A Picture Book of Benjamin Franklin David A. Adler,2018-01-01 This read-along shows how Ben Franklin, one of 17 children in a poor family in Colonial Massachusetts, became one of our greatest statesmen and inventors. This straightforward biography is embellished with soft background music and sound effects that are picked up from the details in the lively, quaint illustrations in the accompanying book. -AudioFile

Kelsey Green, Reading Queen Claudia Mills,2013-06-04 Kelsey Green is the best reader in the third grade--well, maybe tied for best with know-it-all Simon Ellis. When the principal Mr. Boone announces a school-wide reading contest, complete with a pizza party for the winning class and a special certificate for the top readers in each grade, she knows she's just the person to lead Mrs. Molina's third graders to victory. But how can they win when her classmate Cody Harmon doesn't want to read anything, and even Kelsey's best friends Annika and Izzy don't live up to her expectations? And could Simon possibly be reading all of those books that he claims he is, or is he lying to steal Kelsey's rightful spot at the top? Kelsey Green, Reading Queen is the first book in Claudia Mills's Franklin School Friends series.

The Baseball Filmography, 1915 through 2001, 2d ed. Hal Erickson,2016-03-23 Since the first baseball movie (Little Sunset) in 1915, Hollywood has had an on-again, off-again affair with the sport, releasing more than 100 films through 2001. This is a filmography of those films. Each entry contains full cast and credits, a synopsis, and a critique of the movie. Behind-the-scenes and background information is included, and two sections cover baseball shorts and depictions of the game in

non-baseball films. An extensive bibliography completes the work.

Critical Perspectives in Canadian Music Education Carol A. Beynon,Kari K. Veblen,2012-09-01 Music education in Canada is a vast enterprise that encompasses teaching and learning in thousands of public and private schools, community groups, and colleges and universities. It involves participants from infancy to the elderly in formal and informal settings. Nevertheless, as post-secondary faculties of music and programs are growing significantly, academic books and materials grounded in a Canadian perspective are scarce. This book attempts to fill that need by offering a collection of essays that look critically at various global issues in music education from a Canadian perspective. Topics range from a discussion of the roots of music education in Canada and analysis of music education practices across the country to perspectives on popular music, distance education, technology, gender, globalization, Indigenous traditions, and community music in music education. Foreword by composer R. Murray Schafer.
