Heavenly Creatures Sally Gall,2019-08-27 Internationally renowned artist, Sally Gall's attention and focus is devoted skyward in her highly-anticipated artist book, *Heavenly Creatures*, as she appreciates the ephemeral beauty of delicate earthbound objects lofted up into the air and wind. Gall creates dancing images from below of an everyday sight of laundry on the line as it morphs from human to abstract; bright and billowing clothing, choreographed by the wind, and floating in a brilliant sky. Beyond our reach and higher up, Gall creates images out of the skyward movement of kites, cloth and paper flying machines, fragile objects connected to earth by only the slightest of strings, animated by the wind, and striving ever upwards. *Heavenly Creatures* continues Sally Gall's lifetime investigation of the sensual properties of the natural world: light, air, wind, and sky. Abstracted by composition, context, and color, these anthropomorphic photographs reference sea creatures, constellations, blooming flowers, microscopic amoebas, as well as abstract paintings by Joan Miro, Wassily Kandinsky, Georgia O'Keefe. *Heavenly Creatures* embodies Sally Gall's search for poetry in the everyday, the miraculous in the ordinary.

The Last Pilgrim Noelle Granger,2020-03-30 This book captures and celebrates the grit and struggle of the Pilgrim women, specifically Mary Allerton Cushman, who stepped off the Mayflower in the winter of 1620 to an unknown world - one filled with hardship, danger and death. The Plymouth Colony would not have survived without them. Mary's life is set against the real background of that time. What was a woman's life like in the Plymouth Colony? *The Last Pilgrim* will show you.

Landmarks of Orleans County, New York Isaac S Signor,2019-09-28 This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

Rebel Puritan Jo Ann Butler,2011-02-01 Thirteen-year old Herodias Long impulsively marries a handsome stranger to escape a life of servitude. The couple flees from Puritan repression in 17th-century Massachusetts, but even in liberal Rhode Island, Herodias lives in a world where her children and inheritance belong to her husband. When she learns that it is easier to marry a jealous man than to be freed from him, Herodias realizes that her troubles have just begun.

The Death of Innocents Helen Prejean, 2006 Sr Helen Prejean has accompanied five men to execution since she began her work in 1982. She believes the last two, Dobie Williams in Louisiana and Joseph O'Dell in Virginia, were innocent, but their juries were blocked from seeing all the evidence and their defence teams were incompetent. 'The readers of this book will be the first jury with access to all the evidence the trial juries never saw', she says. *The Death of Innocents* shows how race, prosecutorial ambition, poverty and publicity determine who dies and who lives. Prejean raises profound constitutional questions about the legality of the death penalty.

The Jane Addams Children's Book Award Susan C. Griffith, 2013-09-05 This volume looks at the life of activist Jane Addams and examines the books that have received an award bestowed in her name. An advocate for reforms in child labor, sanitation, and other issues, Addams and her accomplishments serve as a focal point of this study, which looks at how social justice has been represented in children's literature over the last seven decades.

Cuba: Music and Revolution Stuart Baker, Gilles Peterson, 2020-10-27 Spanning Cuban music from rumba to salsa, and graphic styles from socialist realist to geometric abstraction, this volume of Cuban record cover art traces a musical form in constant revolution. The first ever book about Cuban record sleeve design, compiled by Gilles Peterson and Stuart Baker, *Cuba: Music and Revolution* features hundreds of rarely seen vinyl records from the start of the Cuban Revolution at the beginning of the 1960s up until 1985, when Cuba's Special Period, brought about by the dissolution of the Soviet Union and the withdrawal of Russia's financial support for the Cuban government, led to the demise of vinyl-record manufacturing in Cuba. The artwork here reflects both the cultural and musical depth of Cuba as well as the political influence of revolutionary communism. Over the past century, Cuban music has produced a seemingly endless variety of styles--rumba, mambo, son, salsa--at a dizzyingly fast rate. Since the 1940s a steady stream of Cuban musicians has also made the migration to the US, sparking changes in North American musical forms: bandleader Machito set New York's jazz and Latin scene on fire, and master drummer Chano Pozo's entry into Dizzy Gillespie's group led to the birth of Latin jazz, to name just two. After the Cuban Revolution in 1959, the new government closed American-owned nightclubs and consolidated the island's recording industry under a state-run monopoly. Out of this new socialist agenda came new musical styles, including the Nueva Trova movement of left-wing songwriters. The 1980s saw more experimentation in modernist jazz, salsa and Afro-Cuban folkloric music. Generously illustrated with hundreds of color images, *Cuba: Music and Revolution* presents the history of Cuban record cover art, including many examples previously unseen outside the island itself.

[The Solotype Catalog of 4,147 Display Typefaces](#) Dan X. Solo, 2014-05-05 The author of many books on typography, Dan X. Solo was also the proprietor of his own typography shop in Oakland, California — an establishment dedicated to unusual typography and special effects. This comprehensive catalog offers graphic designers a dazzling selection of over 4,000 typefaces and optical effects available from Solotype Typographers. Here, in Solo's words, is a great cast of characters — the

alphabet — abetted by a cornucopia of typographical ideas and an endless resource of letters, words, phrases, slogans, logos, humorous comments, headlines, and graphic symbols. Individual sections of the book display a rich variety of typefaces in categories such as Condensed, Victorian, Art Nouveau, Art Deco, Rustic, Thick-and-tin, Calligraphic, Uncials, Latins, and Blackletter. Samples are imaginatively presented. Stagecoach, for example, is printed in Fargo typeface, evoking dusty trails, rawhide, and ten-gallon hats, while Sizzling summer savings appears appropriately in the flamboyant Firebug typeface. All typefaces are indexed for quick and easy reference. As entertaining as it is practical and useful, this impressive treasury of versatile typefaces and optical effects will be indispensable to busy commercial artists as an inexhaustible source of typographic ideas and a swipe file of words, phrases, and letters for use in graphic art projects.

Derby Girl Shauna Cross,2007-09-04 Bliss Cavendar takes up Roller Derby and soon embarks on an epic journey full of a few not-so-awesome realities. Now adapted as the feature film Whip It! starring Ellen Page (Juno) and Drew Barrymore, who also directs.

Directory, Aviation Medical Examiners ,1973

Strategic Theory for the 21st Century: The Little Book on Big Strategy Harry R. Yarger,2006

Awesome Alphabets Mike Artell,2004-05 Can you draw letters that look like bones, pencils, or tools? What about broken, slimy, or fuzzy letters? Kids will love copying these wacky alphabets, and will be inspired to create their own fonts. The book includes examples of 17 different alphabets, followed by sections on cartoon words (such as drawing words in the shape of the things they describe), special effects (such as loops), and ideas for what to do with these newly learned skills. Use this resource to encourage students to be imaginative and to make lettering that can enhance school projects of all kinds. Grades 2-8. Illustrated.

Boss of Murder, Inc. Michael Newton,2020-03-23 Umberto Anastasio, better known as Albert Anastasia, was an Italian-American mobster and hitman who became one of the deadliest criminals in American history and one of the founders of the modern American Mafia in New York City. For all-out savagery and ruthlessness, few other leaders of the Mafia worldwide have rivaled Anastasia, known to peers as The Mad Hatter and to journalists as The Lord High Executioner. After escaping a death sentence in 1921 and multiple other arrests for murder, he later served as director of the national crime syndicate's contract murder department (Murder, Inc.) from 1931 until informers brought it down ten years later. By 1951 he led one of New York City's Five Families, a post he held until his public barbershop assassination in October 1957. This first-ever book-length biography of Anastasia traces the mobster's life and the ripple effects his career had on the American crime world. The story also tracks his brothers and their families, while debunking certain widespread myths about their parentage, various deportations, trials, convictions, and eventual retirement from the mob, dead or alive.

How China Loses Luke Patey,2021 Tells the story of China's struggles to overcome new risks and endure the global

backlash against its assertive reach. Combining on-the-ground reportage with analysis, Luke Patey argues that China's predatory economic agenda, headstrong diplomacy, and military expansion undermine its global ambitions to dominate the global economy and world affairs

Fire Controlman Third Class, 1988

The New Rules of War Sean McFate, 2019-01-22 Stunning. Sean McFate is a new Sun Tzu. -Admiral James Stavridis (retired), former Supreme Allied Commander at NATO An Economist Book of the Year 2019 Some of the principles of warfare are ancient, others are new, but all described in *The New Rules of War* will permanently shape war now and in the future. By following them Sean McFate argues, we can prevail. But if we do not, terrorists, rogue states, and others who do not fight conventionally will succeed—and rule the world. *The New Rules of War* is an urgent, fascinating exploration of war—past, present and future—and what we must do if we want to win today from an 82nd Airborne veteran, former private military contractor, and professor of war studies at the National Defense University. War is timeless. Some things change—weapons, tactics, technology, leadership, objectives—but our desire to go into battle does not. We are living in the age of Durable Disorder—a period of unrest created by numerous factors: China's rise, Russia's resurgence, America's retreat, global terrorism, international criminal empires, climate change, dwindling natural resources, and bloody civil wars. Sean McFate has been on the front lines of deep state conflicts and has studied and taught the history and practice of war. He's seen firsthand the horrors of battle and understands the depth and complexity of the current global military situation. This devastating turmoil has given rise to difficult questions. What is the future of war? How can we survive? If Americans are drawn into major armed conflict, can we win? McFate calls upon the legends of military study Carl von Clausewitz, Sun Tzu, and others, as well as his own experience, and carefully constructs the new rules for the future of military engagement, the ways we can fight and win in an age of entropy: one where corporations, mercenaries, and rogue states have more power and 'nation states' have less. With examples from the Roman conquest, World War II, Vietnam, Afghanistan and others, he tackles the differences between conventional and future war, the danger in believing that technology will save us, the genuine leverage of psychological and 'shadow' warfare, and much more. McFate's new rules distill the essence of war today, describing what it is in the real world, not what we believe or wish it to be.

America Inc.? Linda Weiss, 2014-03-29 For more than half a century, the United States has led the world in developing major technologies that drive the modern economy and underpin its prosperity. Linda Weiss attributes the U.S. capacity for transformative innovation to the strength of its national security state, a complex of agencies, programs, and hybrid arrangements that has developed around the institution of permanent defense preparedness and the pursuit of technological supremacy. In *America Inc.?* she examines how that complex emerged and how it has evolved in response to changing geopolitical threats and domestic political constraints, from the Cold War period to the post-9/11 era. Weiss focuses on state-

funded venture capital funds, new forms of technology procurement by defense and security-related agencies, and innovation in robotics, nanotechnology, and renewable energy since the 1980s. Weiss argues that the national security state has been the crucible for breakthrough innovations, a catalyst for entrepreneurship and the formation of new firms, and a collaborative network coordinator for private-sector initiatives. Her book appraises persistent myths about the military-commercial relationship at the core of the National Security State. Weiss also discusses the implications for understanding U.S. capitalism, the American state, and the future of American primacy as financialized corporations curtail investment in manufacturing and innovation.
