**Alfred Leo Duggan**

**Cinema Houston** David Welling, 2010-06-30 Cinema Houston celebrates a vibrant century of movie theatres and moviegoing in Texas's largest city. Illustrated with more than two hundred historical photographs, newspaper clippings, and advertisements, it traces the history of Houston movie theatres from their early twentieth-century beginnings in vaudeville and nickelodeon houses to the opulent downtown theatres built in the 1920s (the Majestic, Metropolitan, Kirby, and Loew's State). It also captures the excitement of the neighborhood theatres of the 1930s and 1940s, including the Alabama, Tower, and River Oaks; the theatres of the 1950s and early 1960s, including the Windsor and its Cinerama roadshows; and the multicinemas and megaplexes that have come to dominate the movie scene since the late 1960s. While preserving the glories of Houston's lost movie palaces—only a few of these historic theatres still survive—Cinema Houston also vividly re-creates the moviegoing experience, chronicling midnight movie madness, summer nights at the drive-in, and, of course, all those tasty snacks at the concession stand. Sure to appeal to a wide audience, from movie fans to devotees of Houston's architectural history, Cinema Houston captures the bygone era of the city's movie houses, from the lowbrow to the sublime, the hi-tech sound of 70mm Dolby and THX to the crackle of a drive-in speaker on a cool spring evening.

**Julie** Polly Stenham, 2018-07-12 Wild and newly single, Julie throws a late night party. In the kitchen, Jean and Kristina clean up as the celebration heaves above them. Polly Stenham reimagines August Strindberg's *Miss Julie* in contemporary London. *Julie* premiered at the National Theatre, London, in May 2018.

**Punahou Blues** Kirby M. Wright, 2005 Growing up in Honolulu isn't always easy for Jeff Gill. **Stories from the Pacific** Lawrence F. Kirby, 2003 In these personal memoirs Lawrence F. Kirby takes the reader with him as he makes the transformation from an 18-year-old high school graduate to an infantry scout carrying a submachine gun in the jungles of the Pacific islands. Only those who have served in combat can understand what the ordinary infantry Marine had to endure during World War II. The author, a three-campaign veteran, describes it by telling of the human experience - the personal, individual effect of jungle warfare. This is not a story of tactics and strategy; it is a series of short stories, an

account from one Marine's small corner of the world that depicts the terror and the tedium, the irreverent and the bittersweet of life during wartime. There is great humor in many of these stories but the common bedrock of fear and brotherhood are the main themes. There are stories about training and Marine Corps discipline, the boredom and boyish pranks between battles and the terror and horror of deep combat. A gifted writer and storyteller, Kirby supplies convincing evidence that it was not so much a sense of duty or loyalty to country that kept men going as it was their genuine love for one another, and their mutual support and inspiration.

*Birdland* Simon Stephens,2014-05-29 Everything can be quantified. All worth can be quantified. Artistic worth. Human worth. Material worth. Everything. Some food is simply better than other food. Isn't it? Some clothes are better than other clothes. Aren't they? The last week of a massive international tour and rock star Paul is at the height of his fame. Everybody knows his name. Whatever he wants he can have. He can screw anybody he wants to. He can buy anything he desires. He can eat anything. Drink anything. Smoke anything. Go anywhere. As the inevitability of the end of the road looms closer and a return home becomes a reality, for Paul the music is starting to jar. *Birdland* received its world premiere at the Royal Court Theatre Downstairs on 3 April 2014.

*Stan Lee and the Rise and Fall of the American Comic Book* Jordan Raphael, Tom Spurgeon, 2004-09-01 Based on interviews with Stan Lee and dozens of his colleagues and contemporaries, as well as extensive archival research, this book provides a professional history, an appreciation, and a critical exploration of the face of Marvel Comics. Recognized as a dazzling writer, a skilled editor, a relentless self-promoter, a credit hog, and a huckster, Stan Lee rose from his humble beginnings to ride the wave of the 1940s comic books boom and witness the current motion picture madness and comic industry woes. Included is a complete examination of the rise of Marvel Comics, Lee's work in the years of postwar prosperity, and his efforts in the 1960s to revitalize the medium after it had grown stale.

*My Night with Reg* Kevin Elyot, 1997 An award-winning gay comedy of manners.

**Ghostly Ruins** Harry Skrdla, 2006-09-28 With Ghostly Ruins, author Harry Skrdla guides your tour of thirty abandoned

locations from around the country - homes and hotels, power plants and prisons, whole neighborhoods and even entire towns. These are the happy memories of your grandparents' and great-grandparents' childhoods, such as the United Artists movie palace in Detroit, the rollercoasters at Chippewa Lake Park in Medina, Ohio, and the Palace of Fine Arts from the Chicago World's Fair. And then there are the structures that were massive and forbidding even at their peaks, before falling to disrepair: the Bethlehem Steel Mill and Eastern State Penitentiary in Pennsylvania and Bannerman's Castle, a munitions depot stranded on a lonely island in upstate New York. Even the works of some of our nation's most revered architects are not impervious to decay. Witness Albert Kahn's Packard Plant and Philip Johnson's New York State Pavilion. Perhaps eeriest of all are the ghost towns of Bodie, California and Centralia, Pennsylvania, where a trash fire in a nearby mine exploded into an underground inferno in 1962. The fire still blazes today. Skrdla shows you all this and more, telling the tale of each place in its prime and the story behind its fall, accompanied by more than two hundred photographs depicting these locations at both yesterday's historic heights and today's decrepit depths.--BOOK JACKET.

**The Vicksburg Campaign** Christopher Richard Gabel, 2013 The Vicksburg Campaign, November 1862-July 1863 continues the series of campaign brochures commemorating our national sacrifices during the American Civil War. Author Christopher R. Gabel examines the operations for the control of Vicksburg, Mississippi. President Abraham Lincoln called Vicksburg the key, and indeed it was as control of the Mississippi River depended entirely on the taking of this Confederate stronghold.

**Artificial Hells** Claire Bishop, 2012-07-24 Since the 1990s, critics and curators have broadly accepted the notion that participatory art is the ultimate political art: that by encouraging an audience to take part an artist can promote new emancipatory social relations. Around the world, the champions of this form of expression are numerous, ranging from art historians such as Grant Kester, curators such as Nicolas Bourriaud and Nato Thompson, to performance theorists such as Shannon Jackson. Artificial Hells is the first historical and theoretical overview of socially engaged participatory art, known in the US as social practice. Claire Bishop follows the trajectory of twentieth-century art and examines key moments in the development of a participatory aesthetic. This itinerary takes in Futurism and Dada; the Situationist International; Happenings in Eastern Europe, Argentina and Paris; the 1970s Community Arts Movement; and the Artists Placement Group. It concludes with a discussion of long-term educational projects by contemporary artists such as Thomas Hirschhorn, Tania Bruguera, Paweł Althamer and Paul Chan. Since her controversial essay in Artforum in 2006, Claire Bishop has been one of the few to challenge the political and aesthetic ambitions of participatory art. In Artificial Hells, she not only scrutinizes the emancipatory claims made for these projects, but also provides an alternative to the ethical (rather than artistic) criteria invited by such artworks. Artificial Hells calls for a less prescriptive approach to art and politics, and for more compelling, troubling and bolder forms of participatory art and criticism.

**Trial by Fire** Scott James, 2020-10-27 In only 90 seconds, a fire in the Station nightclub killed 100 people and injured hundreds more. It would take nearly 20 years to find out why—and who was really at fault. All it took for a hundred people to die during a show by the hair metal band Great White was a sudden burst from two giant sparklers that ignited the acoustical foam lining the Station nightclub. But who was at fault? And who would pay? This being Rhode Island, the two questions wouldn't necessarily have the same answer. Within 24 hours the governor of Rhode Island and the local police commissioner were calling for criminal charges, although the investigation had barely begun, no real evidence had been gathered, and many of the victims hadn't been identified. Though many parties could be held responsible, fingers pointed quickly at the two brothers who owned the club. But were they really to blame? Bestselling author and three-time Emmy Award-winning reporter Scott James investigates all the central figures, including the band's manager and lead singer, the fire inspector, the maker of the acoustical foam, as well as the brothers. Drawing on firsthand accounts, interviews with many involved, and court documents, James explores the rush to judgment about what happened that left the victims and their families, whose stories he also tells, desperate for justice. Trial By Fire is the heart-wrenching story of the fire's aftermath because while the fire, one of America's deadliest, lasted fewer than two minutes, the search for the truth would take twenty years.
