Picturing America's National Parks Jamie M. Allen, 2016 To celebrate the centennial of America's National Park Service, *Picturing America's National Parks* brings together some of the finest landscape photography in the history of the medium, from America's most magnificent and sacred environments. Photography has played an integral role in both the formation of the National Parks and in the depiction of America itself, through this natural resource. From Yosemite to the most recent 2013 addition of Pinnacles National Park in California, America's National Parks have been enjoyed through photographs for over 100 years. This book traces that history and delights readers with stunning photographs of the best American landscapes. An informative essay and commentary from curator Jamie M. Allen unfold the role of photography in promoting America's national heritage, land conservation and wildlife preservation. Featuring the historic work of masters such as Ansel Adams, Imogen Cunningham, William Henry Jackson, Edward Weston and Minor White, as well as contemporary greats such as Lee Friedlander, Stephen Shore and Joel Sternfeld, this volume offers a powerful look at America's National Parks and pays homage to a practice that has defined the way we see America, particularly the American West. The parks included are Acadia National Park (ME), Arches National Park (UT), Badlands National Park (SD), Big Bend National Park (TX), Bryce Canyon National Park (UT), Capital Reef National Park (UT), Canyonlands National Park (UT), Crater Lake National Park (OR), Death Valley National Park (CA and NV), Denali National Park (AK), Glacier National Park (MT), Glacier Bay National Monument (AK), Grand Canyon National Park (AZ), Grand Teton National Park (WY), Great Basin National Park (NV), Great Sand Dunes National Park (CO), Great Smoky Mountains National Park (NC and TN), Joshua Tree National Park (CA), Kenai Fjords National Park (AK), Mount Rainier National Park (WA), Olympic National Park (WA), Redwood National Park (CA), Rocky Mountain National Park (CO), Yellowstone National Park (WY), Yosemite National Park (CA) and Zion National Park (UT).

Effective Akka Jamie Allen, 2013-08-15 Avoid common mistakes when building distributed, asynchronous, high-performance software with the Akka toolkit and runtime. With this concise guide, author Jamie Allen provides a collection of best practices based on several years of using the actor model. The book also includes examples of actor application types and two primary patterns of actor usage, the Extra Pattern and Cameo Pattern. Allen, the Director of Consulting for Typesafe—creator of Akka and the Scala programming language—examines actors with a banking-service use case

throughout the book, using examples shown in Akka and Scala. If you have any experience with Akka, this guide is essential. Delve into domain-driven and work-distribution actor applications Understand why it's important to have actors do only one job Avoid thread blocking by allowing logic to be delegated to a Future Model interactions as simply as possible to avoid premature optimization Create well-defined interactions, and know exactly what failures can occur Learn why you should never treat actors as you would an ordinary class Keep track of what goes on in production by monitoring everything Tune Akka applications with the Typesafe Console

Ballad of Jamie Allan Tom Pickard,2007 Tom Pickard's Ballad of Jamie Allan recounts the true adventures of an eighteenth-century gypsy musician who lived on the English?Scottish Borders and died in Durham jail, serving a life sentence for stealing a horse. Though once patronized by dukes and earls, Allan lost their support as his wayward behavior began to exceed their own. His reputation as a great piper was matched only by his reputation as an outlaw or, in the words of Walter Scott, a desperate reprobate.Drawing on newspaper accounts and court depositions, Pickard brings the ballad tradition to life with his own genius for the form. Through the words of his cohorts and contemporaries, Allan emerges as a spirit of the Borders, that wild and historically lawless region where rivers and fells set the stage for his captures and escapes.

Bea Nettles Jamie M. Allen,Olivia Lahs-Gonzales,2019-10-01 From her hand-colored, machine-stitched photographic prints to her artist's books and well-known Mountain Dream Tarot card deck, the first-known photographic treatment of the tarot, Bea Nettles's work has always upended tradition. Bea Nettles: Harvest of Memory presents the span of her art across half a century, in conjunction with an exhibition co-organized by the George Eastman Museum in Rochester, New York, and the Sheldon Art Galleries in St. Louis, Missouri. Recognized for her innovations in mixed-media photography, Nettles used alternative photographic processes that produced textured works with subjects including self-portraits; investigations of the body and its relationship to nature and landscape; and the experience of mothering, loss, and aging. A tremendously productive artist, Nettle's work has received critical acclaim, and been acquired into the permanent collections of museums coast to coast. Now, for the first time in her fifty-year career, Bea Nettles: Harvest of Memory offers a large-scale retrospective, tracing the journey of an artist who profoundly illuminates our inner worlds.

Seeing Red Jamie Allen,1997 'What is going to happen to Hong Kong after 1 July 1997?' The transfer of sovereignty over Hong Kong is one of the late 20th century's most fascinating and significant historical events. An advanced economy and society accustomed to living under a relatively liberal British colonial administration is being handed back to a potentially unstable former communist state. In the most provocative book written about the 1997 issue, Jamie Allen provides answers by approaching the question from a different angle: 'What is happening to Hong Kong?' Seeing Red tracks the progress of China's hard-nosed takeover strategy since the signing of the Sino-British Joint Declaration in December 1984. It examines the Basic Law from the perspective of China's political imperatives, and describes the steady advance of mainland Chinese

business interests in the colony. He finds that Hong Kong's reunification with China has more to do with a process of recolonisation than decolonisation. Who will gain or lose from these changes? Liberalism and its proponents will be a casualty because, contrary to a generous reading of the Joint Declaration and the Basic Law, China never intended to preserve Hong Kong's political system intact after reunification. The principle of 'one country, two systems', if read within the context of statements made by senior officials such as Deng Xiaoping, offers only economic and social freedoms to Hong Kong; it is not a guarantee that existing civil liberties can be maintained. Certain existing business interests, especially British ones, will lose out because of the proprietorial attitude being shown towards Hong Kong's strategic service sectors by mainland Chinese corporations. China's policies towards Hong Kong often seem confusing and inconsistent, a feature exacerbated by the natural tendency of the local press to look for signs of hope in every new utterance from Beijing. Seeing Red argues that China does have a coherent and well coordinated programme for the takeover of Hong Kong, one that is shaped by the mindset and imperatives of the Communist Party of China. Were the Party to fall tomorrow, the nature and method of reunification would be significantly different. SEEING RED demonstrates that Hong Kong does not exist in a competitive vacuum. The economic status quo must change as China changes and Asia becomes more complex. The author argues that it is by no means certain the Chinese government can maintain the unique combination of factors that has contributed to Hong Kong's successful economy, a predictable legal system and the skill and spirit of its people. Yet if this features are not preserved Hong Kong's relative attractiveness as a business centre will be further undermined. It is a book for businessmen and financiers who want an assessment of the threats facing Hong Kong in the first five to ten years after the handover. Jamie Allen was born in Singapore in 1962, and was educated in Australia. He studied Political Science and Mandarin at the Australian National University, graduating with a Bachelor of Arts (Honours) in 1986. He also studied Mandarin in Taiwan for two years. He arrived in Hong Kong in 1987, and worked for the South China Morning Post as a reporter. In 1992, he joined The Economist Intelligence Unit as editor of Business Asia. In 1994, he was seconded to The Economist in London. In 1995, he left full-time employment to write freelance, and to work on 'Seeing Red'. He has written for a number of publications in the UK and Australia, including Business Review Weekly, The Financial Times, The Guardian and The Daily Telegraph. In the course of his work as a journalist, he has traveled throughout Asia, and spent considerable time in China. Jamie lives in Hong Kong. · Detailed discussion of the political, social and business issues relating to the takeover · Superbly researched

The Photographer in the Garden Sarah Anne McNear, 2018 From Versailles to the home vegetable garden, from worlds imagined by artists to food production recorded by journalists, The Photographer in the Garden traces the garden's rich history in photography and delights readers with spectacular photographs. An informative essay from curator Jamie M. Allen and commentaries by Sarah Anne McNear broaden our understanding of photography and explore our unique

relationship with nature through the garden. This is a sublime book bringing together some of history's most stunning photography.

Black Girls Must Die Exhausted Jayne Allen, 2021-09-28 "It's a good thing that this is only the first book of a trilogy, because after getting to know Tabitha, you won't want to leave her at the end. . . . Written intimately as if you're peering into the mind of a close friend, this book is a true testament to the stresses on women today and how great girlfriends (and grandmothers) are often the key to our sanity." — Good Morning America The first novel in a captivating three-book series about modern womanhood, in which a young Black woman must rely on courage, laughter, and love—and the support of her two longtime friends—to overcome an unexpected setback that threatens the most precious thing she's ever wanted. Tabitha Walker is a black woman with a plan to "have it all." At 33 years old, the checklist for the life of her dreams is well underway. Education? Check. Good job? Check. Down payment for a nice house? Check. Dating marriage material? Check, check, and check. With a coveted position as a local news reporter, a paper-perfect boyfriend, and even a standing Saturday morning appointment with a reliable hairstylist, everything seems to be falling into place. Then Tabby receives an unexpected diagnosis that brings her picture-perfect life crashing down, jeopardizing the keystone she took for granted: having children. With her dreams at risk of falling through the cracks of her checklist, suddenly she is faced with an impossible choice between her career, her dream home, and a family of her own. With the help of her best friends, the irreverent and headstrong Laila and Alexis, the mom jeans-wearing former Sexy Lexi, and the generational wisdom of her grandmother and the nonagenarian firebrand Ms. Gretchen, Tabby explores the reaches of modern medicine and tests the limits of her relationships, hoping to salvage the future she always dreamed of. But the fight is all consuming, demanding a steep price that forces an honest reckoning for nearly everyone in her life. As Tabby soon learns, her grandmother's age-old adage just might still be true: Black girls must die exhausted.

The New Art of Capturing Love Kathryn Hamm, Thea Dodds, 2014-05-06 The first guide to posing and sensitively capturing same-sex couples on their big day, *The New Art of Capturing Love* equips semi-pro and professional wedding photographers to enter the exciting new LGBT wedding photography market. These are exciting times for marriage equality—but capturing memorable LGBTQ portraits requires a novel approach to posing, which until now has been nearly exclusively oriented toward pairing a taller man in black with a smaller woman in white. What works for Jack and Jill won't necessarily work for Jack and Michael, let alone Jill and Louise. *The New Art of Capturing Love* shatters the "old standards" of wedding and engagement photography by showing how inappropriate they can be for today's diverse couples, then shares easy-to-implement poses and techniques that can be applied to any couple (and wedding party), no matter their orientations, to create lasting memories. Featuring a collection of more than 180 same-sex portraits from 46 photographers, this guide is proudly the first—and most comprehensive—of its kind. Whether you are a wedding photographer looking to enter this

burgeoning market, or a gay or lesbian couple looking for visual inspiration, these gorgeous images will both instruct and inspire.

Some Photos of That Day 6754 Polaroids Dated in Sequence Hugh Crawford, 2017-10-25 6754 Polaroid SX-70 photographs that Jamie Livingston made one a day for the last 18 years of his life

A Crazy Occupation Jamie Tarabay, 2014-05-28 When Jamie Tarabay, a young Australian journalist, was posted to Israel to report on the conflict in the Occupied Territories, her family were, understandably, somewhat concerned. Her parents had left Lebanon before war broke out in 1975 and watched as their beloved Beirut, the city they called the Paris of the Middle East, was violated by warring militias and torn apart by civil war. Her father took the family back to Lebanon in 1987 to live for three years, where they struggled with what it meant to be Christians in a Lebanon that was being overtaken by political and religious violence, before returning to Australia. And now their daughter, an Arabic-speaking Australian of Catholic Lebanese descent, was about to be plunged back into the thick of Middle Eastern politics. Wouldn't you be worried? But Jamie was unafraid, or perhaps just stunningly naive. Plunging into the vibrant life, culture and politics of the region, this memoir of her time in the Middle East is a vivid and highly readable snapshot of a life lived at the epicentre of the Arab-Israeli conflict. From the great optimism of the Camp David summit in 2000, the start of the intifada in 2001 and all that came after, Jamie was in the thick of it - Nablus, Ramallah, Hebron, suicide bombers, hard-line Jewish settlers, Palestinians living under curfew, seeing in the new millennium after Christmas in Bethlehem - all the while redefining her sense of what it means to be Australian, her morality, her heritage and her religion. This is an entertaining, unique and highly illuminating memoir.

Breathing Underwater Sarah Allen, 2021-03-30 A Junior Library Guild Selection “In *Breathing Underwater*, Sarah Allen has created characters so alive and compelling that readers will root for them every mile of this moving, heartfelt journey.” —Dan Gemeinhart, author of *The Remarkable Journey of Coyote Sunrise* A sparkly, moving middle grade novel from Sarah Allen, and a big-hearted exploration of sisterhood, dreams, and what it means to be there for someone you love. Olivia is on the road trip of her dreams, with her trusty camera and her big sister Ruth by her side. Three years ago, before their family moved from California to Tennessee, Olivia and Ruth buried a time capsule on their favorite beach. Now, they're taking an RV back across the country to uncover the memories they left behind. But Ruth's depression has been getting worse, so Olivia has created a plan to help her remember how life used to be: a makeshift scavenger hunt across the country, like pirates hunting for treasure, taking pictures and making memories along the way. All she wants is to take the picture that makes her sister smile. But what if things can never go back to how they used to be? What if they never find the treasure they're seeking? Through all the questions, loving her sister, not changing her, is all Olivia can do—and maybe it's enough.

Real Queer America Samantha Allen, 2019-03-05 LAMBDA LITERARY AWARD FINALIST A transgender reporter's

powerful, profoundly moving narrative tour through the surprisingly vibrant queer communities sprouting up in red states (New York Times Book Review), offering a vision of a stronger, more humane America. Ten years ago, Samantha Allen was a suit-and-tie-wearing Mormon missionary. Now she's a GLAAD Award-winning journalist happily married to another woman. A lot in her life has changed, but what hasn't changed is her deep love of Red State America, and of queer people who stay in so-called flyover country rather than moving to the liberal coasts. In *Real Queer America*, Allen takes us on a cross-country road-trip stretching all the way from Provo, Utah to the Rio Grande Valley to the Bible Belt to the Deep South. Her motto for the trip: Something gay every day. Making pit stops at drag shows, political rallies, and hubs of queer life across the heartland, she introduces us to scores of extraordinary LGBT people working for change, from the first openly transgender mayor in Texas history to the manager of the only queer night club in Bloomington, Indiana, and many more. Capturing profound cultural shifts underway in unexpected places and revealing a national network of chosen family fighting for a better world, *Real Queer America* is a treasure trove of uplifting stories and a much-needed source of hope and inspiration in these divided times.

Reactive Design Patterns Jamie Allen, 2017-02-21 Summary *Reactive Design Patterns* is a clearly written guide for building message-driven distributed systems that are resilient, responsive, and elastic. In this book you'll find patterns for messaging, flow control, resource management, and concurrency, along with practical issues like test-friendly designs. All patterns include concrete examples using Scala and Akka. Foreword by Jonas Bonér. Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the Technology Modern web applications serve potentially vast numbers of users - and they need to keep working as servers fail and new ones come online, users overwhelm limited resources, and information is distributed globally. A Reactive application adjusts to partial failures and varying loads, remaining responsive in an ever-changing distributed environment. The secret is message-driven architecture - and design patterns to organize it. About the Book *Reactive Design Patterns* presents the principles, patterns, and best practices of Reactive application design. You'll learn how to keep one slow component from bogging down others with the Circuit Breaker pattern, how to shepherd a many-staged transaction to completion with the Saga pattern, how to divide datasets by Sharding, and more. You'll even see how to keep your source code readable and the system testable despite many potential interactions and points of failure. What's Inside The definitive guide to the Reactive Manifesto Patterns for flow control, delimited consistency, fault tolerance, and much more Hard-won lessons about what doesn't work Architectures that scale under tremendous load About the Reader Most examples use Scala, Java, and Akka. Readers should be familiar with distributed systems. About the Author Dr. Roland Kuhn led the Akka team at Lightbend and coauthored the Reactive Manifesto. Brian Hanafée and Jamie Allen are experienced distributed systems architects. Table of Contents PART 1 - INTRODUCTION Why Reactive? A walk-through of the Reactive Manifesto Tools of the trade PART 2 - THE PHILOSOPHY IN

A NUTSHELL Message passing Location transparency Divide and conquer Principled failure handling Delimited consistency Nondeterminism by need Message flow PART 3 - PATTERNS Testing reactive applications Fault tolerance and recovery patterns Replication patterns Resource-management patterns Message flow patterns Flow control patterns State management and persistence patterns

Thanks and Sorry and Good Luck Lee Klein,2014 Literary Nonfiction. THANKS AND SORRY AND GOOD LUCK compiles a dozen years of disappointment transmitted via e-mail from a single editor to hundreds of writers around the world. Performative and funny one minute, respectful and constructive the next, these rejections both serve as entertaining writing tips (suitable for use in today's more adventuresome creative writing classrooms) and suggest a skewed story about a boy and his seminal literary website, Eyeshot.net, which Lee Klein founded in 1999. What started as a lark—sending playful rejection notes to writers who'd submitted work for the site—over ten years took on a life of its own, becoming an outlet for Klein to meditate on his aesthetic preferences, the purpose of literature, and the space between the ideal and the real.

Nathan Lyons Jamie M. Allen,Lisa Hostetler,Jessica S. McDonald,2019-02-01 Launching his curatorial career at the George Eastman House in 1957, Nathan Lyons (1930–2016) soon made a mark in the museum world and in his workshops for photographers and curators alike. Yet his supporting role in the careers of rising stars such as Lee Friedlander and Garry Winogrand sometimes eclipsed the public's awareness of Lyons's own pioneering photography. Coinciding with a major exhibition at the George Eastman Museum in 2019, *Nathan Lyons: In Pursuit of Magic* is a long-overdue celebration of Lyons's astonishing body of work. Featuring more than two hundred and fifty compelling images, accompanied by critical essays, the book charts the distinct phases of Lyons's career. His early work, exemplified by his exuberant initiatives of the 1960s—the Visual Studies Workshop and the Society for Photographic Education—demonstrated that street photography and formalism are not mutually exclusive, as university photography courses began migrating from journalism to art departments. His final years, which included a shift to color at age eighty, are also explored in depth. A companion to *Nathan Lyons: Selected Essays, Lectures, and Interviews*, this is the definitive visual sourcebook on a highly influential innovator.

My Voice Is a Trumpet Jimmie Allen,2021-07-13 *The rhythm and flow of words perfectly match the art while advising readers to choose love and use their voices in a powerful song. --School Library Journal (starred review) From rising country star Jimmie Allen comes a lyrical celebration of the many types of voices that can effect change. From voices tall as a tree, to voices small as a bee, all it takes is confidence and a belief in the goodness of others to change the world. Coming at a time when issues of social justice are at the forefront of our society, this is the perfect book to teach children in and out of the classroom that they're not too young to express what they believe in and that all voices are valuable. The perfect companion for little readers going back to school!

Made for This Jennie Allen,2019-02-05 Have you ever asked yourself, “Why am I here?” Recognize your calling, find

your place of service, and follow God to a life of purpose. This 40-day journey is for you—and it might surprise you. What if God hasn't hidden His purposes for your life from you? That life doesn't have to be so exhausting and heavy and confusing all the time? That God has given you everything you need to live out the calling He has placed on your life right this minute as you read this? In *Made for This*, a beautiful blend of bestselling books *Anything* and *Restless*, join Bible teacher Jennie Allen on a 40-day interactive journey that takes you through a step-by-step process to guide you in answering life's ultimate question. This unique book will help you: Stop living afraid and insecure by discovering how God can use your dreams and passions for a greater purpose Identify the threads in your life and how they intentionally weave together Trade control and safety for a life of God-honoring adventure by praying one prayer Discover how to fully surrender to God and identify the threads of gifts, passions, places, relationships, and sufferings in your life—not to get what you want, but to find what God wants of you.

Among Muslims Kathleen Jamie, 2002 A Western woman shares her adventures in Northern Pakistan, where she visited remote villages and befriended local people. Original.

In Their Shoes Jamie Windust, 2020-10-21 LONGLISTED FOR THE POLARI FIRST BOOK PRIZE 2021 'Beautiful, heart-breaking and hilarious.' SCARLETT CURTIS 'A love-letter to our non-binary siblings.' PAULA AKPAN 'Jamie is a pioneer' JUNO DAWSON There is no one way to be non-binary, and that's truthfully one of the best things about it. It's an identity that is yours to shape. Combining light-hearted anecdotes with their own hard-won wisdom, Jamie Windust explores everything from fashion, dating, relationships and family, through to mental health, work and future key debates. From trying on clothes in secret to iconic looks, first dates to polyamorous liaisons, passports to pronouns, Jamie shows you how to navigate the world and your evolving identity in every type of situation. Frank, funny, and brilliantly feisty, this must-read book is a call to arms for non-binary self-acceptance, self-appreciation and self-celebration.

Watch Out for Jamie Joel Mike Dumbleton, 2003 Tells the story of Jamie Joel and her troublesome relationships with her teachers and assistant principal.
