Unbound: A Novel in Verse Ann E. Burg, 2016-09-27 From the award-winning author of *All the Broken Pieces* and *Serafina's Promise* comes a breathtaking new novel that is her most transcendent and widely accessible work to date. The day Grace is called from the slave cabins to work in the Big House, Mama makes her promise to keep her eyes down. Uncle Jim warns her to keep her thoughts tucked private in her mind or they could bring a whole lot of trouble and pain. But the more Grace sees of the heartless Master and hateful Missus, the more a rightness voice clamors in her head-asking how come white folks can own other people, sell them on the auction block, and separate families forever. When that voice escapes without warning, it sets off a terrible chain of events that prove Uncle Jim's words true. Suddenly, Grace and her family must flee deep into the woods, where they brave deadly animals, slave patrollers, and the uncertainty of ever finding freedom. With candor and compassion, Ann E. Burg sheds light on a startling chapter of American history--the remarkable story of runaways who sought sanctuary in the Great Dismal Swamp--and creates a powerful testament to the right of every human to be free.

The Woodwitch (Valancourt 20th Century Classics) Stephen Gregory, 2015-01-06 Andrew Pinkney is a young English lawyer with boyish good looks and a gentle manner, but a dark side emerges when his girlfriend Jennifer laughs at his impotence. He lashes out in a violent rage, knocking her unconscious. At the suggestion of his employer, Andrew heads to an isolated cottage in the dark Welsh countryside to take a break and get a grip on himself. In the woods, he discovers the grotesque stinkhorn mushroom, whose phallic shape seems to rise in obscene mockery of his own shortcomings. But the stinkhorn gives him an idea, a way to win Jennifer back. As the seeds of obsession take root in Andrew's mind, he embarks on a nightmarish quest, with unexpected and horrifying results.

Broad Meadow Bird Brad Vogel, 2015-11-03 *Broad Meadow Bird* is American poet Brad Vogel's first formal book of poetry - and a window into fifteen years of his creative output. At times visceral and flinty, at times ethereal and playful, Vogel's poetry reflects him as he comes into his own across multiple states, nations and states of mind. The sturdiness of the poet's native Wisconsin, the uniqueness of his adopted post-Katrina New Orleans and the bustle of his current home of New York City shine through in poem after poem. Five sections comprise the book, each illustrating a different facet of poetry as a means of survival in the face of modern life: *Love Songs from the Closet*, focused on unrequited love and relationships; *Zen*,

which crystallizes moments and memories in time; Surviving the Salt Mines, a series on persisting in the face of adversity; Feathers, featuring short poems; and Crazy Talk, which lets the written word and imagination run wild. With a wide range of styles and forms, Vogel presents a grand tableau - all while maintaining the strong, notable undercurrent of a distinct poetic voice. As he writes in the poem A Defense of Love, seemingly summing up his relationship to his poems: They are me and I am glad; love shall findeth a way.

Conquest of the Useless Werner Herzog, 2009-06-30 One of the most revered filmmakers of our time, Werner Herzog wrote this diary during the making of Fitzcarraldo, the lavish 1982 film that tells the story of a would-be rubber baron who pulls a steamship over a hill in order to access a rich rubber territory. Later, Herzog spoke of his difficulties when making the film, including casting problems, reshoots, language barriers, epic clashes with the star, and the logistics of moving a 320-ton steamship over a hill without the use of special effects. Hailed by critics around the globe, the film went on to win Herzog the 1982 Outstanding Director Prize at Cannes. Conquest of the Useless, Werner Herzog's diary on his fever dream in the Amazon jungle, is an extraordinary glimpse into the mind of a genius during the making of one of his greatest achievements.

As their leader Alice begins her deadly endgame, Batwoman realizes that if she cannot stop her sister-Batman will.

Citizen Bird Mabel Osgood Wright, Elliott Coues, 1897 This classic and widely influential work brings together the talents of the greatest American ornithologist of his generation (Coues), a pioneering nature writer/editor/ornithologist (Wright), and a young artist whose contribution to the American tradition of bird illustration proved to be second only to Audubon's own (Fuertes); this book features the first substantial body of his work. Directed at the general public, especially children, and written in an entertaining and fanciful fiction style, the work imparts solid scientific knowledge while inculcating conservation values. It exemplifies the extensive literature of popular yet scientifically-grounded ornithology which nurtured the national passion for birds in this era, thereby fostering some of conservationism's most vital and widespread grass roots. Women were particularly well-represented in this literature, often--like Wright--combining literary gifts with serious scientific

knowledge (Wright was elected to membership in the American Ornithologists' Union) to bridge the widening gap between professional science and amateur nature-study, and often--as in this work--confirming contemporary expectations of gender roles by directing their writings particularly toward children.
