Women, Politics, and the Constitution Naomi B. Lynn, 1990 The legacy of women's roles in the development of our country and our Constitution has largely been ignored by historians and educators--until now. Informative and enlightening, *Women, Politics and the Constitution* is one of the few books that recognizes and provides an understanding of women's early political contributions. It is an absolutely essential volume for an educated public. Experts, both women and men, debate, discuss, and commemorate the significance of the United States Constitution on women's history, rights, and present status. Chapters are written by legal and academic leaders who are playing a critical role both in interpreting and in determining the constitutional status of women. Highlights include: an overview of the history of women and the United States constitution by Supreme Court Justice Sandra Day O'Connor, who explores the exclusion of women from most political and economic protections provided to men and addresses the impact on women of various interpretations made by the United States Supreme Court a review of one pioneering woman's contributions to the content of the Constitution a discussion of the implications of the Constitution for African-American women an examination of how New Jersey women secured the right to vote in the late eighteenth century and their subsequent disenfranchisement an investigation of the significance of the Nineteenth Amendment for contemporary gender gap politics a look at sex discrimination cases decided by the Burger Court--both before and after the appointment of Justice Sandra Day O'Connor--to determine her impact on the Court as a whole and upon individual justices criticism of the Supreme Court's approach to constitutional gender equality, with suggestions for a new type of review for gender-based classifications under the Equal Protection Clause an exploration of the theoretical foundations of American sex discrimination law an examination of the content and success rate of constitutional changes relating to women's issues that were proposed in the 50 states between 1977 and 1985 *Women, Politics and the Constitution* is an outgrowth of the conference *Women and the Constitution: A Bicentennial Perspective* which was held recently in Atlanta, Georgia, and was sponsored by the Carter Center of Emory University, the Jimmy Carter Library, and Georgia State University.

The Negro Motorist Green Book Victor H. Green, *The Negro Motorist Green Book* was a groundbreaking guide that

provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, *The Negro Motorist Green Book* stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs of the African American experience in the 20th century.

A Cruising Guide to New Jersey Waters Donald Launer,2004 With this book in hand, boaters can cruise down the Jersey Shore--from New York Harbor to Delaware Bay--in the good company of Captain Donald Launer. Captain Launer brings many years of experience as a skipper of small boats to this engaging nautical and historical guide to New Jersey's tidal waters. Cruise with him from the New Jersey/New York state line near the mouth of the Hudson River, past Raritan Bay and Sandy Hook, and into the Manasquan Inlet. From there, he gives you a choice of voyages: the inside route through the Intracoastal Waterway to Toms River, Barnegat Bay, Atlantic City, and Cape May, or taking the offshore passage. Then you explore the Delaware Bay and its tributaries and cruise up the Delaware River to Trenton. This revised edition contains updated information about onshore facilities, marinas, restaurants, stores, sites of interest, docking fees, bridge heights, maritime service stations, weather, navigation, and safety, as well as post-September 11 regulations in the waters around New York City. The book also includes a wealth of photographs and sea charts. Donald Launer, who holds a U.S. Coast Guard captain's license, has explored the New Jersey waters in every kind of small craft since he first sailed in Barnegat Bay at the age of eight. His articles on recreational boating have appeared in *Good Old Boat Magazine*, *Cruising World*, *The Beachcomber*, *Offshore*, and *Sail*. He berths his schooner, *Delphinus*, in Forked River, New Jersey.

Refuge Recovery Noah Levine,2014-06-10 Bestselling author and renowned Buddhist teacher Noah Levine adapts the Buddha's Four Noble Truths and Eight Fold Path into a proven and systematic approach to recovery from alcohol and drug addiction—an indispensable alternative to the 12-step program. While many desperately need the help of the 12-step recovery program, the traditional AA model's focus on an external higher power can alienate people who don't connect with its religious tenets. *Refuge Recovery* is a systematic method based on Buddhist principles, which integrates scientific, non-theistic, and psychological insight. Viewing addiction as cravings in the mind and body, Levine shows how a path of

meditative awareness can alleviate those desires and ease suffering. Refuge Recovery includes daily meditation practices, written investigations that explore the causes and conditions of our addictions, and advice and inspiration for finding or creating a community to help you heal and awaken. Practical yet compassionate, Levine's successful Refuge Recovery system is designed for anyone interested in a non-theistic approach to recovery and requires no previous experience or knowledge of Buddhism or meditation.
