Twelve Years a Slave Solomon Northup, 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Sissy Dreams: From Boyfriend to Girlfriend Paul Zante, Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Pebbles in the Sea Phillip Compton, 2005 *Pebbles in the Sea* by Phillip Compton is an absorbing narrative made out of a canvas of colorful characters. It is a highly readable account of life in the rough and its impact on the author's view of life. Having spent his formative years with these characters and their flamboyant, sometimes hilarious ventures, the author discovered connections binding this diverse past with his artistic present. Within this framework of writing, the author reveals the concept of living for goals beyond the self, which may not produce riches or bring happiness, but will touch the infinite. Phillip Compton traces his journey of discovery through his early contact with these incredible characters and the history of their exploits, vividly brought to life in the pages of *Pebbles in the Sea*. Leading the cast of players is the author's

father. Professional race car driver, business man, raconteur extraordinaire, the elder Compton was the dynamic force attracting and binding this diverse assemblage, which included his long time friend, Lou, who always encouraged, joined and abetted him in his outlandish adventures. Then, a later character, who became indispensable in lending aid was Drunken Ed, a man infamous for mangling the English language. Also found within this narrative is the elusive Johnny, an ornery alcoholic who always had his job waiting for him after his many benders. Finally, Drunken Joe exuberantly plays his part with his uniquely eccentric personality. These and a host of others paint a picture of what it means to live beyond the self. Stranger than fiction is a term often used by incredulous listeners upon hearing the tales of these men. Indeed, the reader will undoubtedly forget at times that these are actual events recorded here without embellishment. Here are stories of race car drivers, steel workers and drunks along with the famous fireworks story, recorded here for the first time, a story which has become a Compton family legend. The author has deftly woven the rough stories of these rough men together with the history of his own unique life. Within these pages, the stories diverge, then reunite in a conclusion that unexpectedly reconciles the apparent disparities. Pebbles in the Sea is a humorous, sometimes touching, often thought-provoking but always compelling chronicle of life and the adventures of living.

Kumba Africa Sampson Ejike Odum, 2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own

lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

Charles Pettigrew, First Bishop-Elect of the North Carolina Episcopal Church (Classic Reprint) Bennett H. Wall,2018-08-14 Excerpt from Charles Pettigrew, First Bishop-Elect of the North Carolina Episcopal Church As soon as he received the news of his appointment, Pettigrew resigned his position in Bute County and moved to Edenton. He became a member of the Church of England about this time and obtained a position as lay reader of St. Paul's Church in Edenton. Since several members of the vestry of St. Paul's Parish were trustees of the academy, it is reasonable to assume that he had contacted these men and made known to them his desire to become a minister of the Church of England. Whether or not that View is correct, it is known that while occupying the positions of schoolmaster and lay reader he engaged in the studies expected of candidates for ordination in that church. In the spring of 1775 he sailed for London where he was duly ordained deacon and priest by the bishops of London and Rochester. About the Publisher Forgotten Books publishes hundreds of

The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib Habib Siddiqui, 2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture

and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
