*White Feathers* Bernd Heinrich, 2020-02-18 The surprising, rich life of tree swallows in nesting season—with Heinrich’s beautiful illustrations and photographs—by the acclaimed naturalist. Heinrich is sparked one early spring day by a question: Why does a pair of swallows in a nest-box close to his Maine cabin show an unvarying preference for white feathers—not easily available nearby—as nest lining? He notices, too, the extreme aggressiveness of “his” swallows toward some other swallows of their own kind. And he wonders, given swallows’ reputation for feistiness, at the extraordinary tameness and close contact he experiences with his nesting birds. From the author of the beloved books *Ravens in Winter* and *A Naturalist at Large*, this richly engaging view of the lives of wild birds, as always with Heinrich, yields “marvelous, mind-altering” insight and discoveries. —Los Angeles Times

The Giving Tree Shel Silverstein,2014-02-18 As The Giving Tree turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a classic that will now reach an even wider audience. Once there was a tree...and she loved a little boy. So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for all ages offers a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave and gave. This is a tender story, touched with sadness, aglow with consolation. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with *Lafcadio, the Lion Who Shot Back*. He is also the creator of picture books including *A Giraffe and a Half*, *Who Wants a Cheap Rhinoceros?*, *The Missing Piece*, *The Missing Piece Meets the Big O*, and the perennial favorite *The Giving Tree*, and of classic poetry collections such as *Where the Sidewalk Ends*, *A Light in the Attic*, *Falling Up*, *Every Thing On It*, *Don't Bump the Glump!*, and *Runny Babbit*. And don't miss the other Shel Silverstein ebooks, *Where the Sidewalk Ends* and *A Light in the Attic*!

**Falcon Freeway** Christian Hagenlocher,2019-10-21 In 2016, Christian Hagenlocher became the youngest birder to see over 750 species of birds in North America. Inspired by the journeys of Kenn Kaufman's book *Kingbird Highway*, Christian embarked on an epic road trip, car-camping his way across the continent in Wal-Mart parking lots. Subsisting on fruit snacks and Ramen noodles, Christian interviewed hundreds of birders in a large-scale effort to understand the emerging role technology plays in connecting people with nature. He describes the trials and triumphs of birding on a budget in his year-long quest for birds, detailing his run-ins with bears, bad weather, and a nudist cowboy, observing firsthand many of the challenges birds face in a rapidly-changing world.

Follow the Swallow Julia Donaldson,2007 Apollo the swallow and Chack the blackbird are friends. When Apollo flies to Africa, Chack wants to send him a message. But Africa is a long way away. Will the message ever reach him? Full-color illustrations.

The Swallow Stephen Moss,2020-10-29 From the bestselling author of *The Robin*, *The Wren* and *The Twelve Birds of Christmas*. With around 700,000 breeding pairs, the swallow is one of the most familiar birds in Britain. Though we consider the swallow to be 'our' bird, we also share this beloved creature with millions of others across the globe. Whilst we see it on a daily basis for half the year, the swallow then flies south to Africa, living on only in our memory in the long, dark winter. In *The Swallow* Stephen Moss documents a year of observing the swallow close to home and in the field to shed light on the secret life of this extraordinary bird. We trace the swallow's life cycle and journey, including the epic 12,000-mile round trip it takes every year, to enable it to enjoy a life of almost eternal sunshine, and the key part the swallow plays in our traditional

and popular culture. With beautiful illustrations throughout, this captivating year-in-the-life biography reveals the hidden secrets of this charismatic and beautiful bird. PRAISE FOR STEPHEN MOSS: 'A superb naturalist and writer' Chris Packham 'Inspired, friendly and blessed with apparently limitless knowledge' Peter Marren 'Moss has carved out an enviable niche as a chronicler of the natural world' Daily Mail

Environmental Impacts from the Development of Unconventional Oil and Gas Reserves John Stolz,Daniel Bain,Michael Griffin,2022-08-18 The development of unconventional oil and gas shales using hydraulic fracturing and directional drilling is currently a focal point of energy and climate change discussions. While this technology has provided access to substantial reserves of oil and gas, the need for large quantities of water, emissions, and infrastructure raises concerns over the environmental impacts. Written by an international consortium of experts, this book provides a comprehensive overview of the extraction from unconventional reservoirs, providing clear explanations of the technology and processes involved. Each chapter is devoted to different aspects including global reserves, the status of their development and regulatory framework, water management and contamination, air quality, earthquakes, radioactivity, isotope geochemistry, microbiology, and climate change. Case studies present baseline studies, water monitoring efforts and habitat destruction. This book is accessible to a wide audience, from academics to industry professionals and policy makers interested in environmental

pollution and petroleum exploration.
