R. Crumb's Dream Diary R. Crumb, 2018 For more than 40 years, legendary American artist Robert Crumb has documented his nightly dreams in a meticulously kept private journal. This material has stood as a guarded secret in a career defined by an impish compulsion to publically self-disclose. All of the artist's well-documented preoccupations are present and accounted for--rampant egomania, insatiable lust, profound self-disgust, the sad beauty of old America, the moral bankruptcy of new America and the fool's errand quest for spiritual enlightenment--but here they are entirely untamed, springing forth from forces beyond even his control. Published for the first time, the complete Dream Diaries offer readers a deep, dark look under the hood of one of America's most aggressively dynamic comedic voices.

René Magritte Rene Magritte,2018 René Magritte (1898-1967) was one of the most intriguing painters associated with Surrealism, but he did not fully find his voice until after breaking ties with the movement. This book, the first to look exclusively at Magritte's late career, examines his most important bodies of work from the 1940s through the 1960s, and shows how they marked a fundamental shift in painting from Modernism to our own time. Featuring more than sixty artworks, René Magritte: The Fifth Season explores how Magritte balanced irony and conviction, philosophy and fantasy, to illuminate the gaps between what we see and what we know. Subjects explored in this volume include the artist's Renoir period; the *période vache*, with its Fauvist- and Expressionist-style paintings that are little known to American audiences; the 'hypertrophy of objects' paintings, a series that plays with the scale of familiar objects; and the enigmatic Dominion of Light suite, paintings that suggest the simultaneous experience of day and night. Together, the works reveal Magritte as an artist acutely attuned to the paradoxes at work within reality, and an enduring champion of the role of mystery in life and art.

Thanks for the View, Mr. Mies Danielle Aubert, Lana Cavar, Natasha Chandani, 2019-05-21 Lafayette Park, an affordable middle-class residential area in downtown Detroit, is home to the largest collection of buildings designed by Ludwig Mies van der Rohe in the world. Today, it is one of Detroit's most racially integrated and economically stable neighborhoods, although it is surrounded by evidence of a city in financial distress. Through interviews with and essays by residents; reproductions of archival material; and new photographs by Karin Jobst, Vasco Roma, and Corine Vermeulen, and previously unpublished photographs by documentary filmmaker Janine Debanné, *Thanks for the View, Mr. Mies* examines the way that Lafayette Park residents confront and interact with this unique modernist environment. Lafayette Park has not received the level of international attention that other similar projects by Mies have. This may be due in part to its location in Detroit, a city whose most positive qualities are often overlooked in the media. This book is a reaction against the way that iconic modernist architecture is often represented. Whereas other writers may focus on the design intentions of the architect, authors Aubert, Cavar and Chandani seek to show the organic and idiosyncratic ways that the people who live in Lafayette Park actually use the architecture and how this experience, in turn, affects their everyday lives. While there are many publications about abandoned buildings in Detroit and about the city's prosperous past, this book is about a remarkable part of the city as it exists today, in the twenty-first century.

Modern Mystic, 2019-04-23 Hyman is awesomely consistent, brilliant, ascetic--more and more people say he is the best painter in America, and so he is. -Robert Lowell This important publication, the first of its kind, presents the paintings and drawings of an aesthetic and mystical searcher in the tradition of William Blake, Albert Pinkham Ryder and Odilon Redon, who strove for the moment when, in his own words, the mood is as intense as it can be made. Hyman Bloom's work, influenced by his Jewish heritage (whose impression on his painting he described as a weeping of the heart) and Eastern religions, touches on many of the themes of 20th-century culture and art: the body, its immanence and transience, abstraction and spiritual mysticism. Bloom was admired by leading figures in the art world of his time, including Alfred H. Barr Jr. and Dorothy Miller; Jackson Pollock and Willem de Kooning hailed him as the first Abstract Expressionist. The poet Robert Lowell praised Bloom, writing in a letter to Elizabeth Bishop, Hyman is awesomely consistent, brilliant, ascetic--more and more people say he is the best painter in America, and so he is. The book's illustrations include ten previously unpublished masterworks, plus images of the figure as powerful and provocative as the paintings by Francis Bacon that were once exhibited alongside them. Hyman Bloom (1913-2009) was born in Lithuania, now Latvia. He and his family immigrated to the United States in 1920, escaping anti-Semitic persecution. He lived and worked in the Boston area until his death. His work is held in many public collections, including the Museum of Modern Art, the Museum of Fine Arts, Boston, the Whitney Museum of American Art and others.
