**Yours to Command** Harold J. Weiss (Jr.), 2009 Captain Bill McDonald's (1852-1918) admirers rank him as one of the great captains of Texas Ranger history. His detractors see him as an irresponsible lawman who precipitated violence, hungered for publicity, and related tall tales that cast himself in the hero's role. This title seeks to find the true Bill McDonald and sort fact from myth.

**A Young Fisherman's Dream Come True** Bill Harrison, 2016-10-05 Even in elementary school, future captain Bill Harrison would help out on the local fishing boats. He knew from a young age that he wanted to spend his career at sea. Looking back later in life, he can say with certainty that he has never regretted his choice. Harrison's memoir is filled with the serenity he found out on the open ocean. He shares his stories of making great friendships and guiding these friends to all kinds of fish. Harrison structures his memoir by focusing on specific days in his life and the events that made that day especially memorable. The result of his endeavor is a series of vignettes that perfectly capture the mood and tone of life of traveling hundreds of islands and catching big fish. Harrison also shares anecdotes about respected captains and rascally crew members that are a part of all charter boat fishing docks. Big fish, beautiful women, and blue water are all Harrison needs to be happy with the world.

*Language and Human Understanding* David Braine, 2014-02-03 Philosopher, psychologist and linguist are all concerned with natural language. Accordingly, in seeking a unified view, Braine draws on insights from all these fields, sifting through

the discordant schools of linguists. He concludes that one extended logic or integrated semantic syntax shapes grammar, but without constricting languages to being of one grammatical type.

*The Lost Photographs of Captain Scott* Dr. David M. Wilson, 2012-01-16 The myth of Scott of the Antarctic, Captain Robert Falcon Scott, icon of fortitude and courage who perished with his fellow explorers on their return from the South Pole on March 29th, 1912, is an enduring one, elevated, dismantled and restored during the turbulence of the succeeding century. Until now, the legend of the doomed Terra Nova expedition has been constructed out of Scott's own diaries and those of his companions, the sketches of 'Uncle Bill' Wilson and the celebrated photographs of Herbert Ponting. Yet for the final, fateful months of their journey, the systematic imaging of this extraordinary scientific endeavor was left to Scott himself, trained by Ponting. In the face of extreme climactic conditions and technical challenges at the dawn of photography, Scott achieved an iconic series of images; breathtaking polar panoramas, geographical and geological formations, and action photographs of the explorers and their animals, remarkable for their technical mastery as well as for their poignancy. Lost, fought over, neglected and finally resurrected, Scott's final photographs are here collected, accurately attributed and catalogued for the first time: a new dimension to the last great expedition of the Heroic Age and a humbling testament to the men whose graves still lie unmarked in the vastness of the Great Alone.

The Hero Code Admiral William H. McRaven, 2021-04-13 AN INSTANT NEW YORK TIMES BESTSELLER! From the acclaimed, #1 New York Times bestselling author of *Make Your Bed*—a short, inspirational book about the qualities of true, everyday heroes. THE HERO CODE is Admiral McRaven's ringing tribute to the real, everyday heroes he's met over the years, from battlefields to hospitals to college campuses, who are doing their part to save the world. When Bill McRaven was a young boy growing up in Texas, he dreamed of being a superhero. He longed to put on a cape and use his superpowers to save the earth from destruction. But as he grew older and traveled the world, he found real heroes everywhere he went -- and none of them had superpowers. None of them wore capes or cowls. But they all possessed qualities that gave them the power

to help others, to make a difference, to save the world: courage, both physical and moral; humility; a willingness to sacrifice; and a deep sense of integrity. THE HERO CODE is not a cypher, a puzzle, or a secret message. It is a code of conduct; lessons in virtues that can become the foundations of our character as we build a life worthy of honor and respect.

### **Prologue**, 2005

**Make Your Bed** Admiral William H. McRaven, 2017-04-04 Based on a Navy SEAL's inspiring graduation speech, this #1 New York Times bestseller of powerful life lessons should be read by every leader in America (Wall Street Journal). If you want to change the world, start off by making your bed. On May 17, 2014, Admiral William H. McRaven addressed the graduating class of the University of Texas at Austin on their Commencement day. Taking inspiration from the university's slogan, What starts here changes the world, he shared the ten principles he learned during Navy Seal training that helped him overcome challenges not only in his training and long Naval career, but also throughout his life; and he explained how anyone can use these basic lessons to change themselves-and the world-for the better. Admiral McRaven's original speech went viral with over 10 million views. Building on the core tenets laid out in his speech, McRaven now recounts tales from his own life and from those of people he encountered during his military service who dealt with hardship and made tough decisions with determination, compassion, honor, and courage. Told with great humility and optimism, this timeless book provides simple wisdom, practical advice, and words of encouragement that will inspire readers to achieve more, even in life's darkest moments. Powerful. --USA Today Full of captivating personal anecdotes from inside the national security vault. - Washington Post Superb, smart, and succinct. --Forbes

**Yacht Designs** William Garden, 2017-04 Garden's career as both a yacht designer and builder spanned well over six decades and untold hundreds of boats sailing canoes, salmon trollers, tugboats, cruising ketches, gaff-rigged cutters with plumb stems, easily built pocket cruisers, racers, luxury yachts, trading schooners, pulling boats, classic power launches, production fiberglass cruisers and patrol boats. Such a great variety of boats each given his special touch. Garden's writing style is just as far-ranging and eclectic as his boats, whimsical and informative, light-hearted yet solidly grounded, serious, thought-provoking and thoroughly engaging. In short, as good as his drawings. The original edition of Yacht Designs was published in 1977 and, after several printings, had gone completely out of print. In his moreorless retirement, Bill Garden had time to write more of the essays on his own designs that made him a popular feature of The Rudder magazine. He revised and expanded the essays from the original edition and added over 30 more boats, many never before published, and even a few dream ships that were never built, all combined and brought together in this volume. Each essay is as different as the boat it describes, sometimes explaining the building process or a particular aspect of it in detail, or the events that led to a design, or the individuals involved, or the evolution of a yacht type, or Bill's own unique outlook on life and the boats he

loved. So pick a boat and climb aboard, or just start at the beginning and go on to the end. You might just find your own dream ship in these pages. See why Bill Garden has been an inspiration to succeeding generations of yacht designers! We can only thank God for his talent and generosity in encouraging and mentoring us, and his hospitality at his island office.

*Abandoned in Hell* William Albracht, Marvin Wolf, 2015-02-03 An astonishing memoir of military courage at a remote outpost during the Vietnam War “A riveting, dead-true account in the tradition of *Black Hawk Down* and *We Were Soldiers Once...and Young*.”—Steven Pressfield, national bestselling author of *The Lion’s Gate* In October 1969, William Albracht, the youngest Green Beret captain in Vietnam, took command of a remote hilltop outpost called Firebase Kate held by only 27 American soldiers and 156 Montagnard militiamen. At dawn the next morning, three North Vietnamese Army regiments—some six thousand men—crossed the Cambodian border and attacked. Outnumbered three dozen to one, Albracht’s men held off the assault but, after five days, Kate’s defenders were out of ammo and water. Refusing to die or surrender, Albracht led his troops off the hill and on a daring night march through enemy lines. *Abandoned in Hell* is an astonishing memoir of leadership, sacrifice, and brutal violence, a riveting journey into Vietnam’s heart of darkness, and a compelling reminder of the transformational power of individual heroism. Not since *Lone Survivor* and *We Were Soldiers Once...and Young* has there been such a gripping and authentic account of battlefield courage. INCLUDES PHOTOS
