Wild Iris Ridge RaeAnne Thayne, 2024-04-22 Lucy Drake and Brendan Caine have only one thing in common... And it's likely to tear them apart. Because it was Brendan's late wife, Jessie—and Lucy's best friend—who'd brought them together in the first place. And since Jessie's passing, Brendan's been distracted by his two little ones...and the memory of an explosive kiss with Lucy years before his marriage. Still, he'll steer clear of her. She's always been trouble with a capital T. Lucy couldn't wait to shed her small-town roots for the big city. But now that she's back in Hope's Crossing to take care of the Queen Anne home her late aunt has left her, she figures seeing Brendan Caine again is no big deal. After all, she'd managed to resist the handsome fire chief once before, but clearly the embers of their attraction are still smoldering....

Poems 1962-2012 Louise Glück, 2014-07-08 It is the astonishment of Louise Glück's poetry that it resists collection. With each successive book her drive to leave behind what came before has grown more fierce, the force of her gaze fixed on what has yet to be imagined. She invented a form to accommodate this need, the book-length sequence of poems, like a landscape seen from above, a novel with lacunae opening onto the unspeakable. The reiterated yet endlessly transfigured elements in this landscape—Persephone, a copper beech, a mother and father and sister, a garden, a husband and son, a horse, a dog, a field on fire, a mountain—persistently emerge and reappear with the dark energy of the inevitable, shot through with the bright aspect of things new-made. From the outset (Come here / Come here, little one), Glück's voice has addressed us with deceptive simplicity, the poems in lines so clear we do not see the intervening fathoms. From within the earth's bitter disgrace, coldness and barrenness my friend the moon rises: she is beautiful tonight, but when is she not beautiful? To read these books together is to understand the governing paradox of a life lived in the body and of the work wrested from it, the one fated to die and the other to endure.

Wild Iris Louise Glueck, 1994-01-01 This collection of stunningly beautiful poems encompasses the natural, human, and spiritual realms, and is bound together by the universal themes of time and mortality. With clarity and sureness of craft, Glück's poetry questions, explores, and finally celebrates the ordeal of being alive. 1992 National Book Award finalist.

Iris of China James W. Waddick, 1992 This monograph comprises Zhao's systematic analysis of China's 60 native & introduced species & Waddick's account of Chinese irises in the wild & in the garden, based on research that included a 7,500-mile collecting expedition in 1989 & resulted in the introduction of many species previously unknown in the West.

A Village Life Louise Glück, 2014-07-08 *A Village Life*, Louise Glück's eleventh collection of poems, begins in the topography of a village, a Mediterranean world of no definite moment or place: All the roads in the village unite at the fountain. Avenue of Liberty, Avenue of the Acacia Trees— The fountain rises at the center of the plaza; on sunny days, rainbows in the piss of the cherub. —from tributaries Around the fountain are concentric circles of figures, organized by age and in degrees of distance: fields, a river, and, like the fountain's opposite, a mountain. Human time superimposed on geologic time, all taken in at a glance, without any undue sensation of speed. Glück has been known as a lyrical and dramatic poet; since *Ararat*, she has shaped her austere intensities into book-length sequences. Here, for the first time, she speaks as the type of describing, supervising intelligence found in novels rather than poetry, as Langdon Hammer has written of her long lines—expansive, fluent, and full—manifesting a calm omniscience. While Glück's manner is novelistic, she focuses not on action but on pauses and intervals, moments of suspension (rather than suspense), in a dreamlike present tense in which poetic speculation and reflection are possible.

Wild about Weeds Jack Wallington, 2019 *Wild about Weeds* is the must-have guide for modern gardeners that explains how to tame and nurture the most challenging of plants. Not all weeds are ugly uncontrollable brutes. Yes, they can be difficult and intimidating, but by learning how to grow weeds in unexpected ways you will become a better gardener with a more interesting garden. This book profiles over 50 weeds and shows you surprising ways to grow them, no matter what your garden type: from borders to boxes, sunny to shady, poor soil to rich, tropical to formal, Japanese-style to prairies. With interviews, tips and advice from celebrated gardeners, learn how to let weeds flourish without taking control. Gardening Book of the Year 2019 - The Times Best Gardening Reads of 2019 - Daily Mail Best Gardening Books of the Year - Gardens Illustrated Top Garden Books of 2019 - The English Garden This well-argued advocacy for rebel plants shows why we should all be growing a few in our gardens. Gardens Illustrated In this excellent guide, garden designer Wallington rehabilitates the lowly weed...Wallington's humor (part of me - the rebellious, weed-like part! - likes weeds purely because people tell me not to) and passion for his subject shine through on every page. This new spin on an old subject will encourage both new and seasoned gardeners to look at what's already growing in their garden (and what could be) with fresh eyes. Publishers Weekly A lovely, practical gardening book that celebrates the beauty and ecological value of the gorgeous plants that we have been silly enough to overlook. Gardens with native 'weeds' are quintessentially English, tangled and tousled, and self-deprecating. Yet they burst with life, for these are plants that have evolved alongside our pollinators such as bees, and other insects that

offer themselves to birds. Wild about Weeds sensibly distinguishes between the under-appreciated plants that conjure life into our gardens, and those potentially invasive species that are undesirable for good reason. Jonathan Drori CBE, author of *Around the World in 80 Trees*
