Her beautiful flowers, foliage and landscapes will have readers eager to create their own--and they will, using: Easy-to-follow step-by-step instructions that take the mystery out of composition, color, light and shadow A practical guide to masking and glazing Newly trained eyes to visualize before painting and to better perceive abstract form, value, line and color All levels of watercolorists, as well as color enthusiasts of all mediums, will enjoy using Kincaid's tips to create vivid paintings infused with light!

A Celebration of Light Jane Freeman, 2007-09-03 Painting the Textures of Light in Watercolor Often, inspiration comes not so much from the subject itself as from the effect light has on the subject. Light tells the viewer what is happening in that moment of time - how the light faded out the leaves and made the shadows reflect the sky, or what time of day it was because of the angle of the shadows. This book shows you how to relay that information to make your viewer see and even feel the lighting effects that inspired you to paint your subject in the first place. Composing a light-filled painting involves more than just saving the whites of the paper or painting with lighter colors. Inside you'll learn how to: Turn up the drama in your reference photos to set the stage for dramatic paintings. Compose paintings for stronger visual impact. Use a full range of values, from deep darks to bright whites, taking your work from mediocre to powerful. Paint shadows in a way that will make your painting much more believable and colorful. Exaggerate color to heighten the impact of your painting, and use grays to make your colors sparkle. Paint backgrounds that evoke greater depth and excitement. Eleven mini-demonstrations, each re-

creating a section of a painting presented in the book, help you take on the challenges of portraying individual textures. Five full-length demonstrations show how to combine a variety of textures into strong, light-appropriate compositions.

Splash 14 Rachel Rubin Wolf, 2013-06-21 Sometimes the beauty of light can last only an instant...be ready. - Laurie Goldstein-Warren, P119 It starts with a sparkle of light, the expressive way a shadow maps out a face, the almost other-worldly luminosity of roses on an overcast day. These are the moments, often brief and unexpected, that turn ordinary subjects into powerful inspiration, and--when handled with skill and originality--a painting into a masterpiece. The magical moments featured in Splash 14 evoke the very essence of watercolor--light and color. More than 120 brilliant paintings are accompanied by generous insights from the artists. Find out how they captured lyrical light effects, quiet moods, lively shadows, and incredibly subtleties or shouts of color. In keeping with the Splash tradition, this volume celebrates the heart, spirit and innovation of contemporary watercolor. It promises hours of enjoyment and intrigue for artists and art-enthusiasts alike. A great painting is more often the result of an enjoyable journey than a planned process. - Janet Nunn, P110
