Animal Wife Lara Ehrlich, 2020-09-08 In this award-winning debut collection, fifteen magical realism stories portray girls and women searching for an escape from their everyday lives. "In villages where women bore most of the weight of a constricted life, witches flew by night on broomsticks," said Italo Calvino of the way imagination bridges the gap between everyday existence and an idealized alternative . . . The fifteen stories of *Animal Wife* are unified by girls and women who cross this threshold seeking liberation from family responsibilities, from societal expectations, from their own minds. A girl born with feathers undertakes a quest for the mother who abandoned her. An indecisive woman drinks Foresight, only to become stymied by the futures branching before her. A proofreader cultivates a cage-fighting alter ego. A woman becomes psychologically trapped in her car. A girl acts on her desire for a childhood friend as a monster draws closer to the shore. A widow invites a bear to hibernate in her den . . . *Animal Wife* was selected as the winner of the Red Hen Fiction Award by New York Times- bestselling author Ann Hood, who says, "From the first sentence *Animal Wife* grabbed me and never let go. Sensual and intelligent, with gorgeous prose, it made me dizzy with its exploration and illumination of the inner and outer lives of girls and women." Praise for *Animal Wife* "Whimsy and fantasy meet the way things really turn out in stories from a strong new voice." —Kirkus Reviews "Strange, funny, fearsome, *Animal Wife* is a gorgeous book, weird in its very bones." —Elizabeth McCracken, author of *Bowlaway: A Novel* "Lara Ehrlich has written a collection of stories that allow for escapism." —F(r)iction "I was particularly intrigued by the way Lara beautifully portrays the inner struggle between wildness and domesticity, the surreal elements of each story lending a mythical complexity to these conflicts. Really lovely and thought-provoking. Perfect for fans of Aimee Bender, Karen Russell, and Angela Carter." —Joy Baglio, founder of Pioneer Valley Writer's Workshop

Shit Cassandra Saw Gwen E. Kirby, 2022-01-11 "Kirby has mastered the art of short fiction...A stunning collection from a writer whose talent and creativity seem boundless." —NPR "Kirby takes joy in subverting the reader's expectations at every turn. Her characters might be naïve, even reckless, but they aren't about to be victims: They're strong, and brave, and nearly always capable of rescuing themselves." —New York Times Book Review Margaret Atwood meets Buffy in these funny, warm, and furious stories of women at their breaking points, from Hellenic times to today. Cassandra may have seen the future, but it doesn't mean she's resigned to telling the Trojans everything she knows. In this ebullient collection, virgins escape from

being sacrificed, witches refuse to be burned, whores aren't ashamed, and every woman gets a chance to be a radioactive cockroach warrior who snaps back at catcallers. Gwen E. Kirby experiments with found structures--a Yelp review, a WikiHow article--which her fierce, irreverent narrators push against, showing how creativity within an enclosed space undermines and deconstructs the constraints themselves. When these women tell the stories of their triumphs as well as their pain, they emerge as funny, angry, loud, horny, lonely, strong protagonists who refuse to be secondary characters a moment longer. From *The Best and Only Whore of Cym Hyfryd*, 1886 to the *Midwestern Girl Is Tired of Appearing in Your Short Stories*, Kirby is playing and laughing with the women who have come before her and they are telling her, we have always been this way. You just had to know where to look.

168 Hours Laura Vanderkam, 2011-05-31 It's an unquestioned truth of modern life: we are starved for time. We tell ourselves we'd like to read more, get to the gym regularly, try new hobbies, and accomplish all kinds of goals. But then we give up because there just aren't enough hours to do it all. Or if we don't make excuses, we make sacrifices- taking time out from other things in order to fit it all in. There has to be a better way...and Laura Vanderkam has found one. After interviewing dozens of successful, happy people, she realized that they allocate their time differently than most of us. Instead of letting the daily grind crowd out the important stuff, they start by making sure there's time for the important stuff. When plans go wrong and they run out of time, only their lesser priorities suffer. Vanderkam shows that with a little examination and prioritizing, you'll find it is possible to sleep eight hours a night, exercise five days a week, take piano lessons, and write a novel without giving up quality time for work, family, and other things that really matter.

Deep North Barry Knister, 2017-02 Brenda Contay has pretty much anything she can ask for, including a recent Pulitzer Prize. The only thing missing is a meaningful relationship...but that seems about to change when her and a friend take a fishing trip to Northern Minnesota. But the trip soon takes a dangerous turn and challenges Brenda to make the toughest decision of her life.

Infant and Early Childhood Mental Health Kristie Brandt, Bruce D. Perry, Stephen Seligman, Ed Tronick, 2014-10-03 Infant and Early Childhood Mental Health: Core Concepts and Clinical Practice is a groundbreaking book that provides an overview of the field from both theoretical and clinical viewpoints. The editors and chapter authors -- some of the field's foremost researchers and teachers -- describe from their diverse perspectives key concepts fundamental to infant-parent and early childhood mental health work. The complexity of this emerging field demands an interdisciplinary approach, and the book provides a clear, comprehensive, and coherent text with an abundance of clinical applications to increase understanding and help the reader to integrate the concepts into clinical practice. Offering both cutting-edge coverage and a format that facilitates learning, the book boasts the following features and content: A focus on helping working professionals expand their specialization skills and knowledge and on offering core competency training for those entering the field, which reflects the Infant-Parent Mental Health Postgraduate Certificate Program (IPMHPCP) and Fellowship in Napa, CA that was the genesis of the book. Chapters written by a diverse group of authors with vastly different training, expertise, and clinical experience, underscoring the book's interdisciplinary approach. In addition, terms such as clinician, therapist, provider, professional, and teacher are intentionally used interchangeably to describe and unify the field. Explication and analysis of a variety of therapeutic models, including Perry's Neurosequential Model of Therapeutics; Brazelton's neurodevelopmental and relational Touchpoints; attachment theory; the Neurorelational Framework; Mindsight; and Downing's Video Intervention Therapy. An entire chapter devoted to diagnostic schemas for children ages 0--5, which highlights the Diagnostic Classification of Mental Health Disorders of Infancy and Early Childhood: Revised (DC:0-3R). With the release of DSM-5, this chapter provides a prototypical crosswalk between DC:0-3R and ICD codes. A discussion of the difference between evidence-based treatments and evidence-based practices in the field, along with valuable information on randomized controlled trials, a research standard that, while often not feasible or ethically permissible in infant mental health work, remains a standard applied to the field. Key points and references at the end of each chapter, and generous use of figures, tables, and other resources to enhance learning. The volume editors and authors are passionate about the pressing need for further research and the acquisition and application of new knowledge to support the health and well-being of individuals, families, and communities. Infant and Early Childhood Mental Health: Core Concepts and Clinical Practice should find a receptive audience for this critically important message.

The Sadness of Spirits Aimee Pogson, 2020-09-22 What power does misery play in daily life? In this sorrowful yet intriguing collection of stories, Aimee Pogson explores journeys of suffering through magical realism. A preschool teacher contends with the stream of salmon that keep appearing on her windowsill, in her closet, tucked in her shoes. An invisible boy swallows nails, buttons, and tree bark in a misguided attempt to grow stronger. Spirits cling to a Ouija board, restlessly hoping that someone will remove it from the closet and ask them a question. A young girl who has an existential crisis burns her Barbie dolls at the stake. And a short, dancing man manipulates the melody of molecules in an attempt to bring his loved ones back to life. While sadness weighs heavy in *The Sadness of Spirits*, Pogson's writing provokes strong emotions, leaving the reader with hope and admiration as the characters are awakened to the nuance and possibility melancholy can bring.

The View from Federal Twist James Golden, 2022-03 Federal Twist is set on a ridge above the Delaware River in western New Jersey. It is a naturalistic garden that has loose boundaries and integrates closely with the natural world that surrounds it. It has no utilitarian or leisure uses (no play areas, swimming pools, or outdoor dining) and the site is not an obvious choice for a garden (heavy clay soil, poorly drained: quick death for any plants not ecologically suited to it). The physical garden, its plants and its features, is of course an appealing and pleasant place to be but Federal Twist's real charm and significance lie in its intangible aspects: its changing qualities and views, the moods and emotions it evokes, and its distinctive character and sense of place. This book charts the author's journey in making such a garden. How he made a conscious decision not to improve the land, planted large, competitive plants into rough grass, experimented with seeding to develop sustainable plant communities. And how he worked with light to provoke certain moods and allowed the energy of the place, chance, and randomness to have its say. Part experimental horticulturist and part philosopher, James Golden has written an important book for naturalistic and ecological gardeners and anyone interested in exploring the relationship between gardens, nature, and ourselves.

Ghosts of Galveston Kathleen Shanahan Maca, 2016-09-12 Discover the haunting history of this town on the Texas coast—includes photos. One of the oldest cities in Texas, Galveston has witnessed more than its share of tragedies. Devastating hurricanes, yellow fever epidemics, fires, a major Civil War battle, and more cast a dark shroud on the city's legacy. Ghostly tales creep throughout the history of famous tourist attractions and historical homes. The altruistic spirit of a schoolteacher who heroically pulled victims from the floodwaters during the great hurricane of 1900 roams the Strand. The ghosts of Civil War soldiers march up and down the stairs at night and pace in front of the antebellum Rogers Building. The spirit of an unlucky man decapitated by an oncoming train haunts the railroad museum, moving objects and crying in the night. In this fascinating book, Kathleen Shanahan Maca explores these and other haunted tales from the Oleander City.

The New British Galleries Wolf Burchard, Max Bryant, Elizabeth St. George, 2020 Celebrating the reopening of the British Galleries, this Bulletin documents years of renovation and rethinking that formed these majestic spaces, which represent more than four hundred years of British decorative arts from the sixteenth through the nineteenth century. Featuring artwork in an extraordinary range of styles and materials, this publication and the redesigned galleries it documents highlight a panoply of Britain's artistic and economic aspirations. The texts place these works—from masterpieces commissioned by rulers Elizabeth I and George III to luxury goods imported from abroad, including small boxes, scent bottles, and miniature vanity cases—in a uniquely British context while also acknowledging and addressing their global significance. Stunning photography captures highlights from the more than seven hundred works of art in the collection as well as installation views, both past and present.

News on the Internet David Tewksbury, Jason Rittenberg, 2012-02-24 Online news sites play an ever-pervasive role in the daily gathering and flow of political information. Media has always played an intermediary role in the way that citizens receive and process news, but, with the speed of information transmission, the segmentation of news sources, and the rise of citizen journalism, issues of authority, audience, and even the definition of news have shifted and become blurred. News on the Internet synthesizes research on developing and current patterns of online news provision with the literature on traditional, offline media to create a conceptual map for understanding the way that public affairs and news are presented and consumed on the internet. Tewksbury and Rittenberg look at the dual role of the internet as a source of authoritative news and as a vehicle for citizens in contemporary democracies to create and share political information. Throughout, they address the tension between the benefits of internet news provision, specifically increased citizen engagement, and the negative, perhaps counterintuitive, effects: the fragmentation of knowledge and polarization of opinion in contemporary democracies. News on the Internet focuses on these points of conflict and contradiction in the online news environment and offers conclusions and predictions for how these phenomena will develop in the future.
