## John Procter, Florence Mary Capes

**In Turbulent Waters** J. Lambert St Rose, 2014-09-05 A provocative piece of literary work! Provides a vivid exposition of the evil within our midst, the truly dark side of our Saint Lucian culture. Disturbing in its tortuosity, it is not for the faint of heart or those with deep dark secrets. It may be found offensive, inflammatory, and challenging to many of previous eras and also to those in this current era who sing and dance to the words "I wanna be a billionaire so freaking bad! . . . Wanna be on the cover of Forbes magazine . . . buy the things I never had!" A must read, however, for those seekers of wealth, power, and status! The book does a great job of characterizing the escalating problem of depravity of the human soul stemming from social, cultural, and spiritual deficiencies. It begs the question, Has our holy mother, the Catholic church, been able to attain that nexus between Saint Lucia's Afrocentric culture and Christianity? Has our local church been able to challenge and confront what has been deemed acceptable to the bourgeoisie as inherent "social/cultural/spiritual values" reflected in "duplicity in religious outlook"? The book however provides a ray of hope as it culminates in an expression of the beauty of the sacramental life provided by mother church, which is available to all in order to "put on God's armor so as to be able to resist the devil's tactics." It is hoped that there are still many God-fearing persons in our society who continue to strive for the virtues of honesty and integrity, not willing to compromise the well-being of their fellowman for the sake of an insatiable ambition for power, wealth, and fame! This brilliant exposition then ought to move those who "possess a genuine soul, a social and moral conscience," those who still bear light in their hearts, to bring light and life into successive generations of our beloved country, Saint Lucia, seeking to "reject evil under all conditions."

*St. Rose of Lima* Sr. Mary Alphonsus, 2015-12-08 St. Rose of Lima (1586-1617), Patroness of the Americas, is the first canonized saint of the New World. She was the tenth of thirteen children, and her mother experienced no pain at her birth. Though exquisitely beautiful (hence her nickname, Rose), she refused to marry, and while helping support her family by needlework and growing flowers, she practiced heroic charity and lived as a Dominican Tertiary in her parents' home. Rose tenderly cared for the sick, even those with repulsive wounds, and she often obtained miraculous cures for people from the Child Jesus. On other occasions, she worked miracles in order to feed the members of her family, and became known as "Mother of the Poor." Rose continually prayed and offered her sufferings for the conversion of the idolatrous Incas. In the year 1615, through her prayers, the Blessed Sacrament and the people of Lima were spared attack by savage pirates. St.

Rose was a friend and confidant of St. Martin de Porres, who lived in the same city. Her mystical experiences caused an ecclesiastical inquiry. Though dead at only 31, St. Rose's love of God was so intense that she was recognized as a saint in her own time and was canonized by the Church just 54 years later, in 1671. St. Rose of Lima has captured the imagination of the world and stands as one of the most popular saints in the history of the Church.

**Group Representation, Feminist Theory, and the Promise of Justice** Dr Angela D Ledford,2013-01-28 There has been much important work done in the past two decades in America on issues of under representation based on social differences such as race, ethnicity, class, gender, sexuality, and age. While this scholarship has examined the ways in which women and racial, ethnic, and sexual minorities suffer disproportionately on measures of full citizenship, social class and culture have received relatively little attention. This new study addresses various manifestations of social class and cultural difference as well as their implications for political representation. The analysis demonstrates how three of the most influential feminist theorists who write about political representation conceive of group representation, identify the problems that group representation claims to remedy, and assess the strengths and weaknesses associated with these models. Using theoretical argument, the volume suggests practical electoral reform in order to encourage new and emancipating forms of political engagement. It will be of value to those interested in public policy and governance, political theory, gender studies and law and society in general.

**The Baker's Dozen** Aaron Shepard,2021-09-14 Why not give more? Van Amsterdam the baker was well known for his honesty as well as for his fine Saint Nicholas cookies. He always gave his customers exactly what they paid for -- not more and not less. So, he was not about to give in when a mysterious old woman comes to him on Saint Nicholas Day and insists that a dozen is thirteen! The woman's curse puts an end to the baker's business, and he believes it would take Saint Nicholas to help him. But if he receives that help, will it be exactly what he imagined? Find out in this inspiring legend from Dutch colonial New York about the birth of an honored American custom. *Jim Crow Networks* Eurie Dahn, 2021 Scholars have paid relatively little attention to the highbrow, middlebrow, and popular periodicals that African Americans read and discussed regularly during the Jim Crow era -- publications such as the Chicago Defender, the Crisis, Ebony, and the Half-Century Magazine. *Jim Crow Networks* considers how these magazines and newspapers, and their authors, readers, advertisers, and editors worked as part of larger networks of activists and thinkers to advance racial uplift and resist racism during the first half of the twentieth century. As Eurie Dahn demonstrates, authors like James Weldon Johnson, Nella Larsen, William Faulkner, and Jean Toomer wrote in the context of interracial and black periodical networks, which shaped the literature they produced and their concerns about racial violence. This original study also explores the overlooked intersections between the black press and modernist and Harlem Renaissance texts, and highlights key sites where readers and writers worked toward bottom-up sociopolitical changes during a period of legalized segregation.

**Snowflakes Fall** Patricia Maclachlan,2013-10-29 In *Snowflakes Fall*, Newbery Medalist Patricia MacLachlan and award-winning artist Steven Kellogg portray life's natural cycle: its beauty, its joy, and its sorrow. Together, the words and pictures offer the promise of renewal that can be found in our lives—snowflakes fall, and return again as raindrops so that flowers can grow. MacLachlan and Kellogg, who are longtime friends, were moved to collaborate on a message of hope for children and their families following the tragic events in Sandy Hook, Connecticut, on December 14, 2012. Kellogg lived in Sandy Hook for

thirty-five years—he raised his family there and was an active member of the community. With *Snowflakes Fall*, they have created a truly inspiring picture book that is both a celebration of life and a tribute to the qualities that make each individual unique. In honor of the community of Sandy Hook and Newtown, Random House, the publisher of *Snowflakes Fall*, has made a donation to the Sandy Hook School Support Fund. Random House is also donating 25,000 new books to the national literacy organization First Book in the community's honor and in support of children everywhere.

**Democratization and Human Security in Postwar Sierra Leone** Joseph J. Bangura, Marda Mustapha, 2016-04-29 This edited collection is the first book-length project to undertake a multidisciplinary study of democratization and human security in the post war nation of Sierra Leone. The overarching theme is there is synergy of democratization and human security which makes it imperative for the state to foster and enhance the realization of these concepts in postwar Sierra Leone. The book is divided into two broad thematic sections. The first section deals with democratization with a critical examination of the creation and instrumentality of institutions largely considered a necessity for democracy to take hold in a country. The second section delineates human security or the lack thereof in key areas of political, social and economic life. Though the book is specific to Sierra Leone, African countries and indeed countries transitioning to democracy around the world, scholars and practitioners of postwar or democratic transition studies would benefit from the concepts expounded in this collection.

**Saint Rose Philippine Duchesne** Carolyn Osiek, 2017-06-15 Two hundred years ago, Rose Philippine Duchesne set out across the Atlantic to establish the Society of the Sacred Heart and educate the children in the new world. Opening the first Catholic school west of the Mississippi, Mother Duchesne, known as the woman who prays always, crossed frontiers to bring faith, love, and education to the world. From a convent in France to the frontier of the New World... a child and then a nun in a convent boarding school dreamt of bringing the Gospel to the native peoples. She persevered through Revolution, uncertainty, and long years of waiting, finally to follow her dream on the Missouri frontier, only to find it not at all what she had imagined. The life and relationships of Rose Philippine Duchesne reveal the heart and soul of a pioneer woman of faith on fire with love of God, in the context of the rapidly-expanding settlement of the Midwest in the first half of the nineteenth century, and its catastrophic effects on the native peoples in its wake.
