Times Bestseller! Being the middle child has its ups and downs. But for Grace, an only child who was adopted at birth, discovering that she is a middle child is a different ride altogether. After putting her own baby up for adoption, she goes looking for her biological family, including— Maya, her loudmouthed younger bio sister, who has a lot to say about their newfound family ties. Having grown up the snarky brunette in a house full of chipper redheads, she's quick to search for traces of herself among these not-quite-strangers. And when her adopted family's long-buried problems begin to explode to the surface, Maya can't help but wonder where exactly it is that she belongs. And Joaquin, their stoic older bio brother, who has no interest in bonding over their shared biological mother. After seventeen years in the foster care system, he's learned that there are no heroes, and secrets and fears are best kept close to the vest, where they can't hurt anyone but him. **Bang! ((repackage))** Sharon Flake, 2018-10-16 Bang! Guns really sound like that, you know. Bang! And people bleed from everywhere, and blood is redder than you think. And little kids look funny in caskets. That's 'cause they ain't meant to be in one, I guess. Mann is only thirteen, yet he has already had to deal with more than most go through in a lifetime. His family is still reeling from the tragic shooting death of his little brother, Jason, each person coping with grief in his or her own way. Mann's mother has stopped eating and is obsessed with preserving Jason's memory, while his father is certain that presenting a hard edge is the only way to keep his remaining son from becoming a statistic. Mann used to paint and ride horseback, but now he's doing everything he can to escape his emotions: getting involved in fights at school, joyriding at midnight, and much worse. His father, at his wit's end, does the only thing he thinks will teach his son how to be a man: he abandons him and his friend Kee-Lee in the woods, leaving them to navigate their way home, alone. Now Mann, struggling to find his way back to civilization, must also reconcile himself to the realities of a world that has stolen his little brother, and that isn't even sure it still wants Mann in it. One wrong turn and it could all be over for him, too. Bang.

Bewitching Alex Flinn,2013-04-16 Bewitching can be a beast. . . . Once, I put a curse on a beastly and arrogant high school boy. That one turned out alright. Others didn't. I go to a new school now—one where no one knows that I should have graduated long ago. I'm not still here because I'm stupid; I just don't age. You see, I'm immortal. And I pretty much know every-thing after hundreds of years—except for when to take my powers and butt out. I want to help, but things just go awry in ways I could never predict. Like when I tried to free some children from a gingerbread house and ended up being hanged. After I came back from the dead (immortal, remember?), I tried to play matchmaker for a French prince and ended up banished from France forever. And that little mermaid I found in the Titanic lifeboat? I don't even want to think about it. Now a girl named Emma needs me. I probably shouldn't get involved, but her gorgeous stepsister is conniving to the core. I think I have just the thing to fix that girl—and it isn't an enchanted pumpkin. Although you never know what will happen when I start . . . Bewitching

**The Book of Two Ways** Jodi Picoult,2020-09-22 #1 NEW YORK TIMES BESTSELLER • From the author of Small Great Things and A Spark of Light comes a “powerful” (The Washington Post) novel about the choices that alter the course of our lives. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE Everything changes in a single moment for Dawn Edelstein. She’s on a plane when the flight attendant makes an announcement: Prepare for a crash landing. She braces herself as thoughts flash through her mind. The shocking thing is, the thoughts are not of her husband but of a man she last saw fifteen years ago: Wyatt Armstrong. Dawn, miraculously, survives the crash, but so do all the doubts that have suddenly been raised. She has led a good life. Back in Boston, there is her husband, Brian, their beloved daughter, and her work as a death doula, in which she helps ease the transition between life and death for her clients. But somewhere in Egypt is Wyatt Armstrong, who works as an archaeologist unearthing ancient burial sites, a career Dawn once studied for but was forced to abandon when life suddenly intervened. And now, when it seems that fate is offering her second chances, she is not as sure of the choice she once made. After the crash landing, the airline ensures that the survivors are seen by a doctor, then offers transportation to wherever they want to go. The obvious destination is to fly home, but she could take another path: return to the archaeological site she left years before, reconnect with Wyatt and their unresolved history, and maybe even complete her research on The Book of Two Ways—the first known map of the afterlife. As the story unfolds, Dawn’s two possible futures unspool side by side, as do the secrets and doubts long buried with them. Dawn must confront the questions she’s never truly asked: What does a life well lived look like? When we leave this earth, what do we leave behind? Do we make choices . . . or do our choices make us? And who would you be if you hadn’t turned out to be the person you are right now?
