Effective Risk Communication V.T. Covello, David B. McCallum, Maria T. Pavlova, 2012-12-06 One of the greatest challenges facing those concerned with health and environmental risks is how to carry on a useful public dialogue on these subjects. In a democracy, it is the public that ultimately makes the key decisions on how these risks will be controlled. The stakes are too high for us not to do our very best. The importance of this subject is what led the Task Force on Environmental Cancer and Heart and Lung Disease to establish an Interagency Group on Public Education and Communication. This volume captures the essence of the Workshop on the Role of Government in Health Risk Communication and Public Education held in January 1987. It also includes some valuable appendixes with practical guides to risk communication. As such, it is an important building block in the effort to improve our collective ability to carry on this critical public dialogue. Lee M. Thomas Administrator, U. S. Environmental Protection Agency, and Chairman, The Task Force on Environmental Cancer and Heart and Lung Disease Preface The Task Force on Environmental Cancer and Heart and Lung Disease is an interagency group established by the Clean Air Act Amendments of 1977 (P.L. 95-95). Congress mandated the Task Force to recommend research to determine the relationship between environmental pollutants and human disease and to recommend research aimed at reducing the incidence of environment-related disease. The Task Force's Project Group on Public Education and Communication focuses on education as a means of reducing or preventing disease.

Planet Earth Is Blue Nicole Panteleakos, 2020-05-05 Tender and illuminating. A beautiful debut. --Rebecca Stead, Newbery Medal-winning author of *When You Reach Me* A heartrending and hopeful story about a nonverbal girl and her passion for space exploration, for fans of *See You in the Cosmos*, *Mockingbird*, and *The Thing About Jellyfish*. Twelve-year-old Nova is eagerly awaiting the launch of the space shuttle Challenger--it's the first time a teacher is going into space, and kids across America will watch the event on live TV in their classrooms. Nova and her big sister, Bridget, share a love of astronomy and the space program. They planned to watch the launch together. But Bridget has disappeared, and Nova is in a

new foster home. While foster families and teachers dismiss Nova as severely autistic and nonverbal, Bridget understands how intelligent and special Nova is, and all that she can't express. As the liftoff draws closer, Nova's new foster family and teachers begin to see her potential, and for the first time, she is making friends without Bridget. But every day, she's counting down to the launch, and to the moment when she'll see Bridget again. Because as Bridget said, No matter what, I'll be there. I promise.

Headstrong Hallie!: The Story of Hallie Morse Daggett, the First Female "fire Guard" Aimee Bissonette, 2021-02-15 In the 1880s the U.S. Forest Service didn't hire women, thinking they couldn't handle the physical challenges of the work, but Hallie Morse Daggett overcame discrimination to become the first woman fire guard hired by the U.S. Forest Service--

Let Me Finish Chris Christie, 2019-01-29 The instant New York Times--bestselling memoir from the outspoken current Republican presidential candidate and former New Jersey governor--an explosive (Guardian) must read (Hugh Hewitt) account of Chris Christie's life in politics including his not to miss (Entertainment Weekly) insights into Donald Trump. After dropping out of the 2016 presidential race, Chris Christie stunned the political world by becoming the first major official to endorse Donald Trump. A friend of Trump's for fifteen years, the two-term New Jersey governor understood the future president as well as anyone in the political arena--and Christie quickly became one of Trump's most trusted advisers. Tapped with running Trump's transition team, Christie was nearly named his running mate. But within days of Trump's surprise victory over Hillary Clinton, Christie was in for his own surprise: he was being booted out. In *Let Me Finish*, Christie sets the record straight about his tenure as a corruption-fighting prosecutor and a Republican running a Democratic state, as well as what really happened on the 2016 campaign trail and inside Trump Tower. Christie takes readers inside the ego-driven battles for Trump's attention among figures like Steve Bannon, Corey Lewandowski, Reince Priebus, Kellyanne Conway, Jeff Sessions, and Paul Manafort. He shows how the literal trashing of Christie's transition plan put the new administration in the hands of self-serving amateurs, all but guaranteeing the Trump presidency's shaky start. Christie also addresses hot-button issues from his own years in power, including what really went down during Bridgewater. And, for the first time, Christie tells the full story of the Kushner saga: how, as a federal prosecutor, Christie put Jared Kushner's powerful father behind bars--a fact Trump's son-in-law makes Christie pay for later. Packed with news-making revelations and told with the kind of bluntness few politicians can match, Christie's memoir is an essential guide to understanding the Trump presidency.

The Religious Art of Pablo Picasso Jane Dillenberger, John Handley, 2014-04-17 This is the first critical examination of Pablo Picasso's use of religious imagery and the religious import of many of his works with secular subject matter. Though Picasso was an avowed atheist, his work employs spiritual themes--and, often, traditional religious iconography. In five engagingly written, accessible chapters, Jane Daggett Dillenberger and John Handley address Picasso's cryptic 1930 painting of the Crucifixion; the artist's early life in the Catholic church; elements of transcendence in *Guernica*; Picasso's later,

fraught relationship with the church, which commissioned him in the 1950s to paint murals for the Temple of Peace chapel in France; and the centrality of religious themes and imagery in bullfighting, the subject of countless Picasso drawings and paintings.

Hard Fall Ridley Pearson, 2012-08-14 The tragic bombing of EuroTours Flight 1023 was big news. To FBI Agent Cam Daggett it was more than that. It was personal. His parents and son were on that plane. And for two years he's been after the killer who did it. All he has to go on is a name: Anthony Kort . . . and the knowledge that Kort is in the United States with a detonator no airport security can detect. HE MUST BE STOPPED. Daggett's colleagues at the Bureau and his girlfriend tell him his vendetta has become an obsession. They suggest he leave the investigation to other agents, in order to keep it objective. But having painstakingly constructed a portrait of the terrorist, Daggett believes he's now the only one with any chance of predicting Kort's next target. A novel of madness and revenge, *Hard Fall* begs readers to fasten their seatbelts.

The Mezzanine Nicholson Baker, 2010-07-13 A National Book Critics Circle Award-winner elevates the ordinary events that occur to a man on his lunch hour into "a constant delight" of a novel (*The Boston Globe*). In this startling, witty, and inexhaustibly inventive novel, New York Times-bestselling author Nicholson Baker uses a one-story escalator ride as the occasion for a dazzling reappraisal of everyday objects and rituals. From the humble milk carton to the act of tying one's shoes, *The Mezzanine* at once defamiliarizes the familiar world and endows it with loopy and euphoric poetry. Baker's accounts of the ordinary become extraordinary through his sharp storytelling and his unconventional, conversational style. At first glance, *The Mezzanine* appears to be a book about nothing. In reality, it is a brilliant celebration of things, simultaneously demonstrating the value of reflection and the importance of everyday human experiences. "A very funny book . . . Its 135 pages probably contain more insight into life as we live it today than anything currently on the best-seller list." —*The New York Times* "Captures the spirit of American corporate life and invests it with a passion and sympathy that is entirely unexpected." —*The Seattle Times* "Among the year's best." —*The Boston Globe* "Baker writes with appealing charm . . . [He] clowns and shows off . . . rambles and pounces hard; he says acute things, extravagant things, terribly funny things." —*Los Angeles Times Book Review* "Wonderfully readable, in fact gripping, with surprising bursts of recognition, humor and wonder." —*The Washington Post Book World*

Good and Cheap Leanne Brown, 2015-07-14 A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled

Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!”; and Michael Pollan, who cited it as a “cool kickstarter.” In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace.

The Least Among Us Rosa L. DeLauro, 2011-05-10 The outspoken Connecticut congresswoman provides “a powerful case for protecting and expanding America’s safety net” (Elizabeth Warren). Cynical politicians like Mitch McConnell and Donald Trump argue that the people of the United States would be better off without food stamps, Obamacare, and workplace protections. Congresswoman Rosa L. DeLauro knows these folks are just plain wrong. Growing up in New Haven, Connecticut, DeLauro saw firsthand how vulnerable hard-working people are in the face of corporate indifference and government neglect. From fatal industrial fires to devastating childhood poverty, DeLauro witnessed it all—and emerged convinced that social programs are worth going to the mat for, again and again. Worker protections, Social Security, unemployment insurance, Medicare, Medicaid, food stamps, and housing assistance lift up all Americans; they fulfill this country’s promise of opportunity for everyone and are essential for our country’s health. For twenty-five years, DeLauro has been fighting for everyday Americans, earning a reputation as the most impassioned defender of our social safety net. *The Least Among Us* tells the story of a quarter-century of deal-making on behalf of people too often overlooked, told by a woman as fearless as she is opinionated. Part House of Cards, part progressive manifesto, *The Least Among Us* shares lessons about power—how it’s gained and how to wield it for everyone’s benefit. “Can you imagine how cool the world would be if we had Rosa DeLauro getting s*** done instead of Congress being held hostage by terrible people!” —Wonkette “An impassioned, urgent defense of democratic values and the role of government to serve and benefit all citizens.” —Kirkus Reviews

Energy and Change Clayton Crockett,2022-09-27 As humanity continues to consume planetary resources at an unsustainable rate, we require not only new and renewable forms of energy but also new ways of understanding energy itself. Clayton Crockett offers an innovative philosophy of energy that cuts across a number of leading-edge disciplines. Drawing from contemporary philosophies of New Materialism, non-Western traditions, and the sciences, he develops a comprehensive vision of energy as a material process spanning physics, biology, politics, ecology, and religion. Crockett argues that change is foundational to material reality, which is ceaselessly self-organizing. We can observe energy's effects in the operations of natural selection as well as those at work in human societies. Matter and energy are not an oppositional binary; rather, they are expressions of how change functions in the universe. Ultimately, Crockett argues, we can conceive of God neither as a deity nor as a being but as the principle of change. Informed by cutting-edge theoretical discourses in thermodynamics, science studies, energy humanities, systems theory, continental philosophy, and radical theology, *Energy and Change* draws on theorists such as Gilles Deleuze, Catherine Malabou, Slavoj Žižek, Karen Barad, Bruno Latour, and Kojin Karatani as well as ideas about spirituality, society, and nature from Amerindian, Vodou, and Neo-Confucian traditions. A foundational work in New Materialist philosophy of religion, this book offers compelling new insights into the structure of the cosmos and our place in it.

Demolition Angel Robert Crais,2020-05-26 "Crais is at the top of his game, and *Demolition Angel* delivers the goods. With a bang. . . . It's Silence of the Lambs meets Speed. . . . Crais knows how to press all the right buttons in keeping the story line taut and the action, well, explosive."—San Francisco Chronicle Carol Starkey is struggling to pick up the pieces of her former life as L.A.'s finest bomb squad technician. Fueled with liberal doses of alcohol and Tagamet, she's doing time as a Detective-2 with LAPD's Criminal Conspiracy Section. Three years have passed since the event that still haunts her: a detonation that killed her partner and lover, scarred her body and soul, and ended her career as a bomb tech. When a seemingly innocuous bomb call explodes into a charred murder scene, Carol catches the case and embarks on an investigation of a series of explosions that reveal chilling intentions. The bombs are designed expressly to kill bomb technicians. Now, as the one tech who survived the deadliest of blasts, Carol is in for the most perilous fight of her life. . . . Praise for *Demolition Angel* "Terrific . . . explosive . . . [a] high powered thrill ride."—The Wall Street Journal "Gripping . . . Crais piles on plot twists . . . gathering the separate threads at the end and igniting them like a string of fireworks."—People "A powerful, self-contained novel of suspense that has the compactness, velocity, and effectiveness of a well-aimed bullet . . . This is a thriller that works on every level, a pivotal work from a crime novelist operating at the top of his game."—Los Angeles Times "Fascinating and frighteningly believable . . . Starkey is one of the toughest characters to grace the crowded

field of thriller books in a long time.”—USA Today “A flammable techno-thriller with the kind of force that knocks out windows.”—The New York Times Book Review Packs an explosive punch. Though the pace of the book moves like a quick-burning fuse, Crais still takes the time in *Demolition Angel* to sketch out some memorable characters: Starkey, haunted and hollow-eyed, covering up her pain with a Bogart-tough demeanor; and John Michael Fowles (aka Mr. Red), a sociopath who gets all sorts of information from the Internet without breaking a sweat. . . . Crais keeps things wound so tight that readers will be getting paper cuts in their rush to finish this one.”—The Denver Post

All Heart Carli Lloyd, Wayne Coffey, 2016-12-06 In the summer of 2015, the U.S. women’s national soccer team won the World Cup behind an epic performance by Carli Lloyd. She struggled with doubts and low confidence. In *All Heart*, adapted from *When Nobody Was Watching* specifically for younger readers, Carli tells the full inspiring story of her journey to the top of the soccer world—an honest, action-packed account that takes readers inside the mind of a hardworking athlete.
