation*, Sara Lawrence-Lightfoot brings scholarship, warmth, and wisdom to an immensely important cultural subject—the way we raise our children.
