Confessions of the World's Best Father Dave Engledow, 2014 As seen on CBS Sunday Morning · A hilarious pictorial parody of a clueless father and his adorable daughter In an attempt to create an image that his new daughter would one day appreciate, Dave Engledow took a photo in which he's cradling eight-week-old Alice Bee like a football and doctored it to look like he's squirting breast milk into a World's Best Father mug. Friends and family clamored for more. After Dave's humorous attempts to capture the sleep-deprived obliviousness of being a first-time dad went viral, he and Alice Bee found themselves bona fide Internet and television celebrities. Merging a Norman Rockwell aesthetic with a darkly comic sensibility, Dave pairs each side-splittingly funny image with a log entry describing the awkward situation that the World's Best Father has found himself in. Hilarious and heartwarming, *Confessions of the World's Best Father* is a celebration of the early years of parenthood.

The Mirror & the Light Hilary Mantel, 2020-03-10 The brilliant #1 New York Times bestseller Named a best book of 2020 by The New York Times, The Washington Post, TIME, The Guardian, and many more With *The Mirror & the Light*, Hilary Mantel brings to a triumphant close the trilogy she began with her peerless, Booker Prize-winning novels, *Wolf Hall* and *Bring Up the Bodies*. She traces the final years of Thomas Cromwell, the boy from nowhere who climbs to the heights of power, offering a defining portrait of predator and prey, of a ferocious contest between present and past, between royal will and a common man's vision: of a modern nation making itself through conflict, passion and courage. The story begins in May 1536: Anne Boleyn is dead, decapitated in the space of a heartbeat by a hired French executioner. As her remains are bundled into oblivion, Cromwell breakfasts with the victors. The blacksmith's son from Putney emerges from the spring's bloodbath to continue his climb to power and wealth, while his formidable master, Henry VIII, settles to short-lived happiness with his third queen, Jane Seymour. Cromwell, a man with only his wits to rely on, has no great family to back him, no private army. Despite rebellion at home, traitors plotting abroad and the threat of invasion testing Henry's regime to the breaking point, Cromwell's robust imagination sees a new country in the mirror of the future. All of England lies at his feet, ripe for innovation and religious reform. But as fortune's wheel turns, Cromwell's enemies are gathering in the shadows. The inevitable question remains: how long can anyone survive under Henry's cruel and capricious gaze? Eagerly awaited and eight years in the making, *The Mirror & the Light* completes Cromwell's journey from self-made man to one of the most

feared, influential figures of his time. Portrayed by Mantel with pathos and terrific energy, Cromwell is as complex as he is unforgettable: a politician and a fixer, a husband and a father, a man who both defied and defined his age.

Masterminds and Wingmen Rosalind Wiseman, 2014-07-29 A landmark book that reveals the way boys think and that shows parents, educators and coaches how to reach out and help boys overcome their most common and difficult challenges - by the bestselling author who changed our conception of adolescent girls. Do you constantly struggle to pull information from your son, student, or athlete, only to encounter mumbling or evasive assurances such as "It's nothing" or "I'm good?" Do you sense that the boy you care about is being bullied, but that he'll do anything to avoid your "help?" Have you repeatedly reminded him that schoolwork and chores come before video games only to spy him reaching for the controller as soon as you leave the room? Have you watched with frustration as your boy flounders with girls? Welcome to Boy World. It's a place where asking for help or showing emotional pain often feels impossible. Where sports and video games can mean everything, but working hard in school frequently earns ridicule from "the guys" even as they ask to copy assignments. Where "masterminds" dominate and friends ruthlessly insult each other but can never object when someone steps over the line. Where hiding problems from adults is the ironclad rule because their involvement only makes situations worse. Boy world is governed by social hierarchies and a powerful set of unwritten rules that have huge implications for your boy's relationships, his interactions with you, and the man he'll become. If you want what's best for him, you need to know what these rules are and how to work with them effectively. What you'll find in Masterminds and Wingmen is critically important for every parent - or anyone who cares about boys - to know. Collaborating with a large team of middle- and high-school-age editors, Rosalind Wiseman has created an unprecedented guide to the life your boy is actually experiencing - his on-the-ground reality. Not only does Wiseman challenge you to examine your assumptions, she offers innovative coping strategies aimed at helping your boy develop a positive, authentic, and strong sense of self.

Time to Stand Up Thanissara, 2015-08-18 Time to Stand Up retells the story of the historical Buddha, one of the greatest sacred activists of all time, as a practical human being whose teachings of freedom from suffering are more relevant than ever in this time of global peril. Evolving onward from the patriarchal template of spiritual warriors and their quests, former nun Thanissara explores awakening from within a feminine view where the archetypes of lover and nurturer are placed as central and essential for a sustainable world. Vital is an investigation into the pinnacle of Buddhist practice, the realization of the liberated heart. Thanissara questions the narrative of transcendence and invites us into the lived reality of our deepest heart as it guides our journey of healing, reclamation, and redemption. As the book unfolds, the author examines traditional Buddhism--often fraught with gender discrimination--and asks the important question, Can Buddhist schools, overly attached to hierarchal power structures, and often divorced from the radical and free inquiry exemplified by the Buddha, truly offer the ground for maturing awakening without undertaking a fundamental review of their own shadows? Chapter by chapter, the book relates Siddhartha Gautama's awakening to the sea-change occurring on Earth in present time as we as a civilization become aware of the ethical bankruptcy of the nuclear and fossil fuel industry and the psychopathic corporate and military abuse of power currently terrorizing our planet. Thanissara relates the Buddha's story to real-life individuals who are living through these transitional times, such as Iraq war veterans, First Nation People, and the Dalai Lama. Time to Stand Up gives examples of the Buddha's activism, such as challenging a racist caste system and violence against animals, stopping war, transforming a serial killer, and laying down a nonhierarchical structure of community governance, actions that would seem radical even today. Thanissara explores ways forward, deepening our understanding of meditation and mindfulness, probing its use to pacify ourselves as the cogs in the corporate world by helping people be more functional in a dysfunctional systems--and shows how these core Buddhist practices can inspire a wake-up call for action for our sick and suffering planet Earth. About the Sacred Activism series When the joy of compassionate service is combined with the pragmatic drive to transform all existing economic, social, and political institutions, a radical divine force is born: Sacred Activism. The Sacred Activism Series, published by North Atlantic Books, presents leading voices that embody the tenets of Sacred Activism--compassion, service, and sacred consciousness--while addressing the crucial issues of our time and inspiring radical action.

The Bassoon King Rainn Wilson, 2016-11-29 From the three-time Emmy nominated actor, climate activist, and author of *Soul Boom: Why We Need a Spiritual Revolution*—Rainn Wilson’s memoir is about growing up geeky and finally finding his place in comedy, faith, and life. For nine seasons Rainn Wilson played Dwight Schrute, everyone's favorite work nemesis and beet farmer. Viewers of *The Office* fell in love with the character and grew to love the actor who played him even more. Rainn founded a website and media company, SoulPancake, that eventually became a bestselling book of the same name. He also started a hilarious Twitter feed (sample tweet: “I'm not on Facebook” is the new “I don't even own a TV”) that now has more than four million followers. Now, he's ready to tell his own story and explain how he came up with his incredibly unique sense of humor and perspective on life. He explains how he grew up “bone-numbingly nerdy before there was even a modicum of cool attached to the word.” *The Bassoon King* chronicles his journey from nerd to drama geek (“the highest rung on the vast, pimply ladder of high school losers”), his years of mild debauchery and struggles as a young actor in New York, his many adventures and insights about *The Office*, and finally, Wilson's achievement of success and satisfaction, both in his career and spiritually, reconnecting with the artistic and creative values of the Bahá’í faith he grew up in.

Sex Ecologies Stefanie Hessler, 2021-11-23 The first compendium of writing and art to present the case for the role of sex in environmental and social justice. Sex Ecologies explores pleasure, affect, and the powers of the erotic in the human and more-than-human worlds. Arguing for the positive and constructive role of sex in ecology and art practice, these texts and artistic research projects attempt nothing short of reclaiming the sexual from Western erotophobia and heteronormative narratives of nature and reproduction. The artists and writers set out to examine queer ecology through the lens of environmental humanities, investigating the fluid boundaries between bodies (both human and nonhuman), between binary conceptions of nature as separate from culture, and between disciplines. In newly commissioned texts from such writers as Mel Y. Chen and Jack Halberstam and a selection of influential essays—including an annotated version of Audre Lorde’s “The Uses of the Erotic: The Erotic as Power”—as well as images and sketches from works in progress by a diverse group of artists, Sex Ecologies combines insights from the fields of art, environmental humanities, ecofeminism, gender studies, science, technology, political science, and indigenous studies. Sex Ecologies, which accompanies an exhibition of the same name at Kunsthall Trondheim, emerges from an arts-driven research project collaboratively developed between the art center and the Seed Box environmental humanities laboratory. Conceived not as a result but as a seed arising from this transdisciplinary fertilization, the volume presents a case for the role of sex in environmental and social justice. Copublished with Kunsthall Trondheim (Norway) and the Seed Box (Sweden)

The First Collection of Criticism by a Living Female Rock Critic Jessica Hopper, 2015-05-12 Jessica Hopper's music criticism has earned her a reputation as a firebrand, a keen observer and fearless critic not just of music but the culture around it. With this volume spanning from her punk fanzine roots to her landmark piece on R. Kelly's past, The First Collection leaves no doubt why The New York Times has called Hopper's work influential. Not merely a selection of two decades of Hopper's most engaging, thoughtful, and humorous writing, this book documents the last 20 years of American music making and the shifting landscape of music consumption. The book journeys through the truths of Riot Grrrl's empowering insurgence, decamps to Gary, IN, on the eve of Michael Jackson's death, explodes the grunge-era mythologies of Nirvana and Courtney Love, and examines emo's rise. Through this vast range of album reviews, essays, columns, interviews, and oral histories, Hopper chronicles what it is to be truly obsessed with music. The pieces in The First Collection send us digging deep into our record collections, searching to re-hear what we loved and hated, makes us reconsider the art, trash, and politics Hopper illuminates, helping us to make sense of what matters to us most.
