Steganography Techniques for Digital Images Abid Yahya,2018-06-12 This book covers newly developed and novel Steganography techniques and algorithms. The book outlines techniques to provide security to a variety of applications using Steganography, with the goal of both hindering an adversary from decoding a hidden message, and also preventing an adversary from suspecting the existence of covert communications. The book looks into applying these newly designed and improved algorithms to provide a new and efficient Steganographic system, called Characteristic Region-Based Image Steganography (CR-BIS). Urs Fischer Urs Fischer,2017 Phantom Paintings gathers several series of paintings on aluminum panel produced over the last three years by the Swiss artist Urs Fischer (born 1973). From far away many of these paintings appear to be large-scale gestural abstractions, but on closer inspection the viewer detects total flatness--the abstract paint marks were actually photographed and silkscreened on top of images of personal spaces, creating an image of abstraction rather than the abstraction itself. This process allows a largeness of motion and an immediacy, as two representational systems clash. In other works, the abstractions obstruct images taken from vintage Hollywood publicity headshots as well as close-up photographs of the artist's own face. Finally, bold paintings on cutout aluminum panels push the limits of line, color and shape, transforming facial features into intersecting organic shapes that slide and mutate in a new form of landscape painting.

Guerra,2017-04-04 From the creator of the Dear Businesslady column comes a fresh, proactive book with advice for women entering the workforce as well as those looking to move up the ladder. Everyone deals with some nonsense early in their career—whether it's accepting a less-than-ideal position just to get a foot in the door, or having a manager who sleeps with his smartphone under his pillow and expects his staff to do the same. But how do young professionals know if the choices they're making are moving them closer to their ultimate career goals? How do they know the answer when they ask themselves, "Is This Working?" Courtney Guerra, a.k.a. The Businesslady, knows how to set you on the path where you belong. In a fun-to-read Q&A format, this book focuses on situations young people are likely to encounter in the workplace, along with a set of strategies you can use to get through them. In her signature tone that has gained her hundreds of thousands of readers, Guerra discusses topics relevant to young professionals, like how to make the jump from "just a job" to a career in line with what you went to school for, and how to stay productive when working from home at an apartment filled with distractions. No matter what the scenario, The Businesslady has the answer to get you on the path to long-term career success.

TRUST ME.\*\*\* From USA Today bestselling author K Webster comes a gripping and emotional psychological romance standalone! I'm a recluse. Sad, quiet, afraid. Sequestered in my home away from the world. It's better this way. I wasn't always alone. I had him—my boyfriend, my best friend, my everything. Yeo Anderson. But I sent him away. I was a fungus. Growing and festering. Turning his brilliant parts black with the disease otherwise known as me. My sweet boy was sick in love. I couldn't bear to think about what he was giving up. For me. I'd poisoned him, but it wasn't too late. I could fix it. So, I did. But he's back. The boy blossomed into a man who wants to fight me for me. The past that rules me is dark and chaotic and violent. It always wins. Love isn't supposed to be a war. Yeo thinks our hearts, though, will win this time. Warning: Whispers and the Roars is a dark romance. Strong sexual themes and violence, which could trigger emotional distress, are found in this story. The abuse written in this story is graphic and not glossed over, which could be upsetting to some. This story is NOT for everyone. Proceed with caution.
