Animal Wife Lara Ehrlich,2020-09-08 In this award-winning debut collection, fifteen magical realism stories portray girls and women searching for an escape from their everyday lives. "In villages where women bore most of the weight of a constricted life, witches flew by night on broomsticks," said Italo Calvino of the way imagination bridges the gap between everyday existence and an idealized alternative . . . The fifteen stories of *Animal Wife* are unified by girls and women who cross this threshold seeking liberation from family responsibilities, from societal expectations, from their own minds. A girl born with feathers undertakes a quest for the mother who abandoned her. An indecisive woman drinks Foresight, only to become stymied by the futures branching before her. A proofreader cultivates a cage-fighting alter ego. A woman becomes psychologically trapped in her car. A girl acts on her desire for a childhood friend as a monster draws closer to the shore. A widow invites a bear to hibernate in her den . . . *Animal Wife* was selected as the winner of the Red Hen Fiction Award by New York Times- bestselling author Ann Hood, who says, "From the first sentence *Animal Wife* grabbed me and never let go. Sensual and intelligent, with gorgeous prose, it made me dizzy with its exploration and illumination of the inner and outer lives of girls and women." Praise for *Animal Wife* "Whimsy and fantasy meet the way things really turn out in stories from a strong new voice." —Kirkus Reviews "Strange, funny, fearsome, *Animal Wife* is a gorgeous book, weird in its very bones." —Elizabeth McCracken, author of *Bowlaway: A Novel* "Lara Ehrlich has written a collection of stories that allow for escapism." —F(r)iction "I was particularly intrigued by the way Lara beautifully portrays the inner struggle between wildness and domesticity, the surreal elements of each story lending a mythical complexity to these conflicts. Really lovely and thought-provoking. Perfect for fans of Aimee Bender, Karen Russell, and Angela Carter." —Joy Baglio, founder of Pioneer Valley Writer's Workshop

Shit Cassandra Saw Gwen E. Kirby, 2022-01-11 “Kirby has mastered the art of short fiction...A stunning collection from a writer whose talent and creativity seem boundless.” —NPR “Kirby takes joy in subverting the reader’s expectations at every turn. Her characters might be naïve, even reckless, but they aren’t about to be victims: They’re strong, and brave, and nearly always capable of rescuing themselves.” —New York Times Book Review Margaret Atwood meets Buffy in these funny, warm, and furious stories of women at their breaking points, from Hellenic times to today. Cassandra may have seen the future, but it doesn't mean she's resigned to telling the Trojans everything she knows. In this ebullient collection, virgins escape from being sacrificed, witches refuse to be burned, whores aren't ashamed, and every woman gets a chance to be a radioactive cockroach warrior who snaps back at catcallers. Gwen E. Kirby experiments with found structures--a Yelp review, a WikiHow article--which her fierce, irreverent narrators push against, showing how creativity within an enclosed space undermines and deconstructs the constraints themselves. When these women tell the stories of their triumphs as well as their pain, they emerge as funny, angry, loud, horny, lonely, strong protagonists who refuse to be secondary characters a moment longer. From *The Best and Only Whore of Cym Hyfryd*, 1886 to *the Midwestern Girl Is Tired of Appearing in Your Short Stories*, Kirby is playing and laughing with the women who have come before her and they are telling her, we have always been this way. You just had to know where to look.

The Sadness of Spirits Aimee Pogson, 2020-09-22 What power does misery play in daily life? In this sorrowful yet intriguing collection of stories, Aimee Pogson explores journeys of suffering through magical realism. A preschool teacher contends with the stream of salmon that keep appearing on her windowsill, in her closet, tucked in her shoes. An invisible boy swallows nails, buttons, and tree bark in a misguided attempt to grow stronger. Spirits cling to a Ouija board, restlessly hoping that someone will remove it from the closet and ask them a question. A young girl who has an existential crisis burns her Barbie dolls at the stake. And a short, dancing man manipulates the melody of molecules in an attempt to bring his loved ones back to life. While sadness weighs heavy in *The Sadness of Spirits*, Pogson's writing provokes strong emotions, leaving the reader with hope and admiration as the characters are awakened to the nuance and possibility melancholy can bring.

The Orphan Tsunami of 1700 Brian F. Atwater, Satoko Musumi-Rokkaku, Kenji Satake, Yoshinobu Tsuji, Kazue Ueda, David K. Yamaguchi, 2016-04-18 A puzzling tsunami entered Japanese history in January 1700. Samurai, merchants, and villagers wrote of minor flooding and damage. Some noted having felt no earthquake; they wondered what had set off the waves but had no way of knowing that the tsunami was spawned during an earthquake along the coast of northwestern North America. This orphan tsunami would not be linked to its parent earthquake until the mid-twentieth century, through an extraordinary series of discoveries in both North America and Japan. *The Orphan Tsunami of 1700*, now in its second edition,

tells this scientific detective story through its North American and Japanese clues. The story underpins many of today's precautions against earthquake and tsunami hazards in the Cascadia region of northwestern North America. The Japanese tsunami of March 2011 called attention to these hazards as a mirror image of the transpacific waves of January 1700. A Pack of Lies John Arundel Barnes, 1994-06-09 Defining lies as statements that are intended to deceive, this book considers the contexts in which people tell lies, how they are detected and sometimes exposed, and the consequences for the liars themselves, their dupes, and the wider society. The author provides examples from a number of cultures with distinctive religious and ethical traditions, and delineates domains where lying is the norm, domains that are ambiguous and the one domain (science) that requires truth-telling. He refers to experimental studies on children that show how, at an early age, they acquire the capacity to lie and learn when it is appropriate to do so. He reviews how lying has been evaluated by moralists, examines why we do not regard novels as lies and relates the human capacity to lie to deceit among other animal species. He concludes that although there are, in all societies, good pragmatic reasons for not lying all the time, there are also strong reasons for lying some of the time.

The Spin Doctor Kirk Mitchell, 2012 Which is the truth? What really happened to Nancy Sonnenfeld? Was she suicidal or the victim of a cunning spin doctor? Find out in this gripping international thriller. Book jacket.

Living on the Edge Le Zwarts, Rob G. Bijlsma, Jan van der Kamp, Eddy Wymenga, 2012-01-01 'Living on the Edge' examines the function of the Sahel region of Africa as an important wintering area for long-distance migrant birds. It describes the challenges the birds have to cope with - climate change, of course, and rapid man-made habitat changes related to deforestation, irrigation and reclamation of wetlands. How have all these changes affected the birds, and have birds adapted to these changes? Can we explain the changing numbers of breeding birds in Europe by changes in the Sahel, or vice versa?

A Traitor to His Species Ernest Freeberg, 2020-09-22 From an award-winning historian, the outlandish story of the man who gave rights to animals. In Gilded Age America, people and animals lived cheek-by-jowl in environments that were dirty and dangerous to man and beast alike. The industrial city brought suffering, but it also inspired a compassion for animals that fueled a controversial anti-cruelty movement. From the center of these debates, Henry Bergh launched a shocking campaign to grant rights to animals. *A Traitor to His Species* is revelatory social history, awash with colorful characters. Cheered on by thousands of men and women who joined his cause, Bergh fought with robber barons, Five Points gangs, and legendary impresario P.T. Barnum, as they pushed for new laws to protect trolley horses, livestock, stray dogs, and other animals. Raucous and entertaining, *A Traitor to His Species* tells the story of a remarkable man who gave voice to the voiceless and shaped our modern relationship with animals.

Power of Gemstones Raymond J. Walters, 2000 Gemstones and glittering minerals have fascinated people for thousands of years. Raymond J.L. Walters explores how humankind has used and exploited these stones throughout the ages and across the world, not just for their beauty, but also the magical powers many believe they possess. Hawaiian Dictionary Mary Kawena Pukui, Samuel H. Elbert, 1986-03-01 For many years, Hawaiian Dictionary has been the definitive and authoritative work on the Hawaiian language. Now this indispensable reference volume has been enlarged and completely revised. More than 3,000 new entries have been added to the Hawaiian-English section, bringing the total number of entries to almost 30,000 and making it the largest and most complete of any Polynesian dictionary. Other additions and changes in this section include: a method of showing stress groups to facilitate pronunciation of Hawaiian words with more than three syllables; indications of parts of speech; current scientific names of plants; use of metric measurements; additional reconstructions; classical origins of loan words; and many added cross-references to enhance understanding of the numerous nuances of Hawaiian words. The English Hawaiian section, a complement and supplement to the Hawaiian English section, contains more than 12,500 entries and can serve as an index to hidden riches in the Hawaiian language. This new edition is more than a dictionary. Containing folklore, poetry, and ethnology, it will benefit Hawaiian studies for years to come.

Tsunami Hazard E.N. Bernard, 1991-04-30 The Fourteenth International Tsunami Symposium held from 31 July to 3 August 1989 in Novosibirsk, U.S.S.R., was sponsored by the International Union of Geodesy and Geophysics. Sixty-five scientists from 13 countries met to exchange information on recent advances in tsunami research. The Symposium was a great success due to the enthusiasm of the participants, the quality of research presented, and the great organization provided by the Soviet hosts. Teams of dedicated workers, under the fine leadership of Academician A. S. Alexseev and Dr V. K. Gusiakov, blended social and scientific activities in a memorable fashion. The 62 presentations of the Symposium were divided into six areas of research: generation (7), propagation (12), coastal effects (10), observations (11), seismics and tectonics (10), and hazard mitigation (12). A summary of the research presented appears as the first article in this special issue. Following the Symposium, a team of session chairmen nominated 20 of these oral presentations to be published in a special issue devoted to the International Tsunami Symposium.

Canyon Dreams Michael Powell, 2019-11-19 The inspiration for the upcoming Netflix film *Rez Ball*—produced by LeBron James The moving story of a Navajo high school basketball team, its members struggling with the everyday challenges of

high school, adolescence, and family, and the great and unique obstacles facing Native Americans living on reservations. Deep in the heart of northern Arizona, in a small and isolated patch of the vast 17.5-million-acre Navajo reservation, sits Chinle High School. Here, basketball is passion, passed from grandparent to parent to child. Rez Ball is a sport for winters where dark and cold descend fast and there is little else to do but roam mesa tops, work, and wonder what the future holds. The town has 4,500 residents and the high school arena seats 7,000. Fans drive thirty, fifty, even eighty miles to see the fast-paced and highly competitive matchups that are more than just games to players and fans. Celebrated Times journalist Michael Powell brings us a narrative of triumph and hardship, a moving story about a basketball team on a Navajo reservation that shows how important sports can be to youths in struggling communities, and the transcendent magic and painful realities that confront Native Americans living on reservations. This book details his season-long immersion in the team, town, and culture, in which there were exhilarating wins, crushing losses, and conversations on long bus rides across the desert about dreams of leaving home and the fear of the same.

Hawaiian Stories and Wise Sayings Martha Warren Beckwith, 1923

If Jesus Had a Dog James W Ferrone, 2020-04-20 For almost two thousand years, there have been countless books written about our Lord; books by the authors of the four Gospels and the early church fathers, which tell of his words, his actions, and his miracles; books which tell of how he changed the lives of the authors and how he continues to change lives of their readers; and books which build on what he said and did called historical novels. I guess that this little short story is one of those. What If Jesus Did Have a Dog? One night, when I couldn't sleep, a very strange thought came to me. For some reason, I began to wonder, whether or not, Jesus may have had a dog. I've had a number of wonderful dogs in my life, and I can't think of a better pet, or a more loving friend. I once saw a comment written on a wall that said, God spelled backwards is still your best friend. Dogs, like God himself, love unconditionally. And like God, they are always ready to forgive us. Even many centuries ago, dogs were held in great esteem by many people. The wealthy and powerful kept dogs mostly for protection, but ordinary people believed that dogs could be wonderful helpers and companions, as well as dear friends. This is a story about the birth of Jesus and the dog that he may have had.

For the Birds Karen Davis, 2019 For thirty years, Karen Davis has been advocating for, writing about, and studying the world of chickens and other domesticated fowl. As the founder and director of United Poultry Concerns, Davis has done more than perhaps anyone to reveal the complex and socially rich lives of birds. Her writing--intellectually rigorous, passionate, erudite, and witty--brings fully to the fore the great injustices we have perpetrated on these intelligent and loving creatures. For the Birds showcases Davis's three decades of popular and academic work. She tells the story of how she became an advocate and the many individual birds she has known and whose lives and deaths have deepened her commitment to seeking their freedom from suffering. Stirring, provocative, and brilliantly written, For the Birds illuminates one woman's

enduring quest to change our perceptions of those animals we routinely confine, abuse, and kill by the billions.
