Hitler's Commando Otto Skorzeny, 2016-09-27 Otto Skorzeny, Germany's top commando in the Second World War, is one of the most famous men in the history of special forces. His extraordinary wartime career was one of high risk and adventure and here he tells the full story. Skorzeny quickly proved his worth in Yugoslavia and then Russia. In 1942 he was awarded the Iron Cross, and in April 1943 he was promoted to captain and named "Chief of Germany's Special Troops, Existing or to be Created in the Future." When Mussolini was imprisoned in Italy in 1943, it was Skorzeny who successfully led the daring glider rescue, winning the Knight's Cross and promotion as a result. Skorzeny's talents were brought into play again when he was sent to Budapest to stop the Hungarian regent Admiral Horthy from signing a peace with Stalin in 1944. Now dubbed "the most dangerous man in Europe" by the Allies he was awarded the German Cross in Gold. A few months later he took a critical role in the Ardennes offensive with a controversial plan to raise a brigade disguised as Americans with captured Sherman tanks. His captured colleagues spread a false rumor that he was planning to assassinate Eisenhower, who was consequently confined to his headquarters under guard for protection. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Rorschach (2020-) #7 Tom King, 2021-04-13 Wil Myerson might have been the creator of Pontius Pirate, the most popular comic in history, before he put on the Rorschach mask and tried to kill a would-be president, but he's not the only artist who

worked on the character. Other artists fell under Wil's influence, and now all these years later, his more renowned acolyte has fallen sway to Laura, the #1 Myerson superfan. Is it possible she influenced another comic book legend into playing vigilante? The key here is that tape the detective is trying to decipher, the one with the séance that has been haunting him since the very first issue! All this and a cameo by Dr. Manhattan to boot!

Litani River Ian McHarg, 2011 Litani River is the story of No.11 (Scottish) Commando's daring raid behind enemy lines during Operation Exporter in Syria in 1941. The book follows the unit's officers and men from its formation in Galashiels, through arduous commando training on the Isle of Arran; and on to the Middle East via Cape Town and Cyprus. The story climaxes with the Commando taking part in the first opposed amphibious landing on an occupied shore by a complete Commando Force. Tasked to land from the sea and attack the enemy from the rear, securing and holding the ground around the Litani River, enabling the advancing 21st Australian Brigade to cross the river and advance on to Beirut. Divided into three parties, X, Y and Z, they run into difficulties immediately; in rough seas and with the danger of their landing craft capsizing, the landing is aborted in clear view of the enemy. The second attempt the following night also has its problems, and instead of landing behind the enemy they are landed in front and are left with no option but to mount frontal assaults against heavily armed and fortified enemy troops who know exactly when and from where they were coming. Chaotic and confused fighting follows with disastrous results for the unit; of the 406 men that landed 130 are killed or wounded in nearly 29-hours of fighting, for which they only had enough ammunition and food to last eight. Among those killed in action was the Commanding Officer, however, despite being out numbered and suffering incredible misfortune and difficulties they were able to hold the line long enough for the Australians to cross the river and continue with their advance to Beirut. For their gallantry four Military Crosses, one Military Medal and two Distinguished Conduct Medals were awarded. The book tells the story from the words of the men themselves, through official reports, personal recollections, and from a series of interviews and correspondence with surviving members of the Commando.
