Sussex County Wayne T. McCabe, 2003-08-01 In 2003, Sussex County celebrates the two hundred fiftieth anniversary of its creation, which took place on June 8, 1753. At that time, all of present-day Sussex and Warren Counties were set aside from Morris County. Warren County was established by the state legislature in 1824, forming the current boundaries of Sussex County. Among the previously unpublished photographs in this history are views of the county's commercial and residential streets, mining and industrial facilities, and business establishments. The vast majority of the unique vintage images included here are drawn from Wayne T. McCabe's extraordinary collection of more than fifteen thousand photographs, glass negatives, postcards, and stereoscopic views of Sussex County.

Meghan and Harry Lady Colin Campbell,2024-04-16 **A Wall Street Journal bestseller** An updated edition of this blockbuster narrative provides the first behind-the-scenes, authoritative account of the Duke and Duchess of Sussex's marriage, by the New York Times bestselling author of *Diana in Private*. The fall from popular grace of Prince Harry, the previously adulated brother of the heir to the British throne, as a consequence of his marriage to the beautiful and dynamic Hollywood actress and *Suits* star Meghan Markle, makes for fascinating reading in this groundbreaking book from Lady Colin Campbell, who is the New York Times bestselling biographer of books on Princess Diana, the Queen Mother, and Queen Elizabeth's marriage. With a unique breadth of insight, Lady Colin Campbell goes behind the scenes, speaking to friends, relations, courtiers, and colleagues on both sides of the Atlantic to reveal the most unexpected royal story since King Edward VIII's abdication. She highlights the dilemmas involved and the issues that lurk beneath the surface, revealing why the couple decided to step down as senior royals. She analyses the implications of the actions of a young and ambitious Duke and Duchess of Sussex, in love with each other and with the empowering lure of fame and fortune, and leads the reader through the maze of contradictions Meghan and Harry have created—while also evoking the Californian culture that has influenced the couple's conduct. *Meghan and Harry: The Real Story* exposes how the royal couple tried and failed to change the royal system—by adapting it to their own needs and ambitions—and, upon failing, how they decided to create a new system—and life—for themselves.

Text Genetics in Literary Modernism and other Essays Hans Walter Gabler,2018-02-20 This collection of essays from world-renowned scholar Hans Walter Gabler contains writings from a decade and a half of retirement spent exploring textual criticism, genetic criticism, and literary criticism. In these sixteen stimulating contributions, he develops theories of textual criticism and editing that are inflected by our advance into the digital era; structurally analyses arts of composition in literature and music; and traces the cultural implications discernible in book design, and in the canonisation of works of literature and their authors. Distinctive and ambitious, these essays move beyond the concerns of the community of critics and scholars. Gabler responds innovatively to the issues involved and often endeavours to re-think their urgencies by bringing together the orthodox tenets of different schools of textual criticism. He moves between a variety of topics, ranging from fresh genetic approaches to the work of James Joyce and Virginia Woolf, to significant contributions to the theorisation of scholarly editing in the digital age. Written in Gabler's fluent style, these rich and elegant compositions are essential

reading for literary and textual critics, scholarly editors, readers of James Joyce, New Modernism specialists, and all those interested in textual scholarship and digital editing under the umbrella of Digital Humanities.

The Cthulhu Casebooks - Sherlock Holmes and the Sussex Sea-Devils James Lovegrove, 2018-11-20 The stunning new novel from the New York Times bestselling author of *The Age of Odin*, in which the worlds of Arthur Conan Doyle and H.P. Lovecraft collide. It is the autumn of 1910, and for fifteen long years Sherlock Holmes and Dr John Watson have battled R'lyeh, the Hidden Mind that was once Professor James Moriarty. Europe is creeping inexorably towards war, and a more cosmic conflict is nearing its zenith, as in a single night all the most eminent members of the Diogenes Club die horribly, seemingly by their own hands. Holmes suspects it is the handiwork of a German spy working for R'lyeh, but his search for vengeance costs an old friend his life. The companions retreat to Holmes's farm on the Sussex Downs, and it is not long before a client comes calling. Three young women have disappeared from the nearby town of Newford, and the locals have no doubt who is responsible. For legend has it that strange amphibious creatures dwell in a city on the seabed, coming ashore every few centuries to take fresh captives. As Holmes and Watson seek out the terrifying interlopers, the scene is set for the final battle that will bring them face to face with the Sussex Sea-Devils, and perhaps with Cthulhu himself...

The Life and Letters of William Sharp and "Fiona Macleod". Volume 1: 1855-1894 William F. Halloran, 2018-11-27 William Sharp (1855-1905) conducted one of the most audacious literary deceptions of his or any time. Sharp was a Scottish poet, novelist, biographer and editor who in 1893 began to write critically and commercially successful books under the name Fiona Macleod. This was far more than just a pseudonym: he corresponded as Macleod, enlisting his sister to provide the handwriting and address, and for more than a decade Fiona Macleod duped not only the general public but such literary luminaries as William Butler Yeats and, in America, E. C. Stedman. Sharp wrote I feel another self within me now more than ever; it is as if I were possessed by a spirit who must speak out. This three-volume collection brings together Sharp's own correspondence – a fascinating trove in its own right, by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti, Walter Pater, and George Meredith – and the Fiona Macleod letters, which bring to life Sharp's intriguing second self. With an introduction and detailed notes by William F. Halloran, this richly rewarding collection offers a wonderful insight into the literary landscape of the time, while also investigating a strange and underappreciated phenomenon of late-nineteenth-century English literature. It is essential for scholars of the period, and it is

an illuminating read for anyone interested in authorship and identity.

The Dawn of Aviation Josh Spoor, Roy Brooks, 2021-07-31 “This well-researched book evocatively conjures up the halcyon days of the swashbuckling amateurs who took to the skies in untested contraptions.” —Sussex Life magazine Shoreham airport, founded in 1910, is the oldest airport in the UK and the oldest purpose-built commercial airport in the world. Yet aviation began in Sussex far earlier, with balloonists making landfall at Kingsfold near Horsham in 1785. The Dawn of Aviation recounts, in vivid style, the way in which successive generations of men—and women—carved out within the ancient and delightful county of Sussex, a memorable place in the history of British aviation. From balloons of the last 18th century, which were later employed by the military in 1880, to kites that could lift a man into the air, to unmanned gliders, to the powered, controlled flight made possible by internal combustion engines in 1908, when Alec Ogilvie flew a Wright Brothers biplane along the coast at Camber, this well-researched, engaging account will appeal to aviation enthusiasts and British history buffs alike. “An enjoyable and informative account of how flying originally came to the attractive corner of the UK.” —The Aviation Historian

The Loveliest Valley Stewart Grimshaw, 2016 Woolbeding House lies in the valley of the River Rother in West Sussex, an unchanging English landscape. Time had appeared to stand still when, in 1972, Simon Sainsbury and Stewart Grimshaw leased the house and gardens from the National Trust. For over four decades, they worked with a talented team of architects, designers and contractors to create a masterpiece of 20th-century garden design, a Sussex Arcadia. In The Loveliest Valley Stewart Grimshaw recalls catching intriguing glimpses of the house on visits to Sussex, the serendipitous nature of their

purchase and the painstaking process of breathing new life into both house and garden. Photographer Tessa Traeger has captured images of Woolbeding in every type of English weather, extreme and benign, from dawn to dusk. The Loveliest Valley is a testament to how a beautiful garden can be created in the modern age, linking the great English gardening tradition with contemporary experimentation.
