The Official Paint By Numbers Guide: Master the Secrets to Paint By Numbers Logan Ransley,2018-10-23 Paint By Numbers is fun. Plain and simple. It allows a new stress-reducing approach for expressing ourselves - using a method of painting invented by Leonardo da Vinci. (Legend has it that he created this method because he was too busy to teach his disciples and pupils how to paint.)After years of suffering enormous social anxiety, and surviving countless (and frightening) panic attacks, Logan Ransley found out about Paint By Numbers - a popular kid's game that anyone can use to paint true pieces of fantastic art.The concept of Paint By Numbers is simple: Each artist is given a canvas with the outline of a graphic. The outline is separated by mini outlines, each one designated with a number. The artist then paints in those assigned numbers with a colour that corresponds with the number. (So #1 is orange, #2 is red, #3 is green, and so on.) Reaching the pinnacle of his expression, he created a complete guidebook on Paint By Numbers.The Official Paint By Numbers Guide takes you by the hand and shows you how to maneuver and overcome the many problems both he and his friends encountered. Among those include thickening paint, smudging areas, unrolling the canvas without destroying the outline, and a lot more.Using the techniques and skills that helped him cope with the stress of everyday living, Logan gives you the tactics and strategies you can use in your own life to manage stress single-handedly and how to transform Paint By Numbers from being a game for kids into a therapeutic art form so you can become a happier, less-stressed and a more creative version of yourself.

Paint by Number ,2001 A virtual exhibition providing a cultural and artistic context for the paint-by-number hobby that became popular in the United States and elsewhere during the 1950s.

Real Art! Douglas Brenner,Nancy Stahl,2004 Yes you can! Give the gift of art. Give the gift of creativity. Give the gift of fun. Because now we can all paint with the best of them. Drawn from the annals of America's fondly remembered pastimes, Real Art! is an all-new, cleverly designed paint by number kit and the coolest gift of the season. Open the box and discover everything an artist needs to create a gallery of paintings suitable for framing--ten white canvas boards, 18 oversized pots of acrylic paint, and two brushes, one narrow and one medium. The images, newly created by artist Nancy Stahl, are iconic: a

still life of luscious pears. A clipper ship in full sail. Tropical parrots in a study of exuberant hue. The geisha. The bustling street scene. And two bona fide masterpieces: van Gogh's Sunflowers and, yes, the Mona Lisa. Plus, pulling the full experience together is a 64-page full-color book of history, appreciation, and instruction. Illustrated throughout, it traces the canon of PBN subjects and artists, including the original brouhaha over its place in the culture; and provides a how-to-paint primer--including how to improvise, from choosing a varied color palette to leaving parts of the canvas blank, à la Warhol; plus tips on displaying your work and, ultimately, becoming a PBN collector.

Painting the Great Masters by Number Ivan Hissey, Curtis Tappenden, 2003 With over 350 photos and illustrations, *Painting the Great Masters by Number* can help crafters re-create a masterpiece with step-by-step, carefully explained techniques plus tips and hits that make a work of art readily achievable.

Paint by Numbers Griddlers Team, 2015-12-06 These colouring pictures are made of original griddlers puzzles. Though the puzzles themselves requires logic to solve them, the results are always very nice images. For those of you who prefer to relax when solving puzzles we decided to convert these nice images into a coloring book. There are color names under each puzzle which can sometimes seem strange, however you can find colors by names on the back cover of this book. This palette comes from a popular set of color crayons. You can use any similar color.

Paint By Number Kit Princeton Architectural Press, Dan Robbins, 2005-10-06 Paint a beautiful picture...the first time you try! What is the fascination with paint by number? Is it the compulsive, intoxicating act of filling in small pools of color? The thrill of creating your own works of art? Perhaps it is that without any lessons or experience, you can paint a masterpiece, just by following the numbers. From ballerinas and the Eiffel Tower, to tug boats and poppies, you'll have your choice of eight different vintage paint by numbers. Includes: - 8 paint-by-numbers postcards - 8 stick-back easels - 12 different acrylic paints - Paintbrush - 48-page booklet

I guess this line will open the doors of hope for you. And I'm not just bragging. It sure is one of the most difficult mediums to paint with and that was exactly the challenge I accepted when I started my Arts education. I thought, how difficult can it really be? I have realized over the time that everything in this world is difficult only until you learn it. If you try, you do get a grasp of it sooner or later. One very important thing is that you find someone who can teach you, and can teach you well. Here I hope I will be able to transfer as much knowledge as I can in a possibly detailed manner. If you were in a class, I would be open to questions. But that is not the case in our situation, so I want to make sure that by the time you finish this book, you won't have any questions left. I am keeping the struggles in my mind, that I made just to learn this technique and how I wished I could get one person or a single book that could be my fairy god mother and teach me everything I needed to know in a wave of a wand. That didn't happen, of course. But I did learn and now that I know, I want to transfer my knowledge to you. Why is water color one of the difficult materials? Everybody has their own reasons; the only reason that I am going to tell you is that they are a bit hard to control. Don't worry! Don't be taken aback. I'm here to teach you. This book contains activities by which you will learn to control your color, brush strokes, and many other things.
