The Promise Girls Marie Bostwick,2017-03-28 Three unconventional sisters are reunited in this “beautiful story about the ties that bind” from the New York Times bestselling author (Melanie Benjamin). Every child prodigy grows up eventually. For the Promise sisters, escaping their mother’s narcissism and the notoriety that came with her bestselling book hasn’t been easy. Minerva Promise claimed that her three “test tube” daughters—gifted pianist Joanie, artistic Meg, and storyteller Avery—were engineered and molded to be geniuses. In adulthood, their modest lives fall far short of her grand ambitions. But now, twenty years after the book’s release, she hopes to redeem herself by taking part in a new documentary. Meg, who hasn’t picked up a paintbrush in years, adamantly refuses to participate, until a car accident leaves her with crushing medical bills. While she recuperates in Seattle, the three sisters reluctantly meet with filmmaker Hal Seeger, another former prodigy. Like them, he’s familiar with the weight of failed potential. But as he digs deeper, he uncovers secrets they’ve hidden from each other—and a revelation that will challenge their beliefs, even as it spurs them to forge their own extraordinary lives at last. Praise for Marie Bostwick “Reading Marie Bostwick is like wrapping yourself up in a warm, hand-crafted quilt. Her books, rich in character and plot, are stitched together by a skilled wordsmith.” —Debbie Macomber, #1 New York Times bestselling author “Marie Bostwick is my go-to author . . . always powerful, inspiring, and uplifting.” —Robyn Carr, #1 New York Times bestselling author

Green Suede Shoes Larry Kirwan,2005 This memoir by Black 47 front man Larry Kirwan begins in Wexford and traces the impact on a young Kirwan of his Irish Republican grandfather, his mysterious and often absent deep-sea sailing father and his first bandleader Elvis Murphy. These influences propelled him to the Dublin of the early 70s and later Kirwan

emigrated to New York, where he eventually formed the political rock band Black 47. He gives a dry-eyed and unsparing account of the tumultuous trajectory of Black 47 and of the band's ongoing political commitment and opposition to the war in Iraq.

Telepresence & Bio Art Eduardo Kac, 2005 Eduardo Kac's work represents a turning point. What it questions is our current attitudes to creativity, taking that word in its most fundamental sense. -Edward Lucie-Smith, author of Visual Arts in the 20th Century His works introduce a vital new meaning into what had been known as the creative process while at the same time investing the notion of the artist-inventor with an original social and ethical responsibility. -Frank Popper, author of Origins and Development of Kinetic Art Kac's radical approach to the creation and presentation of the body as a wet host for artificial memory and 'site-specific' work raises a variety of important questions that range from the status of memory in digital culture to the ethical dilemmas we are facing in the age of bioengineering and tracking technology. -Christiane Paul, Whitney Museum of Art For nearly two decades Eduardo Kac has been at the cutting edge of media art, first inventing early online artworks for the web and continuously developing new art forms that involve telecommunications and robotics as a new platform for art. Interest in telepresence, also known as telerobotics, exploded in the 1990s, and remains an important development in media art. Since that time, Kac has increasingly moved into the fields of biology and biotechnology. Telepresence and Bio Art is the first book to document the evolution of bio art and the aesthetic development of Kac, the creator of the artist's gene as well as the controversial glow-in-the-dark, genetically engineered rabbit Alba. Kac covers a broad range of topics within media art, including telecommunications media, interactive systems and the Internet, telematics and robotics, and the contact between electronic art and biotechnology. Addressing emerging and complex topics, this book will be essential reading for anyone interested in contemporary art.

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
