Extinct Lucas Riera,2019-12-11 A gorgeously illustrated tribute to animals that no longer live on our planet, paired with information on how we can save future species This exploration of animals that we have lost over the past century, from the California grizzly to the Persian tiger, aims to create awareness and inspire children to act responsibly toward their environment. Each animal's story of how it came to extinction is told through graphically stunning illustrations and information packed spreads. Further scientific resources and profiles of animals that have been rediscovered or successfully reintroduced into the wild empower children with the knowledge and tools necessary to aid in conservation and encourage sustainability.

*Wanderlust USA* Robert Klanten,Cam Honan,Gestalten,Santiago Rodriguez Tarditi,2019 Experienced outdoor enthusiasts and those lacing-up their boots for their first time: prepare to hike the diverse American landscape. Whether aiming to conquer epic expeditions, or simply complete a day hike to recharge, paths of every size await the intrepid wayfarer in *Wanderlust USA*, a book that serves as a blueprint for adventurous souls in search of new summits.--Amazon.com

*Waterford Harbour* Andrew Doherty,2020-09-30 Waterford harbour has centuries of tradition based on its extensive fishery and maritime trade. Steeped in history, customs and an enviable spirit, it was there that Andrew Doherty was born and raised amongst a treasure chest of stories spun by the fishermen, sailors and their families. As an adult he began to research these accounts and, to his surprise, found many were based on fact. In this book, Doherty will take you on a fascinating journey along the harbour, introduce you to some of its most important sites and people, the area's history, and some of its most fantastic tales. Dreaded press gangs who raided whole communities for crew, the search for buried gold and a ship seized by pirates, the horror of a German bombing of the rural idyll during the Second World War - on every page of this incredible account you will learn something of the maritime community of Waterford Harbour.

**War with Russia** Richard Shirreff,2016-09-27 The rapid rise in Russia's power over the course of the last ten years has been matched by a stunning lack of international diplomacy on the part of its president, Vladimir Putin. One consequence of this, when combined with Europe's rapidly shifting geopolitics, is that the West is on a possible path toward nuclear war. Former deputy commander of NATO General Sir Richard Shirreff speaks out about this very real peril in this call to arms, a

novel that is a barely disguised version of the truth. In chilling prose, it warns allied powers and the world at large that we risk catastrophic nuclear conflict if we fail to contain Russia's increasingly hostile actions. In a detailed plotline that draws upon Shirreff's years of experience in tactical military strategy, Shirreff lays out the most probable course of action Russia will take to expand its influence, predicting that it will begin with an invasion of the Baltic states. And with GOP presidential candidate Donald Trump recently declaring that he might not come to the aid of these NATO member nations were he to become president, the threat of an all-consuming global conflict is clearer than ever. This critical, chilling fictional look at our current geopolitical landscape, written by a top NATO commander, is both timely and necessary-a must-read for any fan of realistic military thrillers as well as all concerned citizens.

**Postcards from Mecca** Leslie Ervin, 2019-01-24 Susie Keef Smith was seeking escape from a troubled home life and the havoc of childhood polio when she took a job as postmaster in Mecca, on the edge of California's Salton Sea. She and her cousin Lula Mae Graves set out to photograph the last of the prospectors, burro packers and stage stops in the remote desert to the east. They traveled by burro, foot and Ford through sandy washes and roadless canyons, armed with a .38 revolver and a large format camera. While making postcards for the Post Office spinner rack, the women were remade in the wilderness and wound up creating an unparalleled portrait of one of the lesser-known deserts in the West. Susie Smith's photos were nearly lost to history when--upon her death--they were tossed out by a county estate administrator. A savvy archaeologist jumped into a dumpster and rescued many of the photos in this book. *Postcards From Mecca* presents portraits of a mysterious land along with the story of its heroic chroniclers, self-taught documentary photographers of the 1920s and '30s.

**The Untold History of Ramen** George Solt, 2014-02-22 A rich, salty, and steaming bowl of noodle soup, ramen Offers an account of geopolitics and industrialization in Japan. It traces the meteoric rise of ramen from humble fuel for the working poor to international icon of Japanese culture.

**A Genealogical History of the Earldom of Sutherland from Its Origin to the Year 1630** Sir Robert Gordon (bart.), 1813 The genealogy and pedigree of the ancient and noble family of the Earles of Sutherland, from the first members to 1651. Includes many particulars relating to the Gordon and Huntley families.

**Cloud Cities** Tomás Saraceno, 2011 Tomás Saraceno's installations shatter traditional concepts relating to place, time, gravity and traditional ideas as to what constitutes architecture. His works are utopian and invite the viewer to play a part in their impact on a particular space, as they reach up to the sky and down to the ground. The artist creates gardens that hang in the air and allow visitors to float in space, fulfilling a dream shared by all humankind. Saraceno draws inspiration from soap bubbles and the incredible strength and flexibility of spider webs.--from Hamburger Bahnhof, Museum für Gegenwart, Berlin's website.

**Yosemite & the Eastern Sierra** Peter Beren,2004 Featuring images by outdoor photographer Gary Crabbe, this book takes a fresh look at Yosemite National Park, as well as the lesser known vistas of the pristine wilderness that adjoin the eastern slopes of the Sierra Nevada. The accompanying text speaks through the voices of artists & writers from Ansel Adams to Mark Twain.

**Escape from Model Land** Erica Thompson,2022-12-06 Why mathematical models are so often wrong, and how we can make better decisions by accepting their limits Whether we are worried about the spread of COVID-19 or making a corporate budget, we depend on mathematical models to help us understand the world around us every day. But models aren't a mirror of reality. In fact, they are fantasies, where everything works out perfectly, every time. And relying on them too heavily can hurt us. In *Escape from Model Land*, statistician Erica Thompson illuminates the hidden dangers of models. She demonstrates how models reflect the biases, perspectives, and expectations of their creators. Thompson shows us why understanding the limits of models is vital to using them well. A deeper meditation on the role of mathematics, this is an essential book for helping us avoid either confusing the map with the territory or throwing away the map completely, instead pointing to more nuanced ways to *Escape from Model Land*.

*Finding Jesus in the Storm* John Swinton,2020-09-22 People living with mental health challenges are not excluded from God's love or even the fullness of life promised by Jesus. Unfortunately, this hope is often lost amid the well-meaning labels and medical treatments that dominate the mental health field today. In *Finding Jesus in the Storm*, John Swinton makes the case for reclaiming that hope by changing the way we talk about mental health and remembering that, above all, people are people, regardless of how unconventionally they experience life. *Finding Jesus in the Storm* is a call for the church to be an epicenter of compassion for those experiencing depression, schizophrenia, bipolar disorder, and related difficulties. That

means breaking free of the assumptions that often accompany these diagnoses, allowing for the possibility that people living within unconventional states of mental health might experience God in unique ways that are real and perhaps even revelatory. In each chapter, Swinton gives voice to those experiencing the mental health challenges in question, so readers can see firsthand what God's healing looks like in a variety of circumstances. The result is a book about people instead of symptoms, description instead of diagnosis, and lifegiving hope for everyone in the midst of the storm.

**Life in E Flat - The Autobiography of Phil Woods** Phil Woods, 2020-10 Phil Woods was an American original. One of the greatest saxophonists of all time, he was the first call for Quincy Jones, Dizzy Gillespie, Thelonious Monk, and Oliver Nelson. His iconic improvisation on Billy Joel's hit song Just the Way You Are is quite likely the most played instrumental solo in the world. His popularity soared while an expat in Europe during the cultural revolution of the late sixties and early seventies. Upon his return to the States, Woods formed a band that would perform together for four decades. Grammy Awards, dozens of DownBeat Readers Poll victories, and designation as a National Endowment of the Arts Jazz Master would follow. Life in E Flat is the unvarnished self-portrait of an artist who loved and lived a life of bebop. I would have to give Phil Woods' sax solo on Just The Way You Are credit for making that a hit record. - Billy Joel Life in E Flat is a gift, a compelling and entertaining memoir by one of the leading alto saxophonists in jazz for 60 years. Woods is a charismatic storyteller-literate, funny, insightful, self-aware, with a keen eye and ear for details that reveal character and wise observations about the music business and the jazz life laced with sardonic wit. - Mark Stryker, author of Jazz From Detroit Someone spotted me fondling the saxophone and misinterpreted my avaricious intent as musical interest... So Phil Wood's lifelong journey began-a saga he relates with an irreverent, self-deprecating wit, from his earliest days in Western Massachusetts to recording timeless music and traveling the world with jazz legends. Time and again, he sets up a story like a punchline's coming, and often they do. What you always get is history rich in detail and long in feeling and self-honesty - the personal stumbles and the musical triumphs. Phil left us in 2015; this book he left us is a gift that shows how so much of him is still here. - Ashley Kahn, music historian and author of A Love Supreme: The Story of John Coltrane's Signature Album & Kind of Blue: The Making of the Miles Davis Masterpiece Growing up a New York jazz fan, Phil Woods was always a favorite. He was straight ahead, personal but in control, brimming with ideas: solid in every way. This account of the late jazz man's American journey,

assembled with a loving, light touch by the always discerning critic Ted Panken, is like a Woods' gig. Full of the right information, things you thought you knew but didn't (the stories of often being the only white man in the room especially after marrying Charlie Parker's widow are instructive), heartbreaking and triumphant, Life in E-Flat is 100% solid. - Mark Jacobson, author of The Lampshade and Pale Horse Rider, former staff writer of the Village Voice and New York Magazine, and contributing editor for Rolling Stone and Esquire
