The Age of Sustainable Development Jeffrey D. Sachs, 2015-03-03 Jeffrey D. Sachs is one of the world's most perceptive and original analysts of global development. In this major new work he presents a compelling and practical framework for how global citizens can use a holistic way forward to address the seemingly intractable worldwide problems of persistent extreme poverty, environmental degradation, and political-economic injustice: sustainable development. Sachs offers readers, students, activists, environmentalists, and policy makers the tools, metrics, and practical pathways they need to achieve Sustainable Development Goals. Far more than a rhetorical exercise, this book is designed to inform, inspire, and spur action. Based on Sachs's twelve years as director of the Earth Institute at Columbia University, his thirteen years advising the United Nations secretary-general on the Millennium Development Goals, and his recent presentation of these ideas in a popular online course, *The Age of Sustainable Development* is a landmark publication and clarion call for all who

care about our planet and global justice.

Harlem Grown Tony Hillery, 2020-08-18 “An inspiring picture book for youngsters with meaningful ties to the environment, sustainability, and community engagement.” —Booklist “Hartland’s gouache illustrations wobble endearingly, colorfully capturing the children’s triumph, and the kinetic energy and colorful vibrancy of the city neighborhood.” —Publishers Weekly Discover the incredible true story of Harlem Grown, a lush garden in New York City that grew out of an abandoned lot and now feeds a neighborhood. Once In a big city called New York In a bustling neighborhood There was an empty lot. Nevaeh called it the haunted garden. Harlem Grown tells the inspiring true story of how one man made a big difference in a neighborhood. After seeing how restless they were and their lack of healthy food options, Tony Hillery invited students from an underfunded school to turn a vacant lot into a beautiful and functional farm. By getting their hands dirty, these kids turned an abandoned space into something beautiful and useful while learning about healthy, sustainable eating and collaboration. Five years later, the kids and their parents, with the support of the Harlem Grown staff, grow thousands of pounds of fruits and vegetables a year. All of it is given to the kids and their families. The incredible story is vividly brought to life with Jessie Hartland’s “charmingly busy art” (Booklist) that readers will pore over in search of new details as they revisit this poignant and uplifting tale over and over again. Harlem Grown is an independent, not-for-profit organization. The author’s share of the proceeds from the sale of this book go directly to Harlem Grown.

St. Moritz Chic Dora Lardelli, 2020-01-01 Nestled in Switzerland's alpine Engadin Valley, St. Moritz stands on its own amidst a sea of celebrated ski resorts in that it has long maintained an elusive allure. The winter home of personalities from Gunter Sachs and Gianni Agnelli to Sofia Loren, Elizabeth Taylor, Audrey Hepburn, John Lennon, and Claudia Schiffer, there are few places in the world that manage to unite so many of the top names in cinema, art, and fashion all in one place, year after year. Author Dora Lardelli takes the reader on a journey through Chanel and Hitchcock's favorite haunts and the hidden parties at Badrutt's Palace where royalty goes to play, without forgetting the natural beauty, village charm and architectural mastery that define it. St. Moritz also takes readers on a majestic tour of its special events, from Winter Olympics to the annual Snow Polo World Cup, as well as the summertime Jazz Festival and the British Classic Car Meeting. In St. Moritz creatives and royals share skiwässers slope-side on the sheepskin benches of El Paradiso, pause to sip champagne on long strolls around its frozen, crystalline lake and enjoy coffee and confections at the centuries old Hanselmann. St. Moritz has never lost its inimitable appeal, and will continue to reign as an elegant hideaway for all those who have come to call it a home away from home.

China and Sustainable Development in Latin America Rebecca Ray, Kevin Gallagher, Andres López, Cynthia Sanborn, 2017-01-02 During Latin America's China-led commodity boom, governments turned a blind eye to the inherent flaws in the region's economic policy. Now that the commodity boom is coming to an end, those flaws cannot be ignored. High on the list of shortcomings is the fact that Latin American governments—and Chinese investors—largely fell short of mitigating the social and environmental impacts of commodity-led growth. The recent commodity boom exacerbated pressure on the region's waterways and forests, accentuating threats to human health, biodiversity, global climate change and local livelihoods. *China and Sustainable Development in Latin America* documents the social and environmental impact of the

China-led commodity boom in the region. It also highlights important areas of innovation, like Chile's solar energy sector, in which governments, communities and investors worked together to harness the commodity boom for the benefit of the people and the planet.

Miami Beach Horacio Silva,2020-10-01 Considered by many as the country's most dynamic, fastest growing and sexiest city, Miami is more popular than ever before. Yet, it is a city that doesn't merely change but evolves, never rewriting the past, just adding to its illustrious heritage. And this is the real beauty of Miami. The chic Surf Club and the vibrant Faena Hotel did not replace the emblematic Raleigh of the 1940s nor the Ritz Carlton of the 50s, rather they complement them. Classics like Joe's Stone Crab continue to serve their signature fare to sell-out crowds each night, as new establishments attract with name chefs. The iconic art deco architecture remains on full display as the modern Herzog & de Meuron-designed Perez Art Museum stands in stark contrast. Replete with arts and culture year round from the international art at

The Bass to the street art of Wynwood Walls, each December, the city is taken over by the global cultural elite for Art Basel Miami Beach, a fair that attracts over 80,000 visitors who turn out for the momentous art, such as Maurizio Cattelan's show stopping "Comedian", and the exuberant festivities hosted each evening.

Ritual and Economy in Metropolitan China Carsten Herrmann-Pillath, Guo Man, Feng Xingyuan, 2020-10-26 This book focuses on Shenzhen, one of China's most globalized metropolises, a leading centre of high-tech industries and, as a melting pot of migrants from all over China, a place of vibrant cultural creativity. While in the early stages of Shenzhen's development this vibrant cultural creativity was associated with the resilience of traditional social structures in Shenzhen's migrant 'urban villages', today these structures undergird dynamic entrepreneurship and urban self-organization throughout Shenzhen, and have gradually merged with the formal structures of urban governance and politics. This book examines these developments, showing how important traditional social structures and traditional Chinese culture have been for China's economic modernization. The book goes on to draw out the implications of this for the future of Chinese culture and Chinese economic engagement in a globalized world.
