Fish for Supper M.B. Goffstein, 2021-03-02 Selected as a Caldecott Honor Book in 1977, and now back in print for the first time in a decade, this is a charming picture book about a grandmother and her simple, idyllic daily routine. Fish for Supper is M.B. Goffstein's Caldecott Honor story of a grandmother and her regular routine in summer: waking at five o'clock in the morning to make the most of a day on the lake, "with cans of worms and minnows, some fruit for lunch, bobbers, lines, hooks, and sinkers." Delightfully and wittily, Goffstein departs from the usual fisherman's tale to give us a day in the life of this no-nonsense, patient fisherwoman who catches "sunfish, crapper, perch, and sometimes a big northern pike," who capably cleans her catch, and who can bake to boot. She relishes every bite of her well-earned supper, and the pleasure she takes in her self-sufficiency and graceful work becomes the reader's as well. Based on Goffstein's own childhood summers at her grandparents' house on Lake Minnetonka, Minnesota, Fish for Supper transforms her indelible memories into a story that is as honed and gratifying as its heroine's days.

Comic Art Propaganda Fredrik Strömberg, 2010 As one of the most simple, effective and powerful forms of communication, it comes as no surprise that comic art has been misappropriated by governments, self-interest groups, do-gooders and sinister organisations to spread their messages. World War Two comic book propaganda with Superman, Batman, and Captain America bashing up cartoon enemies was so ubiquitous that there was barely a US comic untainted by the war effort. And there's no shortage of examples from the other side of the globe. This book examines every kind of propaganda, and how positive or pernicious messages have been conveyed in the pages of comic books over the last 100 years. Subject areas include racism and xenophobia, antidrugs comics, pro-drugs comics and religious comics. Plus, there is a look at social programming; how gender roles were re-enforced in comic book stereotyping, and how comics broke free to produce a whole slew of gay superheroes, no matter how ham-fistedly written. This book is a fascinating global, visual history of some of the most contentious, outrageous, unbelievably unusual and politically charged comics ever published. Written by renowned comics historian and author, Fredrik Strömberg.

The Book of Sarahs Catherine E. McKinley, 2013-05-14 Suffused with longing, this rueful, passionate memoir about an adopted woman's search for her birth parents explores themes of race and family. Catherine McKinley was one of only a few thousand African American and bi-racial children adopted by white couples in the late 1960s and early 1970s. Raised in a small, white New England town, she had a persistent longing for the more diverse community that would better understand and encompass her. In an era shaped by the rhetoric of Black Power and Black Pride, McKinley's coming of age entailed her own detailed investigation into her birth history, a search complicated by the terms of a closed adoption that denied her all knowledge of the circumstances of her birth. *THE BOOK OF SARAHS* traces McKinley's own time of revelations: after a five-year period marked by dead ends and disappointments, she finds her birth mother and a half-sister named Sarah, the name that was originally given to her. When she locates her birth father and meets several of his eleven other children she begins to see the whole mosaic of her parentage—African American, WASP, Jewish, Native American—and then is confronted with a final revelation that threatens to destabilize all she has uncovered. At the center of the narrative is McKinley's angry passion for her two mothers and her quest for self-acceptance in a world in which she seems to herself to be always outside the

bounds of social legitimacy. In telling of her struggles both to fit into and to defy social conventions, McKinley challenges us to rethink our own preconceptions about race, identity, kinship, loyalty, and love. Catherine McKinley is the author of *The Book of Sarahs* and *Indigo: In Search of the Color That Seduced the World*. She is a graduate of Sarah Lawrence College, where she has taught Creative Nonfiction, and a former Fulbright Scholar in Ghana, West Africa. She lives in New York City. McKinley writes beautifully in this debut memoir, never resorting to sentimentality or easy emotions within this tangled web of emotional and family secrets.” - Publishers Weekly In recounting her long and arduous journey in search of her birth parents, McKinley (*Afrekete: An Anthology of Black Lesbian Writing*) draws us into a page-turning treasure hunt. Along the way she skillfully describes her upbringing as a black (or so she believed) child adopted by a white family during the 1960s, her tenacious efforts to winnow information out of the bureaucratic agency that handled her adoption and her often startlingly candid reactions to each new revelation about her background. Ultimately, she discovered that her parentage includes African American, WASP, Jewish, and Native American forbears. The multiple Sarahs of the title are just another confounding bit of information in this painful, funny, and very human memoir about race and family. In the end, the treasure McKinley seems to have discovered is her own independent self. Recommended for all libraries. - Library Journal In elegant, original prose that springs from a mind and heart at turns spirited and pensive, Catherine McKinley tells her dramatic story with defiant candor, precocious wisdom, and courageous sensitivity.” - Sarah Saffian, Author of *Ithaka: A Daughter's Memoir* of Bing Found What child doesn't occasionally fantasize that maybe she's been adopted and one day her real parents will show up to rescue her from the crazy clan she's stuck in? Who doesn't question the identity the world endeavors to tether her to even as she struggles to create her own self? And who isn't fascinated by the dynamics of other people's families? Or maybe it's only me. Perhaps that's why I regularly revisit the world inside Catherine McKinley's *The Book of Sarahs: A Family in Parts*. The first time I picked up McKinley's memoir, I felt like I had fallen into my own life, though in truth her narrative is far removed from my own. Catherine, the biracial adopted daughter of a white couple, sets out to find her true mom and dad and discovers a Jewish birth mother and an African American father. *The Book of Sarahs* questions everything from motherhood to transracial adoption to coming out. It's written for adults, but inevitably takes me back to childhood reveries of escape. These days, though, I also appreciate the book from the other side--as a mother making choices that will change the course of my children's lives. - Jacqueline Woodson, author of National Book Award winner *Brown Girl Dreaming* (c) O Magazine 2015

Unspeakable Susan Burch, Hannah Joyner, 2007-11-19 Junius Wilson (1908-2001) spent seventy-six years at a state mental hospital in Goldsboro, North Carolina, including six in the criminal ward. He had never been declared insane by a medical professional or found guilty of any criminal charge. But he was deaf and black in the Jim Crow South. *Unspeakable* is the story of his life. Using legal records, institutional files, and extensive oral history interviews--some conducted in sign

language--Susan Burch and Hannah Joyner piece together the story of a deaf man accused in 1925 of attempted rape, found insane at a lunacy hearing, committed to the criminal ward of the State Hospital for the Colored Insane, castrated, forced to labor for the institution, and held at the hospital for more than seven decades. Junius Wilson's life was shaped by some of the major developments of twentieth-century America: Jim Crow segregation, the civil rights movement, deinstitutionalization, the rise of professional social work, and the emergence of the deaf and disability rights movements. In addition to offering a bottom-up history of life in a segregated mental institution, Burch and Joyner's work also enriches the traditional interpretation of Jim Crow by highlighting the complicated intersections of race and disability as well as of community and language. This moving study expands the boundaries of what biography can and should be. There is much to learn and remember about Junius Wilson--and the countless others who have lived unspeakable histories.

Even within our own bodies, there are ten times as many bacterial cells as human cells. *Understanding Microbes* provides a clear, accessible introduction to this world of microbes. Tutankhamen's Gift Robert Sabuda, 1997-08-01 Small and frail, Tutankhamen was an all but ignored member of the royal family of the great Egyptian pharaoh Amenhotep III. At the school of the menoi, or tutors, he did not excel at physical activities with the other royal princes. Keeping to himself, he observed and admired the work of his father's craftsmen, who built glorious temples to Egypt's many gods. Someday he too would find a gift for those gods. Then Amenhotep III died and the unpopular reign of Tutankhamen's brother ended in mystery. Who now would be pharaoh? Could it be a boy of only ten? As he did with the life of Saint Valentine (Atheneum, 1992), Robert Sabuda combines simple text with artwork true to the historical period in which Tutankhamen lived.
