North Carolina Literary Review Margaret D. Bauer, 2020-07 The 2020 issue showcases North Carolina expatriate writers, ranging from Harriet Jacobs, who moved north to escape enslavement in North Carolina to Glenis Redmond, who developed her poetic voice during her years living here in North Carolina and now travels over 35,000 miles a year bringing poetry to the masses, thus earning the title Road Warrior Poet. Between, find essays on other writers with North Carolina roots: Charles Chesnutt, Tony Earley, Lionel Shriver, and Stephanie Powell Watts. Read retired Emory Professor/Goldsboro native Jim Grimsley's interview with retired LSU Professor/Goldsboro native Moira Crone, featuring her own art. This interview was selected by Elaine Neil Orr to receive the 2020 John Ehle Prize. The issue's cover art is by A.R. Ammons, an Eastern North Carolina poet who spent most of his career teaching at Cornell University in Ithaca, NY. Also interviewed: Durham native/novelist/California television writer Gwendolyn Parker; poet Allison Adelle Hedge Coke, from her current residence in Hawaii; longtime Texas resident Ben Fountain, talking about growing up in Eastern North Carolina; and Raleigh native Mary Robinette Kowal, recipient of the three biggest speculative fiction awards, the Hugo, Nebula, and Locus, for her novel *The Calculating Stars*. Bringing up the oft-heard North Carolina remark, You can't throw a rock in this state without hitting a writer, Editor Margaret Bauer notes, It turns out that it might be dangerous for North Carolina writers if rocks are thrown anywhere, not just within the state's borders. The Old North State seems a fertile starting point, even if some writers do not remain. Despite these authors branching off to places far from Tar Heel soil, their writing roots are deep in North Carolina, and North Carolina has left its mark. The subject of one essay, Watts, for example, describes her novel as *The Great Gatsby* set in rural North Carolina. And Hedge Coke says, I am never really away from the land and waters there. ... Closing my eyes, [North Carolina] is always present. The Flashbacks section of the issue includes the 2019 James Applewhite Poetry Prize winner, *Meditation in a Glass House* by Wayne Johns; the other finalists selected for honors; and new poetry by the namesake of the award, James Applewhite, and former North Carolina Poet Laureate, Fred Chappell; the 2019 Doris Betts Fiction Prize winning short story *Something Coming* by Katey Schultz; the premiere Paul Green Prize essay by Rachel Warner about renowned author Zora Neale Hurston's brief residence in North Carolina; and an interview with Charlotte

writer/musician Jeff Jackson.

The Forgotten Kingdom Signe Pike, 2020-09-15 The story continues in *The Forgotten Kingdom*, the second book in the epic *Lost Queen* trilogy, already hailed as “*Outlander* meets *Camelot*” (Kirsty Logan, author of *Things We Say in the Dark*) and “*The Mists of Avalon* for a new generation” (Linnea Hartsuyker, author of *The Golden Wolf*). AD 573. Imprisoned in her chamber, Languoreth awaits news in torment. Her husband and son have ridden off to wage war against her brother, Lailoken. She doesn’t yet know that her young daughter, Angharad, who was training with Lailoken to become a Wisdom Keeper, has been lost in the chaos. As one of the bloodiest battles of early medieval Scottish history scatters its survivors to the wind, Lailoken and his men must flee to exile in the mountains of the Lowlands, while nine-year-old Angharad must summon all Lailoken has taught her and follow her own destiny through the mysterious, mystical land of the Picts. In the aftermath of the battle, old political alliances unravel, opening the way for the ambitious adherents of the new religion: Christianity. Lailoken is half-mad with battle sickness, and Languoreth must hide her allegiance to the Old Way to survive her marriage to the next Christian king of Strathclyde. Worst yet, the new King of the Angles is bent on expanding his kingdom at any cost. Now the exiled Lailoken, with the help of a young warrior named Artur, may be the only man who can bring the Christians and the pagans together to defeat the encroaching Angles. But to do so, he must claim the role that will forever transform him. He must become the man known to history as “Myrddin.” Bitter rivalries are ignited, lost loves are found, new loves are born, and old enemies come face-to-face with their reckoning in this compellingly fresh look at one of the most enduring legends of all time.

Being Ugly Monica Carol Miller, 2017-05-08 In the South, one notion of “being ugly” implies inappropriate or coarse behavior that transgresses social norms of courtesy. While popular stereotypes of the region often highlight southern belles as the epitome of feminine power, women writers from the South frequently stray from this convention and invest their fiction with female protagonists described as ugly or chastised for behaving that way. Through this divergence, “ugly” can be a force for challenging the strictures of normative southern gender roles and marriage economies. In *Being Ugly: Southern Women Writers and Social Rebellion*, Monica Carol Miller reveals how authors from Margaret Mitchell to Monique Truong employ “ugly” characters to upend the expectations of patriarchy and open up more possibilities for southern female identity. Previous scholarship often conflates ugliness with such categories as the grotesque, plain, or abject, but Miller disassociates these negative descriptors from a group of characters created by southern women writers. Focusing on how such characters appear prone to rebellious and socially inappropriate behavior, Miller argues that ugliness subverts assumptions about gender by identifying those who are unsuitable for the expected roles of marriage and motherhood. As opposed to familiar courtship and marriage plots, Miller locates in fiction by southern women writers an alternative genealogy, the ugly plot. This narrative tradition highlights female characters whose rebellion offers a space for re-imagining alternative lives and households in opposition to the status quo. Reading works by canonical writers like Zora Neale Hurston, Flannery O'Connor, and Eudora Welty, along with recent texts by contemporary authors like Helen Ellis, Lee Smith, and Jesmyn Ward, *Being Ugly* offers an important new perspective on how southern women writers confront regressive ideologies that insist upon limited roles for women.

Marriage, Writing, and Romanticism Eric C. Walker, 2009 Marriage, Writing, and Romanticism studies marriage in two sets of literary texts from the Regency decade: the novels of Jane Austen—who avoided marriage in her own life but seems to have written about nothing else—and a set of non-canonical and generally unfamiliar poems by William Wordsworth, who seems never to turn to the subject of his own marriage. With other Romantic writers who also figure in this study, Austen and Wordsworth confronted the impossibility of writing about anything other than marriage and the imperative either to celebrate or condemn it. Thanks to the latest scholarly editions of Wordsworth, Walker introduces previously undiscussed material. Walker reads conjugality as the compulsory ground of modern identity, an Enlightenment legacy we still grapple with today, and offers new perspectives on literature through the writing of Austen and Wordsworth and theories of marriage in Godwin, Wollstonecraft, Hegel, Kierkegaard, and, in our time, Adam Phillips and Stanley Cavell.

What Kind of Europe? Loukas Tsoukalis,2003-05-29 As the European Union moves towards enlargement, this text pinpoints the crucial issues which will shape its future as a regional, economic and political entity.

Shooting Elvis Robert M. Eversz,2007-12-01 Thelma & Louise meet Pulp Fiction in this pop-noir thriller. Shooting Elvis is a highly charged, action-packed thriller about a California good girl gone bad. Cute, blond Mary Alice Baker delivers a briefcase to a stranger at LAX for her Harley-riding boyfriend. When it explodes and levels a terminal, Mary becomes an instant terrorist and quickly transforms herself into Nina Zero—punk fugitive, thief, private eye, and new darling of the shock-hungry media. Her quest to discover what all the cash and blood are about drive this fiercely intense narrative to its explosive ending. “An often funny, often violent, ripping roller-coaster ride laced with black humor, acid wit, and dead-on observations about life, fame and fortune in the late 1990s.” —Scientific American “Whip smart . . . Best described as punk noir, it takes the sardonic bite of Raymond Chandler and sets it to the mosh-pit madness of Green Day. An exciting and daringly original book.” —The Boston Globe

Logical Family Armistead Maupin,2017-10-03 A book for any of us, gay or straight, who have had to find our family.

Maupin is one of America's finest storytellers.—Neil Gaiman I fell in love with Maupin's effervescent *Tales of the City* decades ago, and his genius turn at memoir is no less compelling. *Logical Family* is a must read.—Mary Karr In this long-awaited memoir, the beloved author of the bestselling *Tales of the City* series chronicles his odyssey from the old South to freewheeling San Francisco, and his evolution from curious youth to ground-breaking writer and gay rights pioneer. Born in the mid-twentieth century and raised in the heart of conservative North Carolina, Armistead Maupin lost his virginity to another man on the very spot where the first shots of the Civil War were fired. Realizing that the South was too small for him, this son of a traditional lawyer packed his earthly belongings into his Opel GT (including a beloved portrait of a Confederate ancestor), and took to the road in search of adventure. It was a journey that would lead him from a homoerotic Navy initiation ceremony in the jungles of Vietnam to that strangest of strange lands: San Francisco in the early 1970s. Reflecting on the profound impact those closest to him have had on his life, Maupin shares his candid search for his logical family, the people he could call his own. Sooner or later, we have to venture beyond our biological family to find our logical one, the one that actually makes sense for us, he writes. We have to, if we are to live without squandering our lives. From his loving relationship with his palm-reading Grannie who insisted Maupin was the reincarnation of her artistic bachelor cousin, Curtis, to an awkward conversation about girls with President Richard Nixon in the Oval Office, Maupin tells of the extraordinary individuals and situations that shaped him into one of the most influential writers of the last century. Maupin recalls his losses and life-changing experiences with humor and unflinching honesty, and brings to life flesh-and-blood characters as endearing and unforgettable as the vivid, fraught men and women who populate his enchanting novels. What emerges is an illuminating portrait of the man who depicted the liberation and evolution of America's queer community over the last four decades with honesty and compassion—and inspired millions to claim their own lives. *Logical Family* includes black-and-white photographs.
