Future Life Progression Zorananda Glamoclija, 2021-01-04 Your life is more phenomenal than you think. Every day is full of opportunities and synchronicities that evade our attention, only to diminish into a mundane routine and disbelief that anything greater could occur. That greater thing is your future self. We believe that the past influences our present, but does our present influence the future? How can we see into the future just as vividly as we can into the past? Future Life Progression: Meeting Your Future Self is a step by step discourse with exercises, meditations, and philosophies to help develop a tool kit and methodology that will uncover a hidden door within you that leads to a realm where your future self is waiting for you. The missing link to connecting to our future self is feeling. We can look into the past and vividly recall memories because of the emotions we felt during the past moment. When we think of our future, we cannot access the emotions and feelings our future self is having just by trying to think about it. Something more in depth and powerful is needed. This book will provide everything you need to connect to your future self, experience their emotions and feelings, and get a glimpse of the life they live to inspire you to see how phenomenal you are as a human being. The time has come to follow the synchronicities to the realm within you and connect to who you truly are and want to be. Regardless of where you are in your life you fully deserve to live a life that is abundant and purposeful. What better way to manifest that dream than to connect with your future self who is living that life? Your future self is waiting for you...
