*The Mindful Carnivore* Tovar Cerulli, 2013-03-13 A vegan-turned-hunter reignites the connection between humans and our food sources and continues the dialog begun by Michael Pollan and Barbara Kingsolver. While still in high school, Tovar Cerulli experimented with vegetarianism and by the age of twenty, he was a vegan. Ten years later, in the face of declining health, he would find himself picking up a rifle and heading into the woods. Through his personal quest, Tovar Cerulli bridges disparate worldviews and questions moral certainties, challenging both the behavior of many hunters and the illusion of blamelessness maintained by many vegetarians. In this time of intensifying concern over ecological degradation, how do we make peace with the fact that, even in growing organic vegetables, life is sustained by death? Drawing on personal anecdotes, philosophy, history and religion, Cerulli shows how America's overly sanitized habits of consumption and disconnection with our food have resulted in so many of the health and environmental crises we now face.

**Legacies of Ewan MacColl** Professor Allan F Moore, Dr Giovanni Vacca, 2014-11-28 This book contributes significantly to the debate surrounding the importance of Ewan MacColl to the English folk revival. MacColl gave two extended interviews with co-editor Giovanni Vacca in 1987 and 1988 and these provide the impetus for a re-examination of his methods, his politics and his aesthetic aims. Great emphasis is placed on the importance of seeing MacColl as not only a British, but a European folk activist, through discussion of his hitherto barely known work in Italy, enabling a re-contextualization of his work within a broader European context. Peggy Seeger contributes a Foreword to the collection.

Music Traditions, Change and Creativity in Africa Giorgio Adamo, Alessandro Cosentino, 2019 In February 2014 an international seminar on musical dynamics and creativity in Africa was held at Tor Vergata University of Rome. The topic and the approach were strongly influenced by issues that Gerhard Kubik believed should have been addressed for a long time, such as the attention to cultural and social dynamics, with a specific emphasis on the creativity of individuals. Beside his keynote address, *Music Traditions, Change and Creativity in Africa* includes the contributions presented by scholars from different countries, particularly active in the East African area and in dialogue with Italian researchers who have field experience in the same region. *Music Traditions, Change and Creativity in Africa* is the first monograph of a series of volumes connected and inspired to the journal *Etnografie Sonore / Sound Ethnographies* ([www.soundethnographies.it](http://www.soundethnographies.it)), which Giorgio Adamo and his colleagues recently founded. Along with the papers multimedia contents are also available online.

The Philosophy of Play Emily Ryall, Wendy Russell, Malcolm MacLean, 2013-04-12 Play is a vital component of the social life and well-being of both children and adults. This book examines the concept of play and considers a variety of the related philosophical issues. It also includes meta-analyses from a range of philosophers and theorists, as well as an exploration of some key applied ethical considerations. The main objective of *The Philosophy of Play* is to provide a richer understanding of the concept and nature of play and its relation to human life and values, and to build disciplinary and paradigmatic bridges between scholars of philosophy and scholars of play. Including specific chapters dedicated to children and play, and exploring the work of key thinkers such as Plato, Sartre, Wittgenstein, Gadamer, Deleuze and Nietzsche, this book is invaluable reading for any advanced student, researcher or practitioner with an interest in education, playwork, leisure studies, applied ethics or the philosophy of sport.

The Crawford Papers David Lindsay Earl of Crawford, 1984

The Philosophy of Nature Brian Ellis, 2014-12-18 In *The Philosophy of Nature*, Brian Ellis provides a clear and forthright

general summation of, and introduction to, the new essentialist position. Although the theory that the laws of nature are immanent in things, rather than imposed on them from without, is an ancient one, much recent work has been done to revive interest in essentialism and *The Philosophy of Nature* is a distinctive contribution to this lively current debate. Brian Ellis exposes the philosophical and scientific credentials of the prevailing Humean metaphysic as less than compelling and makes the case for new essentialism as an alternative metaphysical perspective in lucid and unambiguous terms. This book develops this alternative metaphysic and considers the consequences for philosophy, and for some other areas of investigation, of working with such a metaphysic. Ellis argues that these consequences are profound and that a new essentialism provides a comprehensive new philosophy of nature for a modern scientific understanding of the world.

Minarets in the Mountains Tharik Hussain, 2021-07-15 Travel writing about Muslim Europe. A journey around Eastern Europe and the Western Balkans, home to the largest indigenous Muslim population in Europe, following the footsteps of Evliya Celebi through Serbia, Bosnia, Albania, North Macedonia, Kosovo, Montenegro. A book that begins to decolonise European history.

*Johnny O'Leary of Sliabh Luachra* Terry Moylan, 2015-01-22 Johnny O'Leary, master-instrumentalist, composer and performer, custodian of a huge repertoire of tunes adapted by The Chieftains, De Dannan and Planxty among others, blends Sliabh Luachra airs with older Kerry music, and is hailed as one of its finest exponents. Polkas, slides, reels, jigs and hornpipes make up the tune-sources for this collection; their names alone celebrate places and events, as well as friends, neighbours and associates; they replenish a living tradition, orally transmitted and regionally rooted in popular culture, in which dance and music form twin strands in the fabric of rural community life.

Poco Piano for Young Children, Bk 3 Ying Ying Ng, Margaret O'Sullivan Farrell, 2016-08 Book 3 introduces the concepts of key, key signature, scales, triads, tones (whole steps), and semitones (half steps) in a novel and exciting way. Each key is a group of characters or objects with note-names (i.e. a band, a birthday party, a clothes-line with garments). Certain notes belong, while all other notes (accidentals) are outsiders. Transposition is a natural outcome of this concept, with a tune moving from one group to another. The child masters eight new notes (up to Treble High G and down to Bass Low F), which facilitates the playing of more adventurous repertoire. The semiquaver (sixteenth note), semiquaver rest (sixteenth rest), dotted crotchet (dotted quarter note), and dotted quaver (dotted eighth note) are introduced, and tempo markings are now in Italian. As in the previous two books, ensemble-playing is encouraged.

Theology of Play Jürgen Moltmann, Robert E. Neale, Sam Keen, David LeRoy Miller, 1972

*Private Lord Crawford's Great War Diaries* Christopher Arnander, 2013-10-02 From Britain's only Cabinet-level politician to serve in the ranks during World War I, diary entries and letters detailing life on the Western Front. This unusual account is written by the 27th Earl of Crawford and Balcarres, an active Lancashire MP for eighteen years until he inherited the title on

his father's death in 1913. In 1915 his sense of patriotic duty drove him to join the RAMC as a Private, although he was married with seven children, head of a large company and well over age. Despite his privileged status in civilian life, he cheerfully served as a humble medical orderly on the Western Front for some fourteen months and was given responsibility for two operating theatres. A gifted author and diarist, his daily entries provide a fascinating insight into life near the front over this period and, together with his letters home, his writings reflect the stark contrast between his home life and the one he experienced in Flanders. Of particular interest are his astute observations on his contemporaries of all ranks, the conduct of the war, medical services and life in wartime France. Remarkably he never complains at his lot (although often sharply critical of GHQ and politicians) or regrets his decision. As the author was the only Cabinet-level politician to serve "in the ranks" during the conflict, this is a record without any parallel. In 1916 Crawford was persuaded eventually to return to London and join Asquith's Cabinet before staying on under Lloyd George until 1922. After the war, he became a director, trustee or advisor of several museums, such as the British Museum, National Gallery and others. The Crawford Papers (his diaries, edited by Prof. John Vincent) describe his civilian experiences from 1892 to 1940 and are seen as an invaluable source for students of politics, art, industry and society in Britain. The book contains three maps and seventy-five illustrations. This fascinating book fills a needy gap at a time of unprecedented interest in The Great War. Praise for Private Lord Crawford's Great War Diaries One of The Times "Books of the Year" 2013 "[Crawford's] previously unpublished war diaries, meticulously edited by his grandson, offer a fascinating glimpse into life at the front and in the upper reaches of politics at home—and contain some frank comments on his former Cabinet colleagues." —Literary Review "Lord Crawford was the only Cabinet-level politician to serve "in the ranks" during World War I as a private. A gifted author and diarist, his daily entries provide a fascinating insight into life in the frontline over a fourteen-month period." —History Scotland

Antique Woodworking Tools David Richard Russell, 2010 A stunning array of edge and boring tools from Britain, continental Europe and North America provides a survey of hand tool-making from prehistory to today.
