Land of Strangers Eric Schluessel, 2020 Eric Schluessel explores the late nineteenth-century encounter between Chinese power and a Muslim society through the struggles of ordinary people in the oasis of Turpan. He traces the emergence of new struggles around essential questions of identity, recasting the attempted transformation of Xinjiang as a distinctly Chinese form of colonialism.

This Brilliant Darkness: A Book of Strangers Jeff Sharlet, 2020-02-11 "A luminous, moving and visual record of fleeting moments of connection." —New York Times Book Review, Editors' Choice A visionary work of radical empathy. Known for immersion journalism that is more immersed than most people are willing to go, and for a prose style that is somehow both fierce and soulful, Jeff Sharlet dives deep into the darkness around us and awaiting us. This work began when his father had a heart attack; two years later, Jeff, still in his forties, had a heart attack of his own. In the grip of writerly self-doubt, Jeff turned to images, taking snapshots and posting them on Instagram, writing short, true stories that bloomed into documentary. During those two years, he spent a lot of time on the road: meeting strangers working night shifts as he drove through the mountains to see his father; exploring the life and death of Charley Keunang, a once-aspiring actor shot by the police on LA's Skid Row; documenting gay pride amidst the violent homophobia of Putin's Russia; passing time with homeless teen addicts in Dublin; and accompanying a lonely woman, whose only friend was a houseplant, on shopping trips. Early readers have called this book "incantatory," the voice "prophetic," in "James Agee's tradition of looking at the reality of American lives." Defined by insomnia and late-night driving and the companionship of other darkness-dwellers—night bakers and last-call drinkers, frightened people and frightening people, the homeless, the lost (or merely disoriented), and other people on the margins—This Brilliant Darkness erases the boundaries between author, subject, and reader to ask: how do people live with suffering?

CoCA 2009 Ray C. Freeman III,

Art and Artists of Twentieth-Century China Michael Sullivan, 2023-12-22 This visually stunning book focuses on the rebirth of Chinese art in the twentieth century under the influence of Western art and culture. Michael Sullivan, recognized throughout the world as a leading scholar of Chinese art, vividly documents the conflicting pulls of traditional and Western values on Chinese art and provides 364 illustrations, in color and black-and-white, to show the great range of artistic expression and the historical processes that occurred within various movements. A substantial biographical index of twentieth-century Chinese artists is a valuable addition to the text. Sullivan discusses artists and their work against China's background of oppression and relaxation, despair and hope. He expertly conveys the diverse and at times bizarre intertwining of Chinese cultural history and art during this century. Included are the intense debates between traditionalists and reformers, the creation of the first art schools, and the birth of the idea—shocking in ethnocentric China—that art is a world language that obliterates all frontiers. The scholarly traditions of classical Chinese painting, the belated discovery of Western modernism, the artistic upheaval under Communism, and China's rethinking of the very nature of art all have a place in Sullivan's fascinating history. Michael Sullivan has known many of the major figures in China's modern art movement of the 1930s and 1940s and has also gained the confidence of younger artists who rose to prominence following the 1979 Peking Spring. This long-awaited book—richly documented and abundantly illustrated—is a capstone to Sullivan's work and will be enthusiastically welcomed by art lovers everywhere.

Of Fear and Strangers: A History of Xenophobia George Makari, 2021-09-14 Winner of the Anisfield-Wolf Book Award A Bloomberg Best Nonfiction Book of 2021 A startling work of historical sleuthing and synthesis, *Of Fear and Strangers* reveals the forgotten histories of xenophobia—and what they mean for us today. By 2016, it was impossible to ignore an international resurgence of xenophobia. What had happened? Looking for clues, psychiatrist and historian George Makari started out in search of the idea's origins. To his astonishment, he discovered an unfolding series of never-told stories. While a fear and hatred of strangers may be ancient, he found that the notion of a dangerous bias called xenophobia arose not so long ago. Coined by late-nineteenth-century doctors and political commentators and popularized by an eccentric stenographer, xenophobia emerged alongside Western nationalism, colonialism, mass migration, and genocide. Makari chronicles the concept's rise, from its popularization and perverse misuse to its spread as an ethical principle in the wake of a series of calamities that culminated in the Holocaust, and its sudden reappearance in the twenty-first century. He investigates xenophobia's evolution through the writings of figures such as Joseph Conrad, Albert Camus, and Richard Wright, and innovators like Walter Lippmann, Sigmund Freud, Jean-Paul Sartre, Simone de Beauvoir, and Frantz Fanon. Weaving together history, philosophy, and psychology, Makari offers insights into varied, related ideas such as the conditioned response, the stereotype, projection, the Authoritarian Personality, the Other, and institutional bias. Masterful, original, and elegantly written, *Of Fear and Strangers* offers us a unifying paradigm by which we might more clearly

comprehend how irrational anxiety and contests over identity sweep up groups and lead to the dark headlines of division so prevalent today.

Before We Were Strangers Renée Carlino, 2015-08-18 From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist “missed connection” post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn’t stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn’t see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn’t know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I’ve spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half?

1847 Turtle Bunbury, 2016-09-09 Capture the spirit of an industrial, social and cultural revolution through this invigorating collection of historical portraits from the dawn of the industrialised world! Though it feels like an era marooned almost irretrievably in the distant past, the 1840s – a decade of blistering social and cultural change – is only two lifetimes removed from the present day. There are, in other words, people alive today who knew and associated with people for whom the Gold Rush and the Great Famine were living memories. Having grown up in an Irish country house built that year, 1847 has long proven the source of inspiration and fascination for historian Turtle Bunbury. And in a bid to once more grasp the spirit of the age, he has over the years assembled an archive of the most remarkable stories from those twelve momentous months. Bristling with all manner of human life and endeavour, from American pioneers and German entrepreneurs to circus charlatans and down-and-out songwriters, 1847 is a collection of his most remarkable discoveries to

date and a stirring portrait of a chaotic world surging towards the modern. By turns poignant, outlandish, curious and provocative, this is history at its most invigorating – as panorama, as epic. Praise for *The Glorious Madness*: 'An absolutely brilliant book.' Patrick Geoghegan, Associate Professor in History at Trinity College, Dublin 'Turtle Bunbury's open-handed, clear-sighted and finely written book comes fresh and, I might almost say, redeemed out of the moil and storm of controversy that surrounded the topic of the war, in a thousand different guises in the decades since its end. Turtle holds out his hand in the present, seeking the lost hands of the past, in darkness, in darkness, but also suddenly in the clear light of kindness – in the upshot acknowledging their imperilled existence with a brilliant flourish, a veritable banner, of wonderful stories.' Sebastian Barry, author of *The Secret Scripture* 'Turtle continues the wonderful listening and yarn-spinning he has honed in the *Vanishing Ireland* series, applying it to veterans of the First World War. The stories he recreates are poignant, whimsical and bleakly funny, bringing back into the light the lives of people who found themselves on the wrong side of history after the struggle for Irish independence. This is my kind of micro-history.' John Grenham, *The Irish Times* Praise for *Vanishing Ireland*: 'A perfect symbiosis between text and images – both similarly affectionate, respectful, humorous, slightly melancholic but never sentimental or nostalgic. This is invaluable social history.' *Cara Magazine* 'This is a beautiful and remarkably simple book that will melt the hardest of hearts. Bunbury has a light writing style that lets his interviewees, elderly folk from around the country, tell their stories without interference. It's neither patronising nor overly romantic about the past; just narrating moving tales – The portraits by Fennell are striking, warm and dignified, with a feeling of being invited into people's lives.' *The Sunday Times*
