This delicate, emotionally rich picture book celebrates a special connection that crosses time zones and oceans as Popo and her granddaughter hold each other in their hearts forever. Witnesses to War Bassam Khabieh, 2021 *Witnesses to War: The Children of Syria* by Bassam Khabieh provides an insider's account of the impact that the war in Syria has had on children. It illustrates the incredible resilience of Syria's young in the face of violence as children and their families held onto fragments of normalcy. Bassam did not start out as a photographer. But when the war broke out in Syria and violence escalated, it was clear that there was an urgent need for he and other Syrian's to ensure that the world knew what was happening in their increasingly isolated and dangerous homeland, so he picked up a camera. Now, years after the violence began, the Syrian people are waiting for justice. These photos will not bring back the childhoods that have been lost. But war criminals must be held accountable, and these images bear witness. They are evidence.

Let's Do Everything and Nothing Julia Kuo, 2022-03-22 *Let's Do Everything and Nothing* is a lush and lyrical picture book from Julia Kuo celebrating special moments—big and small—shared with a child. Will you climb a hill with me? Dive into a

lake with me? Reach the starry sky with me, and watch the clouds parade? Love can feel as vast as a sky full of breathtaking clouds or as gentle as a sparkling, starlit night. It can scale the tallest mountains and reach the deepest depths of the sea. Standing side by side with someone you love, the unimaginable can seem achievable. But not every magical moment is extraordinary. Simply being together is the best journey of all.

The Middle Finger Project Ash Ambirge, 2020-02-11 Fresh, funny, and fearless, The Middle Finger Project is a point-by-point primer on how to get unstuck, slay imposter syndrome, trust in your own worth and ability, and become a strong, capable, wonderful, weird, brilliant, ballsy, unfuckwithable YOU. Don't worry, this isn't a book about God, nor is it a book about Ryan Gosling (second in command). But it is a book about authority and becoming your own. --Ash Ambirge After a string of dead-end jobs and a death in the family, Ash Ambirge was down to her last \$26 and sleeping in a Kmart parking lot when she faced the truth: No one was coming to her rescue. It was up to her to appoint herself. That night led to what eventually became a six-figure freelance career as a sought-after marketing and copywriting consultant, all while sipping coffee from her front porch in Costa Rica. She then launched The Middle Finger Project, a blog and online course hub, which has provided tens of thousands of young women who disobey with the tools and mindset to give everyone else's expectations the finger and get on your own path to happiness, wealth, independence, and adventure. In her first book, Ash draws on her unconventional personal story to offer a fun, bracing, and occasionally potty-mouthed manifesto for the transformative power of radical self-reliance. Employing the signature wit and wordsmithing she's used to build an avid following, she offers paradigm-shifting advice along the lines of: • The best feeling in the world is knowing who you are and what you're capable

of doing. • Life circumstances are not life sentences. If a Scranton girl who grew up in a trailer park can make it, so can you. • What you believe about yourself will either murder your chances or save your life. So why not believe something good? • You don't need a high-ranking job title to be authorized to contribute. You just need to contribute. • Be your own authority. Authority only works as long as you trust that someone smarter than you is making the rules. • The way you become a force is by being the most radically real version of yourself that you can be. • You only have 12 fucks a day to give, so use them wisely.

The Best We Could Do Thi Bui, 2017-03-07 National bestseller 2017 National Book Critics Circle (NBCC) Finalist ABA Indies Introduce Winter / Spring 2017 Selection Barnes & Noble Discover Great New Writers Spring 2017 Selection ALA 2018 Notable Books Selection An intimate and poignant graphic novel portraying one family's journey from war-torn Vietnam, from debut author Thi Bui. This beautifully illustrated and emotional story is an evocative memoir about the search for a better future and a longing for the past. Exploring the anguish of immigration and the lasting effects that displacement has on a child and her family, Bui documents the story of her family's daring escape after the fall of South Vietnam in the 1970s, and the difficulties they faced building new lives for themselves. At the heart of Bui's story is a universal struggle: While adjusting to life as a first-time mother, she ultimately discovers what it means to be a parent—the endless sacrifices, the unnoticed gestures, and the depths of unspoken love. Despite how impossible it seems to take on the simultaneous roles of both parent and child, Bui pushes through. With haunting, poetic writing and breathtaking art, she examines the strength of family, the importance of identity, and the meaning of home. In what Pulitzer Prize-winning novelist Viet Thanh Nguyen calls “a book to break your heart and heal it,” *The Best We Could Do* brings to life Thi Bui's journey of understanding, and provides inspiration to all of those who search for a better future while longing for a simpler past.

The 1619 Project: Born on the Water Nikole Hannah-Jones, Renée Watson, 2021-11-16 The 1619 Project's lyrical picture book in verse chronicles the consequences of slavery and the history of Black resistance in the United States, thoughtfully rendered by Pulitzer Prize-winning journalist Nikole Hannah-Jones and Newbery honor-winning author Renée Watson. A young student receives a family tree assignment in school, but she can only trace back three generations. Grandma gathers the whole family, and the student learns that 400 years ago, in 1619, their ancestors were stolen and brought to America by white slave traders. But before that, they had a home, a land, a language. She learns how the people said to be born on the water survived. And the people planted dreams and hope, willed themselves to keep living, living. And the people learned new words for love for friend for family for joy for grow for home. With powerful verse and striking illustrations by Nikkolas Smith, *Born on the Water* provides a pathway for readers of all ages to reflect on the origins of

American identity.

Drawdown Paul Hawken, 2017-04-18 • New York Times bestseller • The 100 most substantive solutions to reverse global warming, based on meticulous research by leading scientists and policymakers around the world “At this point in time, the Drawdown book is exactly what is needed; a credible, conservative solution-by-solution narrative that we can do it. Reading it is an effective inoculation against the widespread perception of doom that humanity cannot and will not solve the climate crisis. Reported by-effects include increased determination and a sense of grounded hope.” —Per Espen Stoknes, Author, *What We Think About When We Try Not To Think About Global Warming* “There’s been no real way for ordinary people to get an understanding of what they can do and what impact it can have. There remains no single, comprehensive, reliable compendium of carbon-reduction solutions across sectors. At least until now. . . . The public is hungry for this kind of practical wisdom.” —David Roberts, *Vox* “This is the ideal environmental sciences textbook—only it is too interesting and inspiring to be called a textbook.” —Peter Kareiva, Director of the Institute of the Environment and Sustainability, UCLA In the face of widespread fear and apathy, an international coalition of researchers, professionals, and scientists have come together to offer a set of realistic and bold solutions to climate change. One hundred techniques and practices are described here—some are well known; some you may have never heard of. They range from clean energy to educating girls in lower-income countries to land use practices that pull carbon out of the air. The solutions exist, are economically viable, and communities throughout the world are currently enacting them with skill and determination. If deployed collectively on a global scale over the next thirty years, they represent a credible path forward, not just to slow the earth’s warming but to reach drawdown, that point in time when greenhouse gases in the atmosphere peak and begin to decline. These measures promise cascading benefits to human health, security, prosperity, and well-being—giving us every reason to see this planetary crisis as an opportunity to create a just and livable world.

Worldly Affiliations Sonal Khullar, 2015-05-02 The purpose of art, the Paris-trained artist Amrita Sher-Gil wrote in 1936, is to create the forms of the future” by “draw[ing] its inspiration from the present.” Through art, new worlds can be imagined into existence as artists cultivate forms of belonging and networks of association that oppose colonialist and nationalist norms. Drawing on Edward Said’s notion of “affiliation” as a critical and cultural imperative against empire and nation-state, *Worldly Affiliations* traces the emergence of a national art world in twentieth-century India and emphasizes its cosmopolitan ambitions and orientations. Sonal Khullar focuses on four major Indian artists—Sher-Gil, Maqbool Fida Husain, K. G. Subramanyan, and Bhupen Khakhar—situating their careers within national and global histories of modernism and modernity. Through a close analysis of original artwork, archival materials, artists’ writing, and period criticism, Khullar

provides a vivid historical account of the state and stakes of artistic practice in India from the late colonial through postcolonial periods. She discusses the shifting terms of Indian artists' engagement with the West—an urgent yet fraught project in the wake of British colonialism—and to a lesser extent with African and Latin American cultural movements such as Négritude and Mexican muralism. Written in a lucid and engaging style, this book links artistic developments in India to newly emerging histories of modern art in Asia, Africa, and Latin America. Drawing on original research in the twenty-first-century art world, Khullar shows the persistence of modernism in contemporary art from India and compares its function to Walter Benjamin's ruin. In the work of contemporary artists from India, modernism is the ground from which to imagine futures. This richly illustrated study juxtaposes little-known, rarely seen, or previously unpublished works of modern and contemporary art with historical works, popular or mass-reproduced images, and documentary photographs. Its innovative art program renders newly visible the aesthetic and political achievements of Indian modernism.

Al-Mutanabbi Street Starts Here Beau Beausoleil, Deema Shehabi, 2012-08-20 On March 5th, 2007, a car bomb was exploded on al-Mutanabbi Street in Baghdad. More than thirty people were killed and more than one hundred were wounded. This locale is the historic center of Baghdad bookselling, a winding street filled with bookstores and outdoor book stalls. Named after the famed 10th century classical Arab poet al-Mutanabbi, it has been the heart and soul of the Baghdad literary and intellectual community. This anthology begins with a historical introduction to al-Mutanabbi Street and includes the writing of Iraqis as well as a wide swath of international poets and writers who were outraged by this attack. This book seeks to show where al-Mutanabbi Street starts in all of us: personally, in our communities, and in our nations. It seeks to show the commonality between this small street in Baghdad and our own cultural centers, and why this attack was an attack on us all. This anthology sees al-Mutanabbi Street as a place for the free exchange of ideas; a place that has long offered its sanctuary to the complete spectrum of Iraqi voices. This is where the roots of democracy (in the best sense of that word) took hold many hundreds of years ago. This anthology looks toward al-Mutanabbi Street as an affirmation of all that we hope for in a more just society.
