    <u>Bobby Fischer</u> Harry Benson,2011-06-14 Harry Benson's rare, exclusive photos of the elusive and controversial chess genius Bobby Fischer taken during the historic World Championship chess match in Iceland in 1972 in which Fischer solidly defeated reining champ, Russian Boris Spassky, are collected here for the first time, in Bobby Fischer. Photographer Harry Benson was one of the very few people Bobby Fischer would talk to during the historic World Championship chess match in Iceland in 1972 in which Fischer solidly defeated reining world champion, Russian Boris Spassky. The match, known at the time as the Game of the Century, is now generally considered a battle in the Cold War between the U.S. and the U.S.S.R. Benson's exclusive photos of the elusive and controversial chess genius give insight into the private world of the man Benson calls the most eccentric and most fascinating person I have ever photographed. Benson's intimate access to Fischer was not the easiest of tasks to accomplish. In fact, Fischer barred the door even when his mother arrived from America. Filled with idiosyncrasies and a complete loner, Fischer is still revered by chess fans around the world and is considered the greatest chess player of all time.
