My Cone and Only Susannah Nix, 2021-07-20 Lines are crossed and promises broken when a forbidden kiss ignites an irresistible attraction in this sizzling brother's best friend romance... "Promise me you'll always look out for Andie." By the time I was seventeen, I knew my best friend's younger sister was the only girl I'd ever love. We're all grown up now, but my feelings for Andie haven't changed. She's the smartest woman I know and the only one who sees through the carefree act I hide behind. She deserves better than a screw-up like me—failed musician, part-time handyman, and full-time black sheep of my family. I'll do anything to protect her, so I keep my distance and my hands to myself. When the tumble-down house she inherited needs repairs, I jump on my white horse and swoop in to help her with the renovations. Even though it means

spending dangerous amounts of time together. I've got it under control until the night a surprise kiss changes everything between us. One scorching-hot taste of her is all it takes to shatter my defenses. Now that I know how much she wants me, I'm addicted to our secret glances and stolen touches. Around our friends and family, we pretend we're still just friends. But when we're alone? We can't keep our hands off each other. This game we're playing is bound to blow up in our faces, just like everything else I touch. If I can't prove I'm worthy of Andie's love, I'm going to lose my two best friends in the world. MY CONE AND ONLY is a swoony, feel-good friends to lovers romance featuring a STEM heroine who takes no crap, a surprisingly loyal bad-boy rocker who's head over heels for the one woman he thinks he can't have, lots of small-town shenanigans, and an epic grovel. It stands alone with a guaranteed HEA and kicks off the six-book KING FAMILY series. Your heart will melt for this band of unruly siblings behind a Texas ice cream empire as they stumble on the rocky road to love while dealing with their big, messy family.

**I Am Small** Qin Leng, 2018-10-02 A very big story about a very small girl. Mimi is so much littler than everyone, -I might as well be called Mini," she says. Everyone is taller than her, even the family dog! Though there are advantages - like fitting into the best hiding places - to Mimi, being small is the worst. But then one day, a surprise shows up at home. A very little surprise. And Mimi begins to realize that being little is just a matter of perspective. The perfect book for any child trying to find their place in the world.

The Poetics of Jacobean Drama Coburn Freer, 2019-12-01 Originally published in 1982. The Poetics of Jacobean Drama argues for a rediscovered approach to the study of Renaissance drama. Coburn Freer observes that most modern criticism of this drama treats the plays as if they were written in prose, thus overlooking whole areas of dramatic meaning that were understood in the past. Such an understanding, he asserts, was common among writers, actors, audiences, and readers of the Elizabethan and Jacobean eras, and a knowledge of it is essential to a full appreciation of the characterization and dramatic structures in these plays. Freer explores the evolution of the modern reluctance to approach Renaissance drama as one would dramatic poetry—from the standpoint of a listener. Blank verse, the author shows, provided Jacobean dramatists with a poetic form against which they could work the pressures of experience within their characters. The writers' ability to work with and against this form provided infinite resources for delineating character and creating significant coherences in the structure of a play. The Poetics of Jacobean Drama offers insights into what the Renaissance writer, actor, and playgoer would have regarded as the domain of poetry in drama. Topics discussed include the conditions of stage performance and the style of acting, Elizabethan education, the rise of printed texts and collected editions, and the comments of Elizabethan audiences and readers. Freer's commentary and theoretical explanations suggest both why and how we should pay closer attention to the poetry of Renaissance drama.

**The Raw Shark Texts** Steven Hall, 2008-04-08 This genre-bending national bestseller is "a horror-dystopic-philosophical

mash-up, drawing comparisons to Borges, The Matrix and Jaws” (The New York Times Magazine). Eric Sanderson wakes up in a house he doesn’t recognize, unable to remember anything of his life. A note instructs him to call a Dr. Randle, who informs him that he is undergoing yet another episode of memory loss, and that for the last two years—since the tragic death of his great love, Clio, while vacationing in Greece—he’s been suffering from an acute dissociative disorder. But there may be more to the story, or it may be a different story altogether. With the help of allies found on the fringes of society, Eric embarks on an edge-of-your-seat journey to uncover the truth about himself and escape the predatory forces that threaten to consume him. Moving with the pace and momentum of a superb thriller, exploring ideas about language and information, as well as identity, this is ultimately a novel about the magnitude of love and the devastating effect of losing that love. “Paced like a thriller, it reads like a deluge . . . Herman Melville meets Michael Crichton, or Thomas Pynchon meets Douglas Adams.” —San Francisco Chronicle “Rousingly inventive.” —The Washington Post “Unforgettable fiction.” —Playboy “A thriller that will haunt you.” —GQ “Sharp and clear . . . Writing on the edge of the form.” —Los Angeles Times “Huge fun, and I gleefully recommend it.” —Audrey Niffenegger, international-bestselling author of The Time Traveler’s Wife “Fast, sexy, intriguing, intelligent.” —Toby Litt

**Race, Education, and Reintegrating Formerly Incarcerated Citizens** John R. Chaney, Joni Schwartz, 2017-07-18 This timely, readable text offers an authoritative and balanced analysis of how racially driven policies in America impact post release education as a leading pathway to social reintegration. Compelling research findings from an assemblage of college faculty, seasoned administrators, and criminal justice professionals are interwoven with first-person narratives from formerly incarcerated individuals. This book takes full advantage of its interdisciplinary mixture of voices and positionality to build its

argument upon a three-part framework from Critical Race Theory (CRT). It convincingly utilizes the tools of academic research, counterstories, and counterspaces to make a persuasive case that the intersection of race, the criminal justice system, and education represent one of the greatest civil rights issues of our time. Part 1, "Context, Critical Race Theory and College Re-Entry," explores the historical and current dynamics of these uniquely American intersections while linking Critical Race Theory with the field of re-entry and offering serious analysis of post incarceration and education initiatives. Interest convergence, white privilege, and writing from returning citizens as a way of "coming to voice" are also explored in this section. Part 2, "Counterstories," offers case, comparative case, and phenomenological studies that include embedded quotations with first-person narratives contributed from formerly incarcerated students and graduates. This section also includes an honest and gripping analytic auto-ethnography from the book's co-editor who readily reveals his experiences as both a faculty member and formerly incarcerated individual. Other highlighted topics include the issues of stigma, overcoming obstacles in the classroom, and the unique problems for returning citizens when acclimating to college culture. Combining qualitative research and descriptions of successful programs Part 3, "Counterspaces," explores the dynamics of creating places within programs and classrooms that support physical, emotional, spiritual, and intellectual engagement for and with the formerly incarcerated through learner-centered, culturally sensitive, and racially explicit pedagogy. This book is designed to be a most welcome addition to any serious academic discussion focusing upon institutionalized racism and education's use as a tool in reversing the mass incarceration of people of color in America.

*Anna at the Art Museum* Hazel Hutchins,Gail Herbert,2018-09-11 Art is for everyone—even a bored little girl. Going to the Art Museum with her mom is no fun at all for Anna. Everything is old and boring and there are so many rules: Don't Touch! Do Not Enter! Quiet! A vigilant guard keeps a close eye on the energetic little girl, but even so, Anna manages to set off an alarm and almost tip over a vase. A half-open door draws Anna's attention, but the No Entry sign means yet again that it's off-limits. This time, however, the guard surprises her by inviting her to go in. Here she finds a "secret workshop" where paintings are being cleaned and repaired. Staring out from one of the canvases is a girl who looks grumpy and bored—just like Anna herself. With the realization that art often imitates life, Anna discovers the sheer joy to be had from the paintings on the wall, especially those that reflect what is happening all around her. Filled with representations of paintings from many world-class galleries, this charming book is the perfect prelude to a child's first visit to an art museum.

Lizards of the World Gordon H. Rodda, 2020-09-01 The first, definitive reference on the natural history and ecology of every one of the known 6500+ species of lizards, spanning the entire globe. Our planet is literally crawling with lizards. More than 6500 species are known to science, and new species are being discovered annually. In this monumental work, eminent researcher Gordon Rodda has created the first compilation of the natural histories of all the world's lizards and amphisbaenians, as well as the Tuatara. Although other books have attempted to survey the scope of adaptations present in the world's lizards, only Rodda has been able to quantify and summarize all species or higher taxa. Analyzing the relationships among traits such as morphologic characteristics, reproductive strategies, and food sources, Rodda uncovers novel insights into reptile ecology. Identifying 14 recurring character syndromes across all the world's lizards, he proposes a new lens for categorization. He also touches on • common names • geographic range • length • mass • age • maturation • differences between the sexes • nominal variables, including diel activity cycle and foraging mode • home range • predator avoidance tactics • thermal biology • social spacing • climate envelope • habitat and microhabitat • reproduction • parental care • diet • population density • conservation status • ecological business models Rodda's alphabetical taxon accounts provide an instantly retrievable sketch of every species, genus, and family. Outlining more than 1500 statistically significant associations extracted from a data matrix composed of more than 300 conditions tabulated—to the extent known—for all 6528 species of lizards, *Lizards of the World* will be the go-to source for the next generation of reptile ecologists, as well as herpetology students and serious herpetoculturists.
