Wood-fired Ceramics Amedeo Salamoni, 2013 With over 500 brilliant color photographs, this book highlights the work of 100 innovative ceramic artists who still use the labor intensive, and sometimes unpredictable, process of wood-firing. Throughout the book, artists share several examples of their work, ranging from small pots to monumental installations, as well as their stories about their inspiration, influences, and techniques. The artists also relate how they have adapted various methods of wood-firing to their own needs and environments, using fast-fire, Naborigama, Anagama, and other kilns. Kiln drawings, information about firing logs, clay, glaze and slip formulas, and wood firing resources are also included. The artwork is representative of the diversity of styles, from glazing techniques to the often unique creations based on placement within the various kilns. This book is an essential for all who appreciate or practice ceramic art today.

Building Your Own Kiln Hiromi Itabashi, Roppo Tamura, Naoki Kawabuchi, 2003 This book details how to build a small electric kiln quickly, efficiently, and economically. In addition it includes discussions on techniques of two varieties for wood-firing kilns.

Kintsugi Bonnie Kemske, 2021-02-18 A broken pot is made whole again, and within its golden repair we see a world of meaning. Kintsugi is the art of embracing imperfection. In Western cultures, the aim of repair has been to make the broken item 'as good as new'. Kintsugi on the other hand, is a Japanese art that leaves an obvious repair - one that may appear fragile, but which actually makes the restored ceramic piece stronger, more beautiful, and more valuable than before. Leaving clear, bold, visible lines with the appearance of solid gold, it never hides the story of the object's damage. Kintsugi traces memory, bringing together the moment of destruction and the gold seams of repair through finely-honed skills and painstaking, time-consuming labour in the creation of a new pot from the old. There is a story to be told with every crack, every chip. This story inevitably leads to kintsugi's greatest strength. an intimate metaphoric narrative of loss and recovery, breakage and restoration, tragedy and the ability to overcome it. A kintsugi repair speaks of individuality and uniqueness, fortitude and resilience, and the beauty to be found in survival. Kintsugi leads us to a respectful and appreciative acceptance of hardship and ageing. Author Bonnie Kemske explores kintsugi's metaphorical power as well as exploring the technical and practical aspects of the art, meeting with artists and ceramists in Japan and the US to discuss their personal connection to this intricate technique. With the inclusion of diary entries, personal stories, and in-depth exploration of its origin and

symbolism, this book shows kintsugi's metaphoric strength as well as its striking aesthetic, making it a unique and powerful art form that can touch our lives.

KILN CONSTRUCTION. JOE. FINCH,2024

The Last Tea Bowl Thief Jonelle Patrick,2020-10-20 For three hundred years, a stolen relic passes from one fortune-seeker to the next, indelibly altering the lives of those who possess it. In modern-day Tokyo, Robin Swann's life has sputtered to a stop. She's stuck in a dead-end job testing antiquities for an auction house, but her true love is poetry, not pottery. Her stalled dissertation sits on her laptop, unopened in months, and she has no one to confide in but her goldfish. On the other side of town, Nori Okuda sells rice bowls and tea cups to Tokyo restaurants, as her family has done for generations. But with her grandmother in the hospital, the family business is foundering. Nori knows if her luck doesn't change soon, she'll lose what little she has left. With nothing in common, Nori and Robin suddenly find their futures inextricably linked to an ancient, elusive tea bowl. Glimpses of the past set the stage as they hunt for the lost masterpiece, uncovering long-buried secrets in their wake. As they get closer to the truth—and the tea bowl—the women must choose between seizing their dreams or righting the terrible wrong that has poisoned its legacy for centuries.

Lotus Moon Rengetsu,2005 At the age of thirty-three, Otagaki Nobu (1791-1875) renounced a world that had visited great tragedy upon her - the deaths of two husbands and three infant children - and was ordained a Buddhist nun, taking the name Rengetsu, which means Lotus Moon. In 1832 she began to make pottery, which she inscribed with her own waka (31-syllable classic poetry) and sold to support herself. These unique combinations of hauntingly beautiful poetry, calligraphy, and pottery were as highly prized in her lifetime as they are now.--BOOK JACKET.

Modern Japanese Art and the Meiji State Dōshin Satō,2011 This is an insightful and intelligent re-thinking of Japanese art history & its Western influences. This broad-ranging and profoundly influential analysis describes how Western art institutions and vocabulary were transplanted to Japan in the late nineteenth century. In the 1870-80s, artists and government administrators in Japan encountered the Western 'system of the arts' for the first time. Under pressure to exhibit and sell its artistic products abroad, Japan's new Meiji government came face-to-face with the need to create European-style art schools and museums - and even to establish Japanese words for art, painting, artist, and sculpture. Modern Japanese Art is a full re-conceptualization of the field of Japanese art history, exposing the politics through which the words, categories, and values that structure our understanding of the field came to be while revealing the historicity of Western and non-Western art history.

Water, Wood, and Wild Things Hannah Kirshner, 2022-03-29 With this book, you feel you can stop time and savor the rituals of life. --Maira Kalman An immersive journey through the culture and cuisine of one Japanese town, its forest, and its watershed--where ducks are hunted by net, saké is brewed from the purest mountain water, and charcoal is fired in stone kilns--by an American writer and food stylist who spent years working alongside artisans One night, Brooklyn-based artist and food writer Hannah Kirshner received a life-changing invitation to apprentice with a saké evangelist in a misty Japanese mountain village called Yamanaka. In a rapidly modernizing Japan, the region--a stronghold of the country's old-fashioned ways--was quickly becoming a destination for chefs and artisans looking to learn about the traditions that have long shaped Japanese culture. Kirshner put on a vest and tie and took her place behind the saké bar. Before long, she met a community of craftspeople, farmers, and foragers--master woodturners, hunters, a paper artist, and a man making charcoal in his nearly abandoned village on the outskirts of town. Kirshner found each craftsperson not only exhibited an extraordinary dedication to their work but their distinct expertise contributed to the fabric of the local culture. Inspired by these masters, she devoted herself to learning how they work and live. Taking readers deep into evergreen forests, terraced rice fields, and smoke-filled workshops, Kirshner captures the centuries-old traditions still alive in Yamanaka. *Water, Wood, and Wild Things* invites readers to see what goes into making a fine bowl, a cup of tea, or a harvest of rice and introduces the masters who dedicate their lives to this work. Part travelogue, part meditation on the meaning of work, and full of her own beautiful drawings and recipes, Kirshner's refreshing book is an ode to a place and its people, as well as a profound examination of what it means to sustain traditions and find purpose in cultivation and craft.
