## Matt Titone,Indoek

*Surf Shacks* Matt Titone,Indoek,2017 Many abodes can fall under the label of surf shack: New York City apartments, cabins nestled next to national parks, or tiny Hawaiian huts. Surfing communities are overflowing with creativity, innovation, and rich personas. Surf Shacks takes a deeper look at surfers' homes and artistic habits. Glimpses of record collections, strolls through backyard gardens, or a peek into a painter's studio provide insight into surfers' lives both on and off shore. From the remote Hawaiian nook of filmmaker Jess Bianchi to the woodsy Japanese paradise that the former CEO of Surfrider Foundation in Japan, Hiromi Masubara, calls home to the converted bus that Ryan Lovelace claims as his domicile and his transport, every space has a unique tale. The moments that these vibrant personalities spend away from the swell and the froth are both captivating and nuanced.

**Planning with Kids** Nicole Avery,2011-05-04 The ultimate guide for parents who dream of having a little less chaos and a lot more time for the good things in life Written by mother of five, Nicole Avery, this book shows harried parents how, with just a bit of planning, family life can become easier to manage, less stressful, and decidedly more fun. Dream on, you say? I might as well try to herd cats as to get my kids to follow a lot of arbitrary rules! And Nicole would agree, which is why Planning with Kids isn't like any other parenting guide out there. It was inspired by Nicole's blog of the same name, which, over the past three years, has garnered a huge audience of likeminded parents who have achieved nothing short of miraculous results following her advice. While other prescriptive guides offer mums and dads cook-cutter solutions to the challenges of raising kids, this handbook focuses on one simple, straightforward idea: by implementing a few simple strategies for how you do things, you'll make more time for you to be you and your kids to be kids. You'll find strategies for streamlining and enhancing everything from the routines of daily life, to family relationships, to budgeting and finances, playtime and much more! Contains a full section on menus and cooking, including recipes, supported online by a planning-with-family meal planner Divided into sections so that readers can dip-in and dip-out for information as they need it as their family expands and grows up!

Manhattan Firearms Waldo E. Nutter,1958 Traces the Manhattan background from its formation in 1855 to its succession by the American Standard Tool Company in 1869 Illustrated with photographs by noted collector Miles W. Standish Manhattan's activities spanned the years 1855 to 1873--an exciting period in American firearms that witnessed the

high development of the percussion revolver, its rapid decline in the post-Civil War years, and the emergence of metallic cartridge arms. Substantiated by original records, the author discusses Manhattan's four patents, the connection of the Manhattan .22 caliber revolvers with the early usage of the .22 long cartridges, a lawsuit between Smith & Wesson and Herman Boker & Company, as well as many other aspects of Manhattan's history. A serious work on an American maker, this book constitutes a significant contribution to firearms history and merits a place on the bookshelf of every arms collector and enthusiast.

*Mind Shaper* Jennifer P. Lumley, 2009-03-24 MIND SHAPER connects us to one another in this rapid, global cultural integration. Your experiences will go from simple emoting to showing an eminent capacity to reason. Education, in its broadest sense, is found more on the outside of a classroom than within its four walls. The exploration, observation and connection to the things that attract our attention the most, are the things that free us from the bondage of not growing to our full potential. The hardship we 'suffer' in a classroom, however, often gives us the fortitude to create a healthy balance in making choices in the future for ourselves and the minds that we will shape. Enjoy the spirit in which MIND SHAPERS is written; one that brings home reality in smiles of what we know either can and sometimes will happen or serious reflection. Further, I dare readers to attempt to read BRAWTA.

Innocent Spouse Carol Ross Joynt,2012-11-20 What would you do if, just weeks after your spouse's sudden death, you found out he was keeping secrets? Carol Ross Joynt was a successful TV producer and award-winning journalist in Washington, D.C. Her husband, Howard, owned a legendary restaurant in Georgetown. They had a young son, a happy marriage – a seeming fairy-tale life. But Howard's sudden death changed everything. Carol was shocked to discover that her husband had secrets – financial secrets – including a \$3 million debt to the IRS that still had to be settled. Carol was responsible for repaying the debt, unless she could prove she knew nothing about Howard's fraudulent dealings and convince the government she was an innocent spouse. With no time to grieve, Carol was forced to immediately learn to manage her family's legal and financial responsibilities, run Howard's restaurant, hold her own career together, and raise their son as a solo parent. As she picked up the pieces and coped with her sadness and anger, she learned to become self-sufficient. Poignant, eye-opening, and at its core uplifting, *Innocent Spouse* is ultimately an inspiring story of strength and newfound independence in the face of loss and betrayal.
