Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Inspector Flytrap (Book #1) Tom Angleberger, Cece Bell, 2019-03-26 Read Along or Enhanced eBook: From husband-and-wife team Tom Angleberger, creator of the New York Times bestselling Origami Yoda series, and Cece Bell, author/illustrator

of the Newbery Honor graphic novel *El Deafo*, comes the start to a funny and clever illustrated chapter-book series about a mystery-solving Venus flytrap. With easy-to-read language and illustrations on almost every page, this early-chapter-book series is a must for beginning readers. Inspector Flytrap in the *Da Vinci Cold* introduces kids to the humorous and wacky world of Inspector Flytrap's Detective Agency, home to the world-renowned solver of BIG DEAL mysteries. The plant detective works tirelessly with his assistant Nina the Goat on his community's unsolved cases. There's no case too big, but there are definitely cases too small for this endearingly self-important plant detective. Celebrating the disabled yet enabled, the character of Inspector Flytrap is wheeled everywhere (on a skateboard, of course) by his goat sidekick as this mystery-solving duo works on cases such as "The Big Deal Mystery of the Stinky Cookies" and "The Big Deal Mystery of the Missing Rose." On his first caper, Inspector Flytrap heads to the Art Museum's Secret Lab to discover what important message lies in a mysterious glob on a recently discovered Da Vinci flower painting. The ingenious solution: Da Vinci was allergic to flowers, and the glob is, er, evidence of that ancient sneeze. Combining wacky humor and a silly cast of characters with adventure, friendship, and mystery, the powerhouse team of Tom Angleberger and Cece Bell have created a uniquely engaging series that is perfect for newly independent readers and fans of *Ricky Ricotta*, *Captain Underpants*, and the *Galaxy Zack* series. Also included in these books are some graphic novel-style pages that will attract reluctant readers.

A Time to Stir Paul Cronin, 2018-01-09 For seven days in April 1968, students occupied five buildings on the campus of Columbia University to protest a planned gymnasium in a nearby Harlem park, links between the university and the Vietnam War, and what they saw as the university's unresponsive attitude toward their concerns. Exhilarating to some and deeply troubling to others, the student protests paralyzed the university, grabbed the world's attention, and inspired other uprisings. Fifty years after the events, *A Time to Stir* captures the reflections of those who participated in and witnessed the Columbia rebellion. With more than sixty essays from members of the Columbia chapter of Students for a Democratic Society, the Students' Afro-American Society, faculty, undergraduates who opposed the protests, "outside agitators," and members of the New York Police Department, *A Time to Stir* sheds light on the politics, passions, and ideals of the 1960s. Moving beyond accounts from the student movement's white leadership, this book presents the perspectives of black students, who were grappling with their uneasy integration into a supposedly liberal campus, as well as the views of women, who began to question their second-class status within the protest movement and society at large. *A Time to Stir* also speaks to the complicated legacy of the uprising. For many, the events at Columbia inspired a lifelong dedication to social causes, while for others they signaled the beginning of the chaos that would soon engulf the left. Taken together, these reflections present a nuanced and moving portrait that reflects the sense of possibility and excess that characterized the 1960s.

The Next Shift Gabriel Winant, 2021-03-23 Men in hardhats were once the heart of America's working class; now it is women in scrubs. What does this shift portend for our future? Pittsburgh was once synonymous with steel. But today most of

its mills are gone. Like so many places across the United States, a city that was a center of blue-collar manufacturing is now dominated by the service economy—particularly health care, which employs more Americans than any other industry. Gabriel Winant takes us inside the Rust Belt to show how America's cities have weathered new economic realities. In Pittsburgh's neighborhoods, he finds that a new working class has emerged in the wake of deindustrialization. As steelworkers and their families grew older, they required more health care. Even as the industrial economy contracted sharply, the care economy thrived. Hospitals and nursing homes went on hiring sprees. But many care jobs bear little resemblance to the manufacturing work the city lost. Unlike their blue-collar predecessors, home health aides and hospital staff work unpredictable hours for low pay. And the new working class disproportionately comprises women and people of color. Today health care workers are on the front lines of our most pressing crises, yet we have been slow to appreciate that they are the face of our twenty-first-century workforce. The Next Shift offers unique insights into how we got here and what could happen next. If health care employees, along with other essential workers, can translate the increasing recognition of their economic value into political power, they may become a major force in the twenty-first century.

Pink Sari Revolution: A Tale of Women and Power in India Amana Fontanella-Khan, 2013 Illuminates the thrilling possibilities of female grassroots activism in India through the story of Sampat Pal and her Pink Gang.

I Have the Right To Chessy Prout, Jenn Abelson, 2018-03-06 "A bold, new voice." —People "A nuanced addition to the #MeToo conversation." —Vice A young survivor tells her searing, visceral story of sexual assault, justice, and healing in this gutwrenching memoir. The numbers are staggering: nearly one in five girls ages fourteen to seventeen have been the victim of a sexual assault or attempted sexual assault. This is the true story of one of those girls. In 2014, Chessy Prout was a freshman at St. Paul's School, a prestigious boarding school in New Hampshire, when a senior boy sexually assaulted her as part of a ritualized game of conquest. Chessy bravely reported her assault to the police and testified against her attacker in court. Then, in the face of unexpected backlash from her once-trusted school community, she shed her anonymity to help other survivors find their voice. This memoir is more than an account of a horrific event. It takes a magnifying glass to the institutions that turn a blind eye to such behavior and a society that blames victims rather than perpetrators. Chessy's story offers real, powerful solutions to upend rape culture as we know it today. Prepare to be inspired by this remarkable young woman and her story of survival, advocacy, and hope in the face of unspeakable trauma.

Hedwig and the Angry Inch Stephen Trask, John Cameron Mitchell, 2003 Tells the story of transsexual rocker Hedwig Schmidt, an East German immigrant whose sex change operation has been botched and who finds herself living in a trailer park in Kansas.

What We're Up Against Theresa Rebeck, 2015 Set in a highly competitive architecture firm, *What We're Up Against* takes an explosive look at the complicated battle of the sexes raging across Cubicle Land. A funny yet insightful view of what

it means to be female in a male-dominated career, and one woman's response when she tires of slamming into the glass ceiling.

Sissy Dreams: From Boyfriend to Girlfriend Paul Zante, Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Tacky Rax King, 2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column *Store-Bought Is Fine*—Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to good taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, *Sex and the City*, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of *Jersey Shore* morphs into an excavation of grief over the death of her father; in *You Wanna Be On Top*, Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. A VINTAGE ORIGINAL

Labor in the Age of Finance Sanford M. Jacoby, 2021-06 From award-winning economic historian Sanford M. Jacoby, a fascinating and important study of the labor movement and shareholder capitalism Since the 1970s, American unions have shrunk dramatically, as has their economic clout. *Labor in the Age of Finance* traces the search for new sources of power, showing how unions turned financialization to their advantage. Sanford Jacoby catalogs the array of allies and finance-based tactics labor deployed to stanch membership losses in the private sector. By leveraging pension capital, unions restructured corporate governance around issues like executive pay and accountability. In Congress, they drew on their political influence to press for corporate reforms in the wake of business scandals and the financial crisis. The effort restrained imperial CEOs but could not bridge the divide between workers and owners. Wages lagged behind investor returns, feeding the inequality identified by Occupy Wall Street. And labor's slide continued. A compelling blend of history, economics, and politics, *Labor in the Age of Finance* explores the paradox of capital bestowing power to labor in the tumultuous era of Enron, Lehman Brothers, and Dodd-Frank.

Sargent and the Sea John Singer Sargent, Richard Ormond, Corcoran Gallery of Art, 2009 Ships and the sea through the eyes of one of the most remarkable painters of the early 20th century As a young man the American painter John Singer Sargent (1856-1925) was passionate about the sea and deeply knowledgeable about ships and seafaring. Between the ages of 18 and 23 he started his career as a professional painter with a remarkable range of maritime works that form the subject of this exhibition and book. The key works are the two versions of the *Oyster Gatherers of Cancale*, painted in 1878 on the northern coast of Brittany in France, and the group of studies and sketches around them. The authors relate Sargent's freely handled marine drawings, large and small, to his watercolors, oil sketches, and finished oil paintings of marine subjects. The works demonstrate his transition from a plein-air painter to a tonalist exploring interiors and urban scenes. Also presented is a unique scrapbook, held by the Metropolitan Museum of Art, that includes more than 50 drawings and sketches, mostly of sea scenes, and postcards and commercial photography of works of art, architecture, and tourist views. This scrapbook provides an intimate glimpse at the thoughts and experiences of the young artist on his first European voyage. Exhibition Schedule: Corcoran Gallery, Washington (9/12/09 - 1/3/10) The Museum of Fine Arts, Houston (2/14/10 - 5/23/10) Royal Academy of Arts, London (7/10/10 - 9/23/10)
