Boris Sokolov

The Code of Hammurabi Hammurabi,2019-12-03 The Code of Hammurabi is a well-preserved Babylonian law code of ancient Mesopotamia, dating back to about 1754 BC. It is one of the oldest deciphered writings of significant length in the world. The sixth Babylonian king, Hammurabi, enacted the code, and partial copies exist on a man-sized stone stele and various clay tablets. The Code consists of 282 laws, with scaled punishments, adjusting an eye for an eye, a tooth for a tooth (lex talionis) as graded depending on social status, of slave versus free man. Nearly one-half of the Code deals with matters of contract, establishing, for example, the wages to be paid to an ox driver or a surgeon. Other provisions set the terms of a transaction, establishing the liability of a builder for a house that collapses, for example, or property that is damaged while left in the care of another. A third of the code addresses issues concerning household and family relationships such as inheritance, divorce, paternity, and sexual behavior. Only one provision appears to impose obligations on an official; this provision establishes that a judge who reaches an incorrect decision is to be fined and removed from the bench permanently. A few provisions address issues related to military service. Hammurabi ruled for nearly 42 years, c. 1792 to 1750 BC according to the Middle chronology. In the preface to the law, he states, Anu and Bel called by name me, Hammurabi, the exalted prince, who feared Marduk, the patron god of Babylon (The Human Record, Andrea & Overfield 2005), to bring about the rule in the land. On the stone slab there are 44 columns and 28 paragraphs that contained 282 laws. The laws follow along the rules of 'an eye for an eye'.

The Bolshevik Persecution of Christianity Francis McCullagh,1924

The Strongman Angus Roxburgh,2011-12-15 Russia under Vladimir Putin has proved a prickly partner for the West, a far cry from the democratic ally many hoped for when the Soviet Union collapsed. Abroad, he has used Russia's energy might as a foreign policy weapon, while at home he has cracked down on opponents, adamant that only he has the right vision for his country's future. Former BBC Moscow correspondent Angus Roxburgh charts the dramatic fight for Russia's future under Vladimir Putin - how the former KGB man changed from reformer to autocrat, how he sought the West's respect but earned its fear, how he cracked down on his rivals at home and burnished a flamboyant personality cult, one day saving snow

leopards or horse-back riding bare-chested, the next tongue-lashing Western audiences. Drawing on dozens of exclusive interviews in Russia, where he worked for a time as a Kremlin insider advising Putin on press relations, as well as in the US and Europe, Roxburgh also argues that the West threw away chances to bring Russia in from the cold, by failing to understand its fears and aspirations following the collapse of communism.

Animals and their Relation to Gods, Humans and Things in the Ancient World Raija Mattila, Sanae Ito, Sebastian Fink, 2019-03-11 While Human-Animal Studies is a rapidly growing field in modern history, studies on this topic that focus on the Ancient World are few. The present volume aims at closing this gap. It investigates the relation between humans, animals, gods, and things with a special focus on the structure of these categories. An improved understanding of the ancient categories themselves is a precondition for any investigation into the relation between them. The focus of the volume lies on the Ancient Near East, but it also provides studies on Ancient Greece, Asia Minor, Mesoamerica, the Far East, and Arabia.

Marshal K.K. Rokossovsky Boris Sokolov, 2015-03-19 The author Boris Sokolov offers this first objective and intriguing biography of Marshal Konstantin Konstantinovich Rokossovsky, who is widely considered one of the Red Army's top commanders in the Second World War. Yet even though he brilliantly served the harsh Stalinist system, Rokossovsky himself became a victim of it with his arrest, beatings and imprisonment between 1937 and 1940. The author analyzes all of Rokossovsky's military operations, in both the Russian Civil War and the Second World War, paying particular attention to the problem of establishing the real casualties suffered by both armies in the main battles where Rokossovsky took part, as well as on the Eastern Front as a whole. Rokossovsky played a prominent role in the battles for Smolensk, Moscow, Stalingrad, Kursk, Belorussia, Poland, East Prussia and Pomerania. While praising Rokossovsky's masterful generalship, the author does not shy away from criticizing the nature of Soviet military art and strategy, in which the guiding principle was at all costs and little value was placed on holding down casualties. This discussion extends to the painful topic of the many atrocities against civilians perpetrated by Soviet soldiers, including Rokossovsky's own troops. A highly private man, Rokossovsky disliked discussing his personal life. With the help of family records and interviews, including the original, uncensored draft of the Marshal's memoirs, the author reveals the numerous dualities in Rokossovsky's life. Despite his imprisonment and beatings he endured, Rokossovsky never wavered in his loyalty to Stalin, yet also never betrayed his colleagues. Though a Stalinist, he was also a gentleman widely admired for his courtesy and chivalry. A dedicated family man, women were drawn to him, and he took a 'campaign wife' during the war. Though born in 1894 in Poland, Rokossovsky maintained that he was really born in Russia in 1896. This Polish/Russian duality in Rokossovsky's identity hampered his career and became particularly acute during the Warsaw uprising in 1944 and his later service as Poland's Defense Minister. Thus, the author ably portrays a fascinating man and commander, who became a marshal of two countries, yet who was not fully embraced by either.

Flat Broke Gary Paulsen,2012-04-24 Kevin struggled to overcome his knack for lying in Liar, Liar, but now Kev is broke, and he's got to find a way to make money. He's in for another round of mayhem and misunderstandings in this financial comedy of errors. In Kevin, Gary Paulsen has created an appealing teen boy character who is just as human and fallible as his readers.

The Australian Official Journal of Trademarks ,1906

Masculinity in the Work of Elizabeth Gaskell Meghan Lowe,2021-11-24 This book is the first full-length study to focus on the representation of masculinity in Elizabeth Gaskell's novels. In examining Gaskell's understanding of masculine identity as a social construct and considering how her writing engages with Victorian ideologies of gender, this book demonstrates that Gaskell defies an essentialist approach to gender and instead explores masculinity over time, genre, region, and class, making it clear that masculinity is not monolithic but relational, culturally constructed, and dependent on many contexts. It analyses Gaskell's depiction of what it means to be a 'man' and a 'gentleman', exploring Mary Barton, North and South, Ruth, Cousin Phillis, Sylvia's Lovers, and Wives and Daughters, as well as contemporary Victorian works and key contexts such as sympathy, historic change, and industrialism. The target audiences are academics, as well as undergraduate and postgraduate students and research specialists, and it will most appeal to Victorian Literature, Gender Studies, and Masculinity Studies disciplines.

Words, Bodies, Memory Lars Kleberg,Tora Lane,Sa Cavalcante Schuback Marcia,2019-08-20 This book is a celebration. It praises the many innovative aspects of Irina Sandomirskaja's contributions to a variety of fields in the humanities and Slavic studies, in particular through the numerous colleagues who mirror the impact of her work in their own research and thought. As such, this celebration is also an expression of academic gratitude and a gesture of friendship.

The World's Greatest Unsolved Crimes VARIOS AUTORES,Nigel Blundell,Roger Boar,2012 This book reveals the astonishing, known facts about real acts of villainy...and it probes the fascinating, missing facts that confound the law and are kept in a file marked 'unsolved'.

The Red Cross in Peace and War Clara Barton,1904

The Code of Hammurabi Robert Francis Harper,2007-11-01

Presidential Decrees in Russia Thomas F. Remington,2014-06-05 The book examines the way Russian presidents Yeltsin, Medvedev, and Putin have used their constitutional decree powers since the end of the Soviet regime. The Russian constitution gives the Russian president extremely broad decree-making power, but its exercise is constrained by both formal and informal considerations. The book compares the Russian president's powers to those of other presidents, including the executive powers of the United States president and those of Latin American presidents. The book traces the historical

development of decree power in Russia from the first constitution in 1905 through the Soviet period and up to the present day, showing strong continuities over time. It concludes that Russia's president operates in a strategic environment, where he must anticipate the way other actors, such as the bureaucracy and the parliament, will respond to his use of decree power.

Punitive Medicine Aleksandr Podrabinek,1980 In the decade since the American Psychiatric Association condemned the use of psychiatric institutions for the suppression of political dissent, the practice has continued to spread in the Union of Soviet Socialist Republics. Alexander Podrabinek wrote this account after working as a medical assistant and pursued his research while undergoing police harrassment. He has since been arrested and is in exile in Russia. The manuscript was smuggled out, translated, and published in this country. Podrabinek recounts the historical absence of a civil liberties tradition in Russia, asserting that compulsory psychiatric treatment was not needed in Czarist or early Communist times as liquidation was more efficient. Nonetheless, shortly after the revolution of 1917, punitive hospitalizations began, and a network of special psychiatric hospitals developed to confine thousands of dissidents and socially dangerous individuals. Punitive Medicine contains many quotations from former inmates or patient-prisoners, photographs of hospitals and ex-inmates, and also pictures--

The Flight Portfolio Julie Orringer,2019-05-07 From the bestselling, award-winning author of *The Invisible Bridge* comes a gripping tale of forbidden love, high-stakes adventure, and unimaginable courage filled with suspense and tragedy, unexpected twists and deliverance” (The Seattle Times). • THE INSPIRATION FOR THE NETFLIX SERIES *TRANSATLANTIC* MARSEILLE, 1940. Varian Fry, a Harvard-educated journalist and editor, arrives in France. Recognizing the darkness descending over Europe, he and a group of like-minded New Yorkers formed the Emergency Rescue Committee, helping artists and writers escape from the Nazis and immigrate to the United States. Amid the chaos of World War II, and in defiance of restrictive U.S. immigration policies, Fry must procure false passports, secure visas, seek out escape routes through the Pyrenees and by sea, and make impossible decisions about who should be saved, all while under profound pressure—and in a state of irrevocable personal change. In this dazzling work of historical fiction—one that illuminates previously unexplored elements of Fry’s story, and has, since its publication, brought us new insight into his life.

The Snow Queen (Illustrated) Hans Christian Andersen,2012-03-05 The Snow Queen is a fairy tale by Hans Christian Andersen. It is his longest story and is considered by many as his best work. First published in 1844, it has inspired many artists and many times has been retold in movies and animation. This edition features illustrations by T. Pym (the pseudonym of Clara Creed), a Victorian artist, whose sentimental style blends very well with the Andersen's tale. Although not widely known, the Pym's illustrations are among the best ones created for *The Snow Queen*.

Life with Mother Howard Lindsay,1950-10 THE STORY: Most of the familiar figures in *LIFE WITH FATHER* are here as

their characteristic selves: Mother, Father, the children and some others. This play shows the Day family in their summer home entertaining friends and relatives. The basic plo
