**Cultural Psychology** Robyn M. Holmes, 2020-01-30 Cultural Psychology draws upon major psychological topics, theories, and principles to illustrate the importance of culture in psychological inquiry. Exploring how culture broadly connects to psychological processing across diverse cultural communities and settings, it highlights the applied nature of cultural psychology to everyday life events and situations, presenting culture as a complex layer in which individuals acquire skills, values, and abilities. Two central positions guide this textbook: one, that culture is a mental and physical construct that individuals live, experience, share, perform, and learn; and the second, that culture shapes growth and development. Culture-specific and cross-cultural examples highlight connections between culture and psychological phenomena. The text is multidisciplinary, highlighting different perspectives that also study how culture shapes human phenomena. Topics include an introduction to cultural psychology, the history of cultural psychology, cultural evolution and cultural ecology, methods, language and nonverbal communication, cognition, and perception. Through coverage of social behaviour, the book challenges students to explore the self, identity, and personality; social relationships, social attitudes, and intergroup contact in a global world; and social influence, aggression, violence, and war. Sections addressing growth and development include human development and its processes, transitions, and rituals across the lifespan, and socializing agents, socialization practices, and child activities. Additionally, the book features discussions of emotion and motivation, mental health and psychopathology, and future directions for cultural psychology. Chapters contain teaching and learning tools including case studies, multidisciplinary contributions, thought-provoking questions, class and experiential activities, chapter summaries, and additional print and media resources.

Substantial Classrooms Jill Vialet, Amanda von Moos, 2021-04-13 Transform Your School's Substitute Teaching Experience Just like everything else, substitute teaching is about to undergo a big change. In Substantial Classrooms: Redesigning the Substitute Teaching Experience, authors Jill Vialet and Amanda von Moos usher in a new era of innovation in substitute teaching. Threaded with concrete and actionable ways to improve the experience of substitute teaching for administrators, students, and the teachers themselves, Substantial Classrooms is a leading voice for innovation and renewal in substitute teaching. Instead of viewing substitute teachers as a placeholder in an educator's absence, this book encourages readers to view substitute teachers as vital resources that diversify the typical classroom learning experience. While other books look

only at making a bad situation bearable, this book re-examines substitute teaching with an eye towards reinventing it as a unique and valuable part of students' educational experience. Key themes of *Substantial Classrooms* include: How substitute teaching works today Applying human-centered design to create change in legacy systems like substitute teaching Concrete and inspiring examples of different models for substitute teaching, for example, reimagining it as paid fieldwork for aspiring teachers. In addition to these key themes, every chapter includes stories and techniques from dynamic and innovative educational practitioners. This must-have guide to substitute teaching can improve schools everywhere and revolutionize the way educators, school and district leaders, colleges, and community partners view the experience of substitute teaching as a lever to positively impact schools.

*Superstorm Sandy* Diane C. Bates, 2016-01-18 Sandy was the costliest hurricane in U.S. history after Katrina, but the waters had barely receded from the Jersey coast when massive efforts began to "Restore the Shore." Why do people build in areas open to repeated natural disasters? And why do they return to these areas in the wake of major devastation? Drawing on a variety of insights from environmental sociology, *Superstorm Sandy* answers these questions as it looks at both the unique character of the Jersey Shore and the more universal ways that humans relate to their environment. Diane C. Bates offers a wide-ranging look at the Jersey Shore both before and after Sandy, examining the many factors—such as cultural attachment, tourism revenues, and governmental regulation—that combined to create a highly vulnerable coastal region. She explains why the Shore is so important to New Jerseyans, acting as a key cultural touchstone in a state that lacks a central city or even a sports team to build a shared identity among the state's residents. She analyzes post-Sandy narratives about the Jersey Shore that trumpeted the dominance of human ingenuity over nature (such as the state's "Stronger than the Storm" advertising campaign) or proclaimed a therapeutic community ("Jersey Strong")—narratives rooted in emotion and iconography, waylaying any thought of the near-certainty of future storms. The book also examines local business owners, politicians, real estate developers, and residents who have vested interests in the region, explaining why the Shore was developed intensively prior to Sandy, and why restoration became an imperative in the post-storm period. Engagingly written and insightful, *Superstorm Sandy* highlights the elements that compounded the disaster on the Shore, providing a framework for understanding such catastrophes and preventing them in the future.

**Fieldwork with Children** Robyn M. Holmes, 1998-04-21 Starting with an overview of the study of children, Robyn Holmes discusses methodology, carrying out studies in the school setting and the effects of the personal attributes of the researcher on the fieldwork process with children.

**Building Mentoring Capacity in Teacher Education** John E. Henning, Dianne M. Gut, Pamela C. Beam, 2018-08-23 This book is an instructional guide for designing and implementing mentoring programs that support clinically-based teacher education. Veteran teacher educators John E. Henning, Dianne M. Gut, and Pam C. Beam outline a developmental approach

for supporting mentees as they grow in their careers from teacher candidates to early-career teachers and teacher leaders. Mentors will learn how professional development occurs and how to create the conditions to foster and accelerate it. In Part I, chapters outline key components of the mentoring process, including strategies for engaging, coaching, co-teaching, and encouraging reflection. Part II demonstrates how those strategies can support mentees at different stages of their development. Included throughout are case studies, activities, and discussion questions to facilitate learning.

**Activating Democracy** Sheryl Oring, 2016-09-02 Driven by a powerful belief in the value of free expression, Sheryl Oring has for more than a decade been helping people across the United States voice concerns about public affairs through her 'I Wish to Say' project. This book uses that project as the starting point for an exploration of a series of issues of public interest being addressed by artists today. It features essays by contributors ranging from art historians and practicing artists to scholars and creators working in literature, political science and architecture. All the contributors offer a different approach, but they share a primary goal of sparking a dialogue not just among makers of art, but among viewers, readers and the concerned public at large. The resulting volume will be an essential resource for politically engaged contemporary artists searching for innovative, cross-disciplinary ways of making and sharing art.

**In the Time of the Butterflies** Julia Alvarez, 2010-01-12 Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo. (Concepción de León, *New York Times*) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the *Butterflies*. In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred *Butterflies* live again in this novel of courage and love, and the human costs of political oppression. Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas.—Francisco Cantú, *The New York Times Book Review* This Julia Alvarez classic is a must-read for anyone of Latinx descent. —Popsugar.com A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion. —People Shimmering . . . Valuable and necessary. —Los Angeles Times A magnificent treasure for all cultures and all time.” —St. Petersburg Times Alvarez does a remarkable

job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed.—Cosmopolitan.com

**Intermodernism** Kristin Bluemel,2009-10-05 These 10 original critical essays examine the fascinating writing of the Depression and World War II. Divided into four sections--Work, Community,War, and Documents--the volume focuses on texts that are typically ignored in accounts of modernism or The Auden Generation.Chapters examine writing by Elizabeth Bowen, Storm Jameson, William Empson, George Orwell, J. B. Priestley, Harold Heslop, T. H. White, Sylvia Townsend Warner, Rebecca West, John Grierson, Margery Allingham and Stella Gibbons. These authors were politically radical, or radically 'eccentric', and tended to be committed to working- and middle-class cultures, non-canonical genres, such as crime and fantasy, and minority forms of narrative, such as journalism, manifestos, film, and travel narratives, as well as novels. The volume supports further research with an appendix, 'Who Were the Intermodernists?', a listing of archival sources and an extensive bibliography.

**The Humane Gardener** Nancy Lawson,2017-04-18 In this eloquent plea for compassion and respect for all species, journalist and gardener Nancy Lawson describes why and how to welcome wildlife to our backyards. Through engaging anecdotes and inspired advice, profiles of home gardeners throughout the country, and interviews with scientists and horticulturalists, Lawson applies the broader lessons of ecology to our own outdoor spaces. Detailed chapters address planting for wildlife by choosing native species; providing habitats that shelter baby animals, as well as birds, bees, and butterflies; creating safe zones in the garden; cohabiting with creatures often regarded as pests; letting nature be your garden designer; and encouraging natural processes and evolution in the garden. The Humane Gardener fills a unique niche in describing simple principles for both attracting wildlife and peacefully resolving conflicts with all the creatures that share our world.

**Play** Lynn E. Cohen,Sandra Waite-Stupiansky,2011-12-16 The Association for the Study of Play (TASP) ([www.tasp.org](http://www.tasp.org)) is the sponsor of volume twelve in the Play & Culture Studies series. TASP is a professional group of interdisciplinary researchers who study play. Polyphony, defined as having many tones or voices, was used by the Russian philosopher Mikhail Mikhailovich Bakhtin to describe the immense plurality of experiences in relationships. The chapters in volume 12 of Play & Culture Studies address the polyphony or many voices in the study of play from an interdisciplinary cadre of scholars in the fields of anthropology, education, psychology, linguistics, and history. In this time of globalization, hyper-capitalism, and discourses that disqualify children's play, we invite the reader to participate in diverse ways of thinking about play and

pedagogy. To this end, Play, Volume 12 addresses research methodology, contemporary theories, technology, and advocacy. Applications to practice and policy implications are presented.

*The Witch's Child* Susan Van Kirk,2021-10-15 Retired teacher Grace Kimball is elated when former student Fiona Mackenzie returns to Endurance to make burial plans for her recently deceased mother, Sybil Mackenzie. But this will be no ordinary funeral because Fiona's mother—a self-proclaimed witch—died in prison following a sensational Endurance murder trial ten years earlier. Detective TJ Sweeney doesn't need witchcraft or visions to know Sybil Mackenzie's presence—dead or alive—will rekindle anger in the residents of the small town. When the judge from Sybil's trial is poisoned, the evidence points toward Fiona, the witch's child. Who else has a garden full of poisonous plants? Who else lost her mother to ten years in prison? Who knows the kind of dark magic the witch's child can create? Her mother put a curse on all involved in her trial. Has Fiona returned to get revenge? TJ finds other suspects ripe with motives to murder. Add vicious whispers and malicious rumors in the local coffee shops, pushy reporters looking for a story, and clashing opinions on social media. The town of Endurance is like a tinderbox just waiting for someone to light a match. Can Grace and TJ find the judge's killer before that match is struck?

**New Jersey Noir** Jonathan Safran Foer,Bradford Morrow,Bill Pronzini,Robert Pinsky,Edmund White,S. J. Rozan,2011-11-01 Discover the darker side of the Garden State with this anthology of gritty mystery stories. Akashic Books continues its award-winning series of original noir anthologies, launched in 2004 with Brooklyn Noir. Each volume is comprised of all-new stories, each one set in a distinct location within the geographical area of the book. In New Jersey Noir, a star-studded cast of authors sifts through the hidden dirt of the Garden State. Featuring brand-new stories (and a few poems) by Joyce Carol Oates, Jonathan Safran Foer, Robert Pinsky, Edmund White & Michael Carroll, Richard Burgin, Pulitzer Prize-winner Paul Muldoon, Sheila Kohler, C.K. Williams, Gerald Stern, Lou Manfredino, S.A. Solomon, Bradford

Morrow, Jonathan Santlofer, Jeffrey Ford, S.J. Rozan, Barry N. Malzberg & Bill Pronzini, Hirsh Sawhney, and Robert Arellano. Praise for New Jersey Noir “Oates’s introduction to Akashic’s noir volume dedicated to the Garden State, with its evocative definition of the genre, is alone worth the price of the book . . . Highlights include Lou Manfredo’s “Soul Anatomy,” in which a politically connected rookie cop is involved in a fatal shooting in Camden; S.J. Rozan’s “New Day Newark,” in which an elderly woman takes a stand against two drug-dealing gangs; and Jonathan Santlofer’s “Lola,” in which a struggling Hoboken artist finds his muse . . . Poems by C.K. Williams, Paul Muldoon, and others—plus photos by Gerald Slota—enhance this distinguished entry.” —Publishers Weekly “It was inevitable that this fine noir series would reach New Jersey. It took longer than some readers might have wanted, but, oh boy, was it worth the wait . . . More than most of the entries in the series, this volume is about mood and atmosphere more than it is about plot and character . . . It should go without saying that regular readers of the noir series will seek this one out, but beyond that, the book also serves as a very good introduction to what is a popular but often misunderstood term and style of writing.” —Booklist, Starred Review “A lovingly collected assortment of tales and poems that range from the disturbing to the darkly humorous.” —Shelf Awareness

**Identifying, Describing, and Developing Teachers Who Are Gifted and Talented** Van Sickle, Meta L., Swanson, Julie D., Bazler, Judith A., Lubniewski, Kathryn L., 2018-12-07 Much of the research about teachers focuses on “those who can’t/don’t/aren’t good” in the classroom. However, teachers who are gifted and talented exist, but there has been little attention to date on the characteristics and practices of such teachers in the classroom. While few, the examples of research on positive teacher attributes include work on the “expert,” “authentic,” and “creative,” as well as examples of research on eminent adults. *Identifying, Describing, and Developing Teachers Who Are Gifted and Talented* is an essential reference source that discusses behaviors and traits in teachers who are considered gifted and talented as well as case studies on the identification and preparation of teachers who fall into this category. Featuring research on topics such as creative innovation, emotional intelligence, and skill development, this book is ideally designed for educators, administrators, researchers, and academicians.

I Wish to Say Sheryl Oring, 2008 The Birthday Project, timed to coincide with President Bush's 60th birthday, presents an uncensored glance at American public opinion on presidential politics. In what can be described as a public performance project, artist Sheryl Oring traveled to eight locations in the United States and invited strangers to share their thoughts with the President and with her. Dressed in vintage clothing, Oring typed the messages as dictated to her verbatim on her manual typewriter, sending the original to the White House and keeping a carbon copy for her archive. While Oring typed the

postcards, photographer Dhanraj Emanuel took portraits of each person, which are featured in this book.
