Visions of a Huichol Shaman Peter T. Furst, 2007-01-12 The brilliant visionary yarn paintings of the shaman-artist Jose Benitez Sanchez emerge transformed into two-dimensional form from fleeting, sublime visionary experiences triggered by the complex chemistry of the divine peyote cactus. Benitez's visions are of the Huichol universe in Mexico's rugged Sierra Madre Occidental, as that world came into being in the First Times of creation and transformation and in the ongoing magic of a natural environment that is alive and without firm boundaries between the here and now and the ancestral past. Modern yarn paintings—more than 30 in the University of Pennsylvania Museum's collection are illustrated here—have their roots in the sacred art of communication with numberless male and female ancestors and native deities, related in the two remarkable Huichol origin myths also presented here to shed some light on Native American culture and provide some understanding of the religious experience that informs it.

Watakame's Journey Hallie N. Love, 1999 Ages 9 years and over. The flood and the creation myth of the Huichol Indian people of Mexico is told through the brilliantly coloured yarn paintings of shaman Gaudalupe Barajas de la Cruz and other Huichol artists. This remarkable art form, with its clear, colourful figures and traditional symbols and motifs, has strong visual appeal for both young people and adults. In this story a Huichol boy plays a role similar to Noah's -- though Watakame's odyssey is more complex and magical. He been selected by Nakawe, the creator of all growing things, to escape the coming flood and begin human life again in the new world. Nakawe tells him to build a small boat and to bring him fire, the seeds of squash, beans, and corn, and one companion -- a small dog When the flood waters recede, Watakame witnesses the recreation of the sun and all living things. Nakawe helps Watakame find a wife and instructs him in planting, harvesting, and making offerings to the gods. The Huichol are his descendants and he instructs them in the proper way of living and teaches them joyful songs, prayers, and dances to please the gods and celebrate the beautiful new world that is their home. The story, which has been carefully researched, offers a view into the rich cultural and spiritual heritage of an indigenous group that has only recently become known outside its traditional homelands.

People of the Peyote Stacy B. Schaefer, Peter T. Furst, 1996 The first substantial study of a Mexican Indian society that more than any other has preserved much of its ancient way of life and religion.

The Journey of Tunuri and the Blue Deer James Endredy, 2003-10-31 A contemporary adaptation of an indigenous Huichol teaching tale, illustrated with traditional yarn drawings by Huichol artisans • Shares the hidden treasures of a nature-based indigenous culture • A teaching tool for multicultural studies for children ages 6 to 9 • Explains who the Huichol people are and the symbolism of the images used by the artists The Huichol Indians live in the remote regions of the Sierra Madre Mountains of western Mexico, where geographic isolation has allowed them to retain their culture and spiritual traditions in the face of colonization. Their nature-based way of life makes no distinction between the sacred and the secular, and they express their reverence for the powers of the earth by regarding all elements in nature as family. The Journey of Tunuri and the Blue Deer is a modern adaptation of a traditional Huichol story depicting a young child finding his (or her) personal task in life by connecting with the powers of nature. The story is told through the experiences of young Tunuri, who becomes lost in the woods. He meets the magical Blue Deer--a messenger between the worlds of mortals and deities--who introduces Tunuri to Father Sun, Mother Earth, and others in the natural world, while leading him back to his human family. Through this lovely tale and the vivid illustrations done in the medium of traditional Huichol yarn drawings, children can learn about their place in the sacred web of life.

After an overview of Mexico's history from the Mesoamerican indigenous era to modern times, Vigil explores the fascinating traditions of Oaxacan wood carving, Huichol bead and yarn art, folk masks, folklórico dance costumes, and Mexican folklore. A collection of tales follows, including classic tales, pourquoi creation tales from native people of pre-Hispanic Mexico, and tales from the Spanish colonial era of Mexican history--trickster tales, adventure and wonder stories, and animal fables. Lively reading for older students and adults, the tales may also be used for read-alouds with younger students. Peyote Hunt Barbara G. Myerhoff, 1976 Ramón Medina Silva, a Huichol Indian shaman priest or mara'akame, instructed me in many of his culture's myths, rituals, and symbols, particularly those pertaining to the sacred unity of deer, maize, and peyote. The significance of this constellation of symbols was revealed to me most vividly when I accompanied Ramón on the Huichol's annual ritual return to hunt the peyote in the sacred land of Wirikuta, in myth and probably in history the place from which the Ancient Ones (ancestors and deities of the present-day Indians) came before settling in their present home in the mountains of the Sierra Madre Occidental in north-central Mexico. My work with Ramón preceded and followed our journey, but it was this peyote hunt that held the key to, and constituted the climax of, his teachings.--from the Preface

Motherlines Patricia Reis, 2016-10-11 When she was twenty, Patricia Reis's mother asked, "What about your spiritual life?" Years later, this question drives her midlife quest to reconcile the desires of her body with the mandates of her spirit. Motherlines is a candid and compelling story of sex with men and with women, of celibacy, illegal abortions, making vows and breaking them, dreams, body wisdom, creative ambition, and inspiring relationships with memorable characters. This

unflinching memoir illuminates the unvarnished truth of growing up female in the 1980's a rich and fertile period in American history when gender roles were undergoing a revolution, a time that includes feminism, the women's spirituality movement and liberation theology. In her soul-searching quest for meaning, and longing for maternal connection, Reis discovers an unlikely confidante in her aunt, a free-spirited Franciscan nun. Their letters and relationship are a thread that weaves throughout this memoir - an increasingly intimate and honest exchange between two women who are living very different lives yet are both kin and kindred spirits. A spiritual journey and a creative tour de force, this memoir is a potent and tender love song to the Motherlines that connect us all.
