## Howard Faber

Shout Her Lovely Name Natalie Serber, 2012 A collection of stories about the complicated and powerful ties between mothers and daughters.

**The Just City** Jo Walton, 2015-01-13 Here in the Just City you will become your best selves. You will learn and grow and strive to be excellent. Created as an experiment by the time-traveling goddess Pallas Athene, the Just City is a planned community, populated by over ten thousand children and a few hundred adult teachers from all eras of history, along with some handy robots from the far human future—all set down together on a Mediterranean island in the distant past. The student Simmea, born an Egyptian farmer's daughter sometime between 500 and 1000 A.D, is a brilliant child, eager for knowledge, ready to strive to be her best self. The teacher Maia was once Ethel, a young Victorian lady of much learning and few prospects, who prayed to Pallas Athene in an unguarded moment during a trip to Rome—and, in an instant, found herself in the Just City with grey-eyed Athene standing unmistakably before her. Meanwhile, Apollo—stunned by the realization that there are things mortals understand better than he does—has arranged to live a human life, and has come to the City as one of the children. He knows his true identity, and conceals it from his peers. For this lifetime, he is prone to all the troubles of being human. Then, a few years in, Sokrates arrives—the same Sokrates recorded by Plato himself—to ask all the troublesome questions you would expect. What happens next is a tale only the brilliant Jo Walton could tell. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**The Ferris Conspiracy** Paul Ferris, Reg McKay, 2012-11-23 On Glasgow's meanest streets life started well for the young Paul Ferris. How did he become Glasgow's most feared gangster, deemed a risk to national security? Arthur Thompson, Godfather of the crime world and senior partner of the Krays, recruited young Ferris as a bagman, debt collector and equaliser. Feared for his capacity for extreme violence, respected for his intelligence, Ferris was the Godfather's heir apparent. But when gang warfare broke, underworld leaders traded in flesh, colluding with their partners - the police. Disgusted, Ferris left the Godfather and stood alone. They gave him weeks to live. While Ferris was caged in Barlinnie Prison's segregation unit accused of murdering Thompson's son, Fatboy, his two friends were shot dead the night before the

funeral and grotesquely displayed in a car on the cortège's route. Acquitted against all the odds, Ferris moved on, determined to make an honest living. They would not let him. The National Crime Squad, MI5, the police and two of the country's most powerful gangsters saw to that. A maximum-security prisoner, Ferris is known as 'Lucky' because he is still alive. This is one man's unique insight into Britain's crime world and the inextricable web of corruption - a revealing story of official corruption and unholy alliances.

Instead of a Letter Diana Athill, 2023-08-15 When Diana Athill, nearly forty-three and far from a household name, sat down to write *Instead of a Letter*, the first in her series of trailblazing memoirs, she was looking for an answer to the question "What have I lived for?" In this searching book, she recalls her childhood on her grandparents' magnificent estate, the teenage romance that was certain to lead to marriage, her university days coinciding with the Second World War, and the sudden dissolution of her engagement, a loss that became the defining experience of the next twenty years of her life. Athill is as forthright in confessing her faults as she is in celebrating her triumphs. "From this table, with this white tea-cup, full ashtray, and small glass half full of rum beside me," she writes, "I see my story, ordinary enough though it has all been and sad though much of it was, as a success story."

They're Playing Our Song Marvin Hamlisch, Neil Simon, Carole Bayer Sager, 1980 America's premier funny man and the Tony Award-winning composer of *A Chorus Line*; collaborated on this hit musical; a funny, romantic show about an established composer and his relationship with an aspiring young female lyricist, not unlike Carole Bayer Sager. Professionally, their relationship works beautifully, but ultimately leads to conflict on the home front. Of course, there's a happy ending.

**Alive, Alive Oh!** Diana Athill, 2015-11-19 "Enchanting . . . Diana Athill, 98, still has a few things to teach us about growing old with dignity and humor and grace . . . Astute and sparkling."—Associated Press Several years ago, Diana Athill accepted that she could no longer live entirely independently, and moved to a retirement home in Highgate. Released from the daily anxieties of caring for her own property and free to settle into her remaining years, she reflects on what it feels like to be very old, and on the moments in her long life that have risen to the surface and which sustain her in these last years. What really matters in the end? Which memories stand out? As she approaches her 100th year, Athill recalls in sparkling, precise detail the exact layout of the garden of her childhood, a vast and beautiful park attached to a large house; relates with humor, clarity and honesty her experiences of the First and Second World Wars and her trips to Europe as a young woman; and in the remarkable title chapter, describes her pregnancy at the age of forty-three, losing the baby and almost losing her life—and her gratitude and joy on discovering that she had survived. *Alive, Alive Oh!* is "so beautifully written and exquisitely detailed . . . [Athill] mines her memories of a life well-lived and generously lays them out on the page for the rest of the world to enjoy" (Star Tribune). "Witty, candid . . . If you haven't read Athill, and open her latest book expecting serene reflections from a nonagenarian sipping tea in her garden, you're in for a surprise."—San Francisco Chronicle

**Eccentric Spaces** Robert Harbison, 2000-02-28 The subject is the human imagination—and the mysterious interplay between the imagination and the spaces it has made for itself to live in: gardens, rooms, buildings, streets, museums and maps, fictional topographies, and architectures. The book is a lesson in seeing and sensing the manifold forms created by the mind for its own pleasure. Like all of Robert Harbison's works, *Eccentric Spaces* is a hybrid, informed by the author's interests in art, architecture, fiction, poetry, landscape, geography, history, and philosophy. The subject is the human imagination—and the mysterious interplay between the imagination and the spaces it has made for itself to live in: gardens, rooms, buildings, streets, museums and maps, fictional topographies, and architectures. The book is a lesson in seeing and sensing the manifold forms created by the mind for its own pleasure. Palaces and haunted houses, Victorian parlors, Renaissance sculpture gardens, factories, hill-towns, ruins, cities, even novels and paintings constructed around such environments—these are the spaces over which the author broods. Brilliantly learned, deliberately remote in form from conventional scholarship, *Eccentric Spaces* is a magical book, an intellectual adventure, a celebration. Since its original publication in 1977, *Eccentric Spaces* has had a devoted readership. Now it is available to be discovered by a new generation

of readers.

**Community Chest** Natalie Serber, 2015-09-29 Diagnosed with breast cancer, Natalie Serber did the only thing she could: she wrote her way through the confusion and fear. In this fierce and good-humored memoir, she maintains her sense of gratitude and grace. Praise for Community Chest: I loved Natalie Serber's smart, funny and bittersweet report from the Land of Breast Cancer. Fear and grief take turns with an almost normal day; kindness and honesty collide with irrational rage. While generously detailing the unique aspects of her personal journey, she also manages to honor the collective experience so many (too many!) of us have shared. Now we have this story to share too. -Elizabeth Rosner, author of *Electric City*, *Blue Nude*, and *The Speed of Light* Natalie Serber is the kind of friend you long for when things get hard-tough enough to see how dark things can get, but with enough pluck and fortitude to show you how to thrash through it. This perfect memoir is not just a tale of surviving a diagnosis but of truly experiencing it, observing it, and feeling all that it brings-gravity, absurdity, craziness, fury, tenacity, and love. -Robin Romm, author of *The Mercy Papers* and *The Mother Garden* What I loved about this book: the honesty, the unadorned reality, the bitter, the sweet, the surrender-the lucidness, and lyric grace that touched these pages, calling you friend, whispering secrets, helping readers grapple with their own struggles with the fear and pain and shame that comes from a diagnosis of Cancer. Natalie Serber is a born writer, braiding past, present and future into a story that is both vulnerable and strong, witty and filled with insight. -Naseem Rakha, author of *The Crying Tree* Natalie Serber's *Community Chest* closely describes and considers her experience of breast cancer-from diagnosis through surgery and chemotherapy and recovery to the lovely abyss of remission. Serber's prose is totally stunning, is both clipped, compact and capaciously expansive. The writing reveals Serber's varied emotional, bodily experience with great precision and complexity. She especially writes deeply about the experiences of loneliness and anxiety (Anxiety is imagining forward, imagining the worst.). The knockout sections here are *Pierced* and *#Baldunderneath*. Both describe what underscores any day of illness (any day of wellness too)-loss of body, decline of the body amidst other bodies in decline, in fruition, and even though Serber experiences (and endures) bodily loss, the prose forms into its own beautifully fecund body regaining itself. -Jay Ponteri, author of *Wedlocked* and *Darkmouth Strikes Again*

**The Living Landscape** Rick Darke, Douglas W. Tallamy, 2014-07-01 Many gardeners today want a home landscape that nourishes and fosters wildlife. But they also want beauty, a space for the kids to play, privacy, and maybe even a vegetable patch. Sure, it's a tall order, but *The Living Landscape* shows how to do it. By combining the insights of two outstanding authors, it offers a model that anyone can follow. Inspired by its examples, you'll learn the strategies for making and

maintaining a diverse, layered landscape—one that offers beauty on many levels, provides outdoor rooms and turf areas for children and pets, incorporates fragrance and edible plants, and provides cover, shelter, and sustenance for wildlife. Richly illustrated with superb photographs and informed by both a keen eye for design and an understanding of how healthy ecologies work, *The Living Landscape* will enable you to create a garden that is full of life and that fulfills both human needs and the needs of wildlife communities.
