The Supper Club Sara Reisman,2019 Elia Alba began photographing artists like LaToya Ruby Frazier and Mickalene Thomas in 2012. To give voice to her community, Alba hosted dinners for US-based artists of color, with themes like Baltimore, Race, and Identity (in honor of Freddy Gray) and Racial Subjugation in Latin America. Her photographic series The Supper Club captures portraits and conversations from these socially engaged dinners, which addressed issues ranging from sanctuary, policing, and post-black identity to the intersectional entanglements of gender, race, and privilege. Inspired by Vanity Fair's Hollywood Issue, Alba's portraits capture each artist's unique voice, transforming them into iconic images.

This compendium is conceived to be a critical resource for those interested in socially engaged art and includes contributions from leading artists, scholars, critics, and activists.

Seeing the Body: Poems Rachel Eliza Griffiths,2020-06-09 Nominee for the 2021 NAACP Image Award in Poetry An elegiac and moving meditation on the ways in which we witness bodies of grief and healing. Poems and photographs collide in this intimate collection, challenging the invisible, indefinable ways mourning takes up residence in a body, both before and after life-altering loss. In radiant poems—set against the evocative and desperate backdrop of contemporary events, pop culture, and politics—Rachel Eliza Griffiths reckons with her mother's death, aging, authority, art, black womanhood, memory, and the American imagination. The poems take shape in the space where public and private mourning converge,

finding there magic and music alongside brutality and trauma. Griffiths braids a moving narrative of identity and its possibilities for rebirth through image and through loss. A photographer as well as a poet, Griffiths accompanies the fierce rhythm of her verses with a series of ghostly, imaginative self-portraits, blurring the body's internal wilderness with landscapes alive with beauty and terror. The collision of text and imagery offers an associative autobiography, in which narratives of language, absence, and presence are at once saved, revised, and often erased. Seeing the Body dismantles personal and public masks of silence and self-destruction to visualize and celebrate the imperfect freedom of radical self-love.

Men in the American Women's Rights Movement, 1830-1890 Hélène Quanquin, 2020 This book studies male activists in American feminism from the 1830s to the late 19th century, using archival work on personal papers as well as public sources to demonstrate their diverse and often contradictory advocacy of women's rights, as important but also cumbersome allies. Focussing mainly on nine men--William Lloyd Garrison, Wendell Phillips, James Mott, Frederick Douglass, Henry B. Blackwell, Stephen S. Foster, Henry Ward Beecher, Robert Purvis, and Thomas Wentworth Higginson, the book demonstrates how their interactions influenced debates within and outside the movement, marriages and friendships as well as the evolution of (self-)definitions of masculinity throughout the 19th century. Re-evaluating the historical evolution of feminisms as movements for and by women, as well as the meanings of identity politics before and after the Civil War, this is a crucial text for the history of both American feminisms and American politics and society. This is an important scholarly intervention that would be of interest to scholars in the fields of gender history, women's history, gender studies and modern American history.

Assuming Boycott Kareem Estefan, Carin Kuoni, Laura Raicovich, 2017-10-10 Boycott and divestment are essential tools for activists around the globe. Today's organizers target museums, universities, corporations, and governments to curtail unethical sources of profit, discriminatory practices, or human rights violations. They leverage cultural production - and challenge its institutional supports - helping transform situations in the name of social justice. The refusal to participate in an oppressive system has long been one of the most powerful weapons in the organizer's arsenal. Since the days of the 19th century Irish land wars, when Irish tenant farmers defied the actions of Captain Charles Boycott and English landlords, "boycott" has been a method that's shown its effectiveness time and again. In the 20th century, it notably played central roles in the liberation of India and South Africa and the struggle for civil rights in the U.S.: the 1955 Montgomery bus boycott is generally seen as a turning point in the movement against segregation. Assuming Boycott is the essential reader for today's creative leaders and cultural practitioners, including original contributions by artists, scholars, activists, critics, curators and writers who examine the historical precedent of South Africa; the current cultural boycott of Israel; freedom of speech and self-censorship; and long-distance activism. Far from withdrawal or cynicism, boycott emerges as a productive tool of creative and productive engagement. Including essays by Nasser Abourahme, Ariella Azoulay, Tania Bruguera, Noura

Tanqueray Brandon Stanton, Stephanie Johnson, 2022-07-12 “A deeply touching memoir . . . A beautiful, sometimes shocking NC-17 story, kept out of the lily-white, upper crust canon of literature—until now.” —The Washington Post The storytelling phenomenon *Humans of New York* and its #1 bestselling books have captivated a global audience of millions with personal narratives that illuminate the human condition. But one story stands apart from the rest... She is a woman as fabulous, unbowed, and irresistible as the city she lives in. Meet TANQUERAY. In 2019, *Humans of New York* featured a photo of a woman in an outrageous fur coat and hat she made herself. She instantly captured the attention of millions. Her name is Stephanie Johnson, but she’s better known to HONY followers as “Tanqueray,” a born performer who was once one of the best-known burlesque dancers in New York City. Reeling from a brutal childhood, immersed in a world of go-go dancers and hustlers, dirty cops and gangsters, Stephanie was determined to become the fiercest thing the city had ever seen. And she succeeded. Real, raw, and unapologetically honest, this is the full story of Tanqueray as told by Brandon Stanton—a book filled with never-before-told stories of Tanqueray’s struggles and triumphs through good times and bad, personal photos from her own collection, and glimpses of New York City from back in the day when the name “Tanqueray” was on everyone’s lips.

Doomed and Famous Adrian Dannatt, 2021-02-02 An obituarist opens his archive to celebrate the obscure and the eccentric. In *Doomed and Famous*, an obituarist opens his archive in celebration of the most marginal and improbable

characters, creating a meta-fiction of extinction and obscurity. For many decades Adrian Dannatt tracked and dredged the dead, with a macabre disregard for the etiquette of mortality. His specialty, much in demand among even the most mainstream publications, was to memorialize those whose eccentricity or criminality made them unlikely candidates for the fleeting immortality of a newspaper necrology. Dannatt maintained a veritable lust, perverse certainly, for capturing and celebrating such wayward existences. This book is a selection of some of the best—meaning most improbable—of these miniature biographies. Here are arranged an almost fictive cast of characters including an imaginary Sephardic count in Wisconsin, a sadomasochist collector of the world's rarest clocks, a discrete Cuban connoisseur of invisibility, an alcoholic novelist in Rio, a Warhol Superstar gone wrong, a leading downtown Manhattan dominatrix, a conceptual artist who blew up a museum, and many others. Dannatt terminates this volume with his own putative extinction, performing the difficult if not dangerous task of penning his personal life history and ultimate end.

Brooklyn Spaces Oriana Leckert, 2015-05-19 As an incubator of culture and creativity, Brooklyn is celebrated and imitated across the world. The settings for much of its dynamic underground scene are the numerous industrial spaces that were vacated as manufacturing dwindled across the huge borough. Adapted, hacked, and reused, these spaces host an eclectic range of activities by and for Brooklyn's unique creative class, from DIY music venues to skillsharing centers. These are spaces to make art together, throw parties and concerts, host classes and performances, grow vegetables, build innovative products, and, most importantly, to support and inspire one another while welcoming more and more collaborators into the fold. In *Brooklyn Spaces: 50 Hubs of Culture and Creativity*, Oriana Leckert introduces us to the creators driving Brooklyn's cultural renaissance, and in their company takes us on a tour of these unique alternative spaces. Whether a graffiti art show in an abandoned power station, a circus school in a former ice house, or a shuffleboard club in a disused die-cutting factory, these spaces present a vibrant cross-section of life in the borough where trends in music, fashion, food, and lifestyle are set. A chronicle of a thriving and ever-renewing scene, this book will appeal to everyone who's interested in the unique energy that makes Brooklyn Brooklyn.

Surf Shacks Matt Titone, Indoek, 2017 Many abodes can fall under the label of surf shack: New York City apartments, cabins nestled next to national parks, or tiny Hawaiian huts. Surfing communities are overflowing with creativity, innovation, and rich personas. *Surf Shacks* takes a deeper look at surfers' homes and artistic habits. Glimpses of record collections, strolls through backyard gardens, or a peek into a painter's studio provide insight into surfers' lives both on and off shore. From the remote Hawaiian nook of filmmaker Jess Bianchi to the woodsy Japanese paradise that the former CEO of Surfrider Foundation in Japan, Hiromi Masubara, calls home to the converted bus that Ryan Lovelace claims as his domicile and his transport, every space has a unique tale. The moments that these vibrant personalities spend away from the swell and the froth are both captivating and nuanced.

Als Gegenleistung für die Schaffung dieser Plätze und Einrichtungen, erhalten die Erbauer von der Stadt Sonderkonzessionen (in der Regel für die Gebäudehöhe). Dieses Buch dokumentiert und beschreibt anhand von Fotos, Lageplänen und Karten über 300 öffentliche Plätze in New York, die in privater Hand sind. Zu den bekanntesten zählen u.a. das Trump Tower Atrium, die Sony Arkade und die Citicorp Mall. Architect and Developer James Petty, James Petty Aia, 2018-01-23 The traditional role of the architect is far too passive and uncertain. The profession has positioned itself to sit by the phone until we are called upon and commissioned to do work. Architects have long been charged with creating a better-built environment, but it is the developers who dictate what is actually built in our cities. The decisions made by developers before architects are engaged in a project dictate later success. When all of the initial programming, market studies, and cost estimates are based on market averages, it is unsurprising when the final products in our cities are nothing more than average. In the end, architects have devalued their role to the pencil of the developer's vision. By combining Architect & Developer, you can command a greater sense of control, faster decision making, an efficient process, and the potential for a much better profit. The largest hurdle to becoming an architect as developer is that first project. An entrepreneurial mindset and willingness to take risk is required. What developers do is

not difficult, you need only have an appetite for risk. I sat down with over a dozen separate architects who are self-initiating their work. Some were doing this as a side hustle while holding down a nine-to-five job, some were small studios that were dipping their toes into the development game, and some were full-blown Architects & Developers. I wanted to absorb what they have learned throughout the process and consolidate the information into a digestible format.
