The Dope: The Real History of the Mexican Drug Trade Benjamin T. Smith,2021-08-10 A myth-busting, 100-year history of the Mexican drug trade that reveals how an industry founded by farmers and village healers became dominated by cartels and kingpins. The Mexican drug trade has inspired prejudiced narratives of a war between north and south, white and brown; between noble cops and vicious kingpins, corrupt politicians and powerful cartels. In this first comprehensive history of the trade, historian Benjamin T. Smith tells the real story of how and why this one-peaceful industry turned violent. He uncovers its origins and explains how this illicit business essentially built modern Mexico, affecting everything from agriculture to medicine to economics—and the country's all-important relationship with the United States. Drawing on unprecedented archival research; leaked DEA, Mexican law enforcement, and cartel documents; and dozens of harrowing interviews, Smith tells a thrilling story brimming with vivid characters—from Ignacia “La Nacha” Jasso, “queen pin” of Ciudad Juárez, to Dr. Leopoldo Salazar Viniegra, the crusading physician who argued that marijuana was harmless and tried to decriminalize morphine, to Harry Anslinger, the Machiavellian founder of the American Federal Bureau of Narcotics, who drummed up racist drug panics to increase his budget. Smith also profiles everyday agricultural workers, whose stories reveal both the economic benefits and the human cost of the trade. The Dope contains many surprising conclusions about drug use and the failure of drug enforcement, all backed by new research and data. Smith explains the complicated dynamics that drive the current drug war violence, probes the U.S.-backed policies that have inflamed the carnage, and explores corruption on both sides of the border. A dark morality tale about the American hunger for intoxication and the necessities of human survival, The Dope is essential for understanding the violence in the drug war and how decades-old myths shape Mexico in the American imagination today.

Hades, Argentina Daniel Loedel,2022-01-11 VCU CABELL FIRST NOVELIST AWARD FINALIST CENTER FOR FICTION FIRST NOVEL PRIZE LONGLIST “A debut novel as impressive as they come. Tough, wily, dreamlike.” —Seattle Times A decade after fleeing for his life, a man is pulled back to Argentina by an undying love. In 1976, Tomás Orilla is a medical student in Buenos Aires, where he has moved in hopes of reuniting with Isabel, a childhood crush. But the reckless passion that has long drawn him is leading Isabel ever deeper into the ranks of the insurgency fighting an increasingly oppressive

regime. Tomás has always been willing to follow her anywhere, to do anything to prove himself. Yet what exactly is he proving, and at what cost to them both? It will be years before a summons back arrives for Tomás, now living as Thomas Shore in New York. It isn't a homecoming that awaits him, however, so much as an odyssey into the past, an encounter with the ghosts that lurk there, and a reckoning with the fatal gap between who he has become and who he once aspired to be. Raising profound questions about the sometimes impossible choices we make in the name of love, *Hades*, Argentina is a gripping, ingeniously narrated literary debut.

Paloma Wants to be Lady Freedom Rachel Campos-Duffy, 2019-09-03 Today we spend so much time talking about diversity and what makes us different that we're forgetting to tell our children stories about what unites us as Americans. We have so many beautiful and important things in common—our history, our love of freedom, and our pursuit of the American Dream. Rachel Campos-Duffy is a mother of nine and contributor on the Fox News network where she gives her honest take on politics, culture, and parenting. Inspired by her immigrant mother's patriotism and the excitement of her own daughter's first visit to Washington, D.C., Rachel shares a story near and dear to her heart. It's a tale that takes the reader on a little girl's adventure inside the U.S. Capitol. While lost inside the magnificent building, Paloma becomes enchanted with the statue of Lady Freedom, learns about her immigrant father's dreams, and discovers her own courage and love for America. Paloma's journey leaves her heart filled with love for family, freedom, and America—our home. It's my prayer that her story will do the same for your child or grandchild. —Rachel Campos-Duffy

In clear, relaxed prose, Leon VanderPol takes you through the process of facilitating soul-deep transformation, masterfully weaving together coaching, healing, psychology, and spirituality with an in-depth knowledge of what it takes to open people to their highest truths. -The first part explores the stages, patterns, and dynamics of human transformation--essential knowledge for all those who do transformative work. -The second part introduces the Deep Coaching approach and nine transformative practices that will forever change the potentials of your work. In fact, *A Shift in Being* will change your life - and through you, the lives of others.

The Sense of Brown José Esteban Muñoz, 2020-08-24 *The Sense of Brown* is José Esteban Muñoz's treatise on

brownness and being as well as his most direct address to queer Latinx studies. In this book, which he was completing at the time of his death, Muñoz examines the work of playwrights Ricardo Bracho and Nilo Cruz, artists Nao Bustamante, Isaac Julien, and Tania Bruguera, and singer José Feliciano, among others, arguing for a sense of brownness that is not fixed within the racial and national contours of Latinidad. This sense of brown is not about the individualized brown subject; rather, it demonstrates that for brown peoples, being exists within what Muñoz calls the brown commons—a lifeworld, queer ecology, and form of collectivity. In analyzing minoritarian affect, ethnicity as a structure of feeling, and brown feelings as they emerge in, through, and beside art and performance, Muñoz illustrates how the sense of brown serves as the basis for other ways of knowing and being in the world.

Golden Kamuy, Vol. 17 Satoru Noda, 2020-08-18 A tale of high adventure and survival! In the early twentieth century, Russo-Japanese War veteran Saichi Sugimoto searches the wilderness of Hokkaido for a hoard of hidden gold. While Sugimoto races north by dogsled, Asirpa crosses the border with Kiroranke into Russian territory. Kiroranke was once involved in the assassination of the Russian Czar Alexander II, and the Russians, tipped off by Tsurumi that Kiroranke was heading into their territory on Karafuto, have set an ambush at the border. Dating and Other Things Catholic John Antonio, 2016-08-22 Being Catholic is awesome. Sunday Mass and brunch is the best part of the week. However, does being Catholic help people make the small decisions in single life? What if the Vatican answered some really practical questions like, Should I ask her to coffee or dinner? Is it time to move on from this job? After 15 years of living a Catholic lifestyle as a seminarian and religious, John Antonio became a single young professional and found he had a lot of unanswered questions. Now, in his book, *Dating and Other Things Catholic*, he lifts the lid on a new Catholic way of life and shows that the Church does have something to offer singletons for the modern life challenges they face. With 6 inspiring chapters to read through, *Dating and Other Things Catholic* includes advice on the following: * How to leave it behind and move on * How to commit without freaking out * How to get in shape while you're still single * And finally, subtle hints on, What am I doing on this planet? If you're looking for an unconventional book on Catholic thought with practical advice, keep searching, but read this one first.

Nervous System Lina Meruane, 2021-05-18 An electrifying novel about illness, displacement, and what holds us together, by the author of *Seeing Red*. Ella is an astrophysicist struggling with her doctoral thesis in the “country of the present” but she is from the “country of the past,” a place burdened in her memory by both personal and political tragedies. Her partner, El, is a forensic scientist who analyzes the bones of victims of state violence and is recovering from an explosion at a work

site that almost killed him. Consumed by writer's block, Ella finds herself wishing that she would become ill, which would provide time for writing and perhaps an excuse for her lack of progress. Then she begins to experience mysterious symptoms that doctors find undiagnosable. As Ella's anxiety grows, the past begins to exert a strong gravitational pull, and other members of her family come into focus: the widowed Father, the Stepmother, the Twins, and the Firstborn. Each of them has their own experience of illness and violence, and eventually the systems that both hold them together and atomize them are exposed. Lina Meruane's *Nervous System* is an extraordinary clinical biography of a family, full of affection and resentment, dark humor and buried secrets, in which illness describes the traumas that can be visited not just upon the body, but on families and on the history of the countries—present and past—that we live in.

The Sweetest Fruits Monique T. D. Truong, 2019 In *The Sweetest Fruits*, three women tell the story of their time with Lafcadio Hearn, a globetrotting writer best known for his books about Meiji-era Japan. Their accounts witness Hearn's remarkable life but also seek to witness their own existence and luminous will to live unbounded by gender, race, and the mores of their time.

#romanceclass: Learning to Write (and Finish) a Contemporary Romance Novella Mina Esguerra, 2013-06-19 Contemporary romance novellas are fun, light, quick reads. Usually less than 50,000 words, about the many ways that men and women meet, fall in love, and live happily ever after. Maybe predictable, if you've read enough of them, but for a writer that just means this is a great format to start a career with. This book will help you: 1. Learn a simple plot structure for a romance novella 2. Set a reasonable and practical writing schedule 3. Finish the manuscript and prepare it for publication Lessons in this book were used in a free mentorship program that has helped writers (and people who never thought they'd be writers!) finish their very first fiction manuscript. (Note: Some of the publishing and writing advice is specific to the Philippines and Asia, where the class was first held.)

Moondogs Alexander Yates, 2012-06-05 A singularly effervescent novel pivoting around the disappearance of an American businessman in the Philippines and the long-suffering son, jilted lover, slick police commissioner, misguided villain, and supernatural saviors who all want a piece of him. Mourning the recent loss of his mother, twentysomething Benicio—aka Benny—travels to Manila to reconnect with his estranged father, Howard. But when he arrives his father is nowhere to be found—leaving an irritated son to conclude that Howard has let him down for the umpteenth time. However, his father has actually been kidnapped by a meth-addled cabdriver, with grand plans to sell him to local terrorists as bait in the country's

never-ending power struggle between insurgents, separatists, and “democratic” muscle. Benicio’s search for Howard reveals more about his father’s womanizing ways and suspicious business deals, reopening the old hurts that he’d hoped to mend. Interspersed with the son’s inquiry and the father’s calamitous life in captivity are the high-octane interconnecting narratives of Reynato Ocampo, the local celebrity-hero policeman charged with rescuing Howard; Ocampo’s ragtag team of wizardry-infused soldiers; and Monique, a novice officer at the American embassy whose family still feels feverishly unmoored in the Philippines. With blistering forward momentum, crackling dialogue, wonderfully bizarre turns, and glimpses into both Filipino and expat culture, the novel marches toward a stunning climax, which ultimately challenges our conventional ideas of family and identity and introduces Yates as a powerful new voice in contemporary literature.

The Lord of the Sabbath Mariana Palova, 2019 Terrifying creatures, unseen to all around him, have tormented Elisse since he was a little boy. These nightmares and the cruel life as a young Westerner in a refugee camp have left him isolated and alone. The only clue to his past is an old, tattered envelope with a picture of his father who mysteriously abandoned him at a monastery as a baby. A family--but of beasts. Now, Elisse's awakening gifts attract dark forces rooted in Louisiana magic, and he must do the unthinkable to protect everyone he loves. Will Elisse accept the burdens of his gifts and conquer darkness? Or will that same darkness consume him and destroy the love he so desperately longs for?

Copy Paste Adrien Ravon, Diana Ibáñez López, Why Factory, 2017 New! A new face! A new style! Worldwide, there is talk of a cult of novelty. This is also true in architecture, where architects compete against each other in terms of innovation and originality. The Why Factory does things differently, and in Copy Paste, it explores the possibilities of copying in architecture. What are the really original ideas in architecture? Isn't it better to ask what someone adds to the existing repertoire and then to evaluate that? In science, it is common to define originality in that respect. This type of attitude seems to be a taboo in architecture. So now the time has come to stop this obsessive pursuit of unique authorship. The Why Factory brings together diverse viewpoints on the dilemma of copying in architecture, along with the ethical and legal obligations. This book contains a versatile guide to copying, and explores the potential by means of a broad set of scenarios with the help of various tools.
