## Marie Iannotti

Rooftop Gardens Denise LeFrak Calicchio, Roberta Model Amon, 2011 Showcases some of the best outdoor spaces of New York City through breathtaking full-color photographs--from the lush produce garden of Eli's Vinegar factory to a beautiful flower garden enclosed in a glass conservatory atop Park Avenue.

**66 Square Feet** Marie Viljoen, 2013-09-03 "With lush photographs and spare prose" a Brooklyn blogger shares recipes and "records her life as a gardener, a cook and an urban forager." (The New York Times) Marie Viljoen's beautiful first book draws the reader into a world of unfolding seasons, seen from the perspective of an expert gardener, cook and photographer. Each chapter is a month, divided into three parts: New York City, the author's garden, and her kitchen, each setting the stage for a lavish seasonal menu with recipes drawn from farmers markets, wild-foraged ingredients, and produce grown on her city terrace and roof farm. Named for the size of her tiny Brooklyn terrace, and the blog it inspired, Viljoen's book is a unique perspective of the concrete jungle, where the month is known by the flowers in bloom, the vegetable in season, and the migrating birds crossing a Brooklyn sky. Set against a backdrop of growing up in South Africa and moving to the United States, meeting her French husband, and finding a culinary and emotional home in Brooklyn, Viljoen's book is a love letter to living seasonally in the most famous city on the planet. "If you don't think of this city as a living ecosystem, Marie Viljoen will change your perspective forever." —Edible Brooklyn "Offer[s] visions of growing, cooking and sharing fresh food as central to living a good life." —Seattle Times

**Grow Great Vegetables in New York** Marie Iannotti, 2019-04-16 Get the Inside Dirt, New York! Grow Great Vegetables in New York is the ultimate guide to growing food in the Empire State! This must-have guide to growing vegetables, fruits, and herbs provides you with insider advice on climate zones, average frost dates, and growing season details. Information includes details on sun, soil, fertilizer, mulch, water, and the best varieties for your region. A garden planning section helps with design and crop rotation, and monthly lists explain what to do from January through December. In-depth profiles of fifty best edibles help ensure a can't-miss harvest.

Walking the High Line Joel Sternfeld, Adam Gopnik, John R. Stilgoe, 2009 This is the first book of Sternfeld's largely unseen early colour photographs. In 1969 Sternfeld began working with a 35 mm camera and Kodachrome film, and First Pictures contains works from this time until 1980. Here Sternfeld develops traits that appear in his mature work: irony, a

politicised view of America, concern for the social condition. But there are also pictures that bear little relation to his later work: colour arrangements that parallel those of Eggleston, as well as street photography which Sternfeld ceased making in 1976. The photographs in *First Pictures* were made at a time when colour photography was struggling to assert itself against the authoritative black and white tradition, making this book a revelation both in Sternfeld's oeuvre and in the history of contemporary photography.

*Roses Without Chemicals* Peter E. Kukielski, 2015-02-28 A former curator at the New York Botanical Garden describes 150 different varieties of roses that can be grown without the use of pesticides, fungicides or fertilizers and provides information on planting, pruning and caring for these gorgeous blooms. Original.

**The Humour of America** Angus Evan Abbott, 1894

*The Australian Official Journal of Trademarks*, 1906

*Twelve Years a Slave* Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Garden Tourist's New England Jana Milbocker, 2020 New England has a rich gardening heritage. In *The Garden Tourist's New England*, garden designer Jana Milbocker takes you on a fantastic tour of 140 gardens and nurseries and provides all the information you need to make the most of your visit. *Two Truths and a Lie* Ellen McGarrah, 2022-08-16 EDGAR AWARD FINALIST • A private investigator revisits the case that has haunted her for decades and sets out on a deeply personal quest to sort truth from lies. CLUE AWARD FINALIST • “[A] haunting memoir, which also unfolds as a gripping true-crime narrative . . . This is a powerful, unsettling story, told with bracing honesty and skill.”—The Washington Post A New York Times Book Review Editors’ Choice • One of Marie Claire’s Ten Best True Crime Books of the Year Ellen McGarrah was a young journalist for The Miami Herald in 1990 when she witnessed the botched execution of convicted killer Jesse Tafero: flames and smoke and three jolts of the electric chair. When evidence later emerged casting doubt on Tafero’s guilt, McGarrah found herself haunted by his fiery death. Had she witnessed the execution of an innocent man? Decades later, McGarrah, now a successful private investigator, is still gripped by the mystery and infamy of the Tafero case, and decides she must investigate it herself. Her quest will take her

around the world and deep into the harrowing heart of obsession, and as questions of guilt and innocence become more complex, McGarrahan discovers she is not alone in her need for closure. For whenever a human life is taken by violence, the reckoning is long and difficult for all. A rare and vivid account of a private investigator's real life and a classic true-crime tale, *Two Truths and a Lie* is ultimately a profound meditation on truth, grief, complicity, and justice.

*Sissy Dreams: From Boyfriend to Girlfriend* Paul Zante, Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Hip-Hop Architecture Sekou Cooke, 2021-03-25 "This book is not for you. It is not for architectural academic elites. It is not for those who have gentrified our neighborhoods, overly intellectualized the profession, and ignored all contemporary Black theory within the discipline. You have made architecture a symbol of exclusion, oppression, and domination rather than expression, aspiration, and inspiration. This book is not for conformists-Black, White, or other." As architecture grapples with its own racist legacy, *Hip-Hop Architecture* outlines a powerful new manifesto-the voice of the underrepresented, marginalized, and voiceless within the discipline. Exploring the production of spaces, buildings, and urban environments that embody the creative energies in hip-hop, it is a newly expanding design philosophy which sees architecture as a distinct part of hip-hop's cultural expression, and which uses hip-hop as a lens through which to provoke new architectural ideas. Examining the present and the future of *Hip-Hop Architecture*, the book also explores its historical antecedents and its theory, placing it in a wider context both within architecture and within Black and African American movements. Throughout, the work is illustrated with inspirational case studies of architectural projects and creative practices, and interspersed with interludes and interviews with key architects, designers, and academics in the field. This is a vital and provocative work that will appeal to architects, designers, students, theorists, and anyone interested in a fresh view of architecture, design, race and culture. Includes Foreword by Michael Eric Dyson.

**French Art Deco** Jared Goss, 2014-09-30 Art Deco—the term conjures up jewels by Van Cleef & Arpels, glassware by Lalique, furniture by Ruhlmann—is best exemplified in the work shown at the exhibition that gave the style its name: the Exposition Internationale des Art Décoratifs et Industriels Modernes, held in Paris in 1925. The exquisite craftsmanship and artistry of the objects displayed spoke to a sophisticated modernity yet were rooted in past traditions. Although it quickly spread to other countries, Art Deco found its most coherent expression in France, where a rich cultural heritage was embraced as the impetus for creating something new. The style drew on inspirations as diverse as fashion, avant-garde trends in the fine arts—such as Cubism and Fauvism—and a taste for the exotic, all of which converged in exceptionally luxurious and innovative objects. While the practice of Art Deco ended with the Second World War, interest in it has not only endured to the present day but has grown steadily. Based on the Metropolitan Museum's renowned collection *French Art Deco* presents more than eighty masterpieces by forty-two designers. Examples include Süe et Mare's furniture from the 1925

Exposition; Dufy's Cubist-inspired textiles; Dunand's lacquered bedroom suite; Dupas's monumental glass wall panels from the SS Normandie; and Fouquet's spectacular dress ornament in the shape of a Chinese mask. Jared Goss's engaging text includes a discussion of each object together with a biography of the designer who created it and is enlivened by generous quotations from writings of the period. The extensive introduction provides historical context and explores the origins and aesthetic of Art Deco. With its rich text and sumptuous photographs, this is not only one of the rare books on French Art Deco in English, but an object d'art in its own right.

**Escape to Love** Edward S. Aarons,1995

*The Old Farmer's Almanac Vegetable Gardener's Handbook* Old Farmer's Almanac,2019-11-12 Grow the best vegetable garden ever with timeless, tried-and-true methods and advice from The Old Farmer's Almanac!
