The Santa Barbara County Courthouse Patricia Gebhard, Kathryn Masson, 2001 The Colorful Story of a Santa Barbara Landmark The Santa Barbara County Courthouse is a widely recognized icon of the city called the e oeCalifornia Riviera, e and just as widely known as a historic architectural achievement. Thousands, if not millions, visit it each yeare jurists and tourists alikee but although everyone appreciates its beauty, few really know how it came to be. Surprisingly, in the three-quarters of a century that the building has graced its grounds, no one has undertaken to document this architectural masterpiece. Authors Patricia Gebhard and Kathryn Masson have changed that once and for all with their book, *The Santa Barbara County Courthouse*. Together with photographer James Chen and book designer Eric Larson, they have created a work that is not only historically important, but nearly as beautiful as the courthouse itself. Many people know or assume that Santa Barbara had a courthouse before the present building was erected in 1929, but almost no one knows anything about it. Gebhard and Masson begin there, with historic photos of the original, classical-style courthouse and its Queen Anne hall of records add-on. In 1919 the county, needing more room, held a design competition for a new courthouse, and the entries received, as Gebhard and Masson show us, were heavily inA3/4uenced by the Spanish baroque style that was popularized by the 1915 Panama-California Exhibition in San Diego. None of these designs was built, however, because the county was unable to raise money to pay for construction. It wasne (TM)t until 1925, when the old courthouse was destroyed by the earthquake that leveled much of Santa Barbara, that a new building became imperative and funds were Aznally secured. Construction began in 1926, with the result we see today. (The footprint of the old building is reflected in the contours of the ! sunken gardens behind the present courthouse.) To document their story, Gebhard and Masson spent months poring over County Supervisorse (TM) minutes, news reports in the Santa Barbara Morning Press and articles in architectural magazines, and courthouse docentse (TM) records. They were able to identify nearly all of the architects, craftsmen, and artists who designed the building and created the exquisite tile, ironwork, furniture, murals and landscaping that grace it inside and out. Many of these individuals and companies are long gone, of course, but many are still active, and, as the authors point out, some of the courthousee (TM)s Azttings can still be ordered from their catalogs. Chene (TM)s 75 full-color photographs beautifully capture the courthousee (TM)s ambiance, and Larsone (TM)s open and asymmetrical book design reA3/4ects the buildinge (TM)s balance between void space and intricate detail. They combine with Gebhard and

Massone (TM)s careful research to produce a deAznitive study and appreciation of the Santa Barbara County Courthouse, one that can hope to stand as long as the building itself.

The Good Nurse Charles Graeber,2013-04-15 The mesmerizing basis of the movie starring Eddie Redmayne and Jessica Chastain—a “stunning book...that should and does bring to mind *In Cold Blood*”—takes you inside the mind of America's most prolific serial killer, whose 16-year long nursing career left as many as 400 dead. (New York Times) Edgar Award Nomination, Mystery Writers of America BBC (Top Ten Books of the Year) “The best books I read this year” (top ten books, EW) —Stephen King “The Best Journalism of the Year.. —The Daily Beast “The most terrifying book published this year. It is also one of the most thoughtful...call it literary true crime...” —Kirkus Reviews (Best Books of the year) After his December 2003 arrest, registered nurse Charlie Cullen was quickly dubbed The Angel of Death by the media. But Cullen was no mercy killer, nor was he a simple monster. He was a favorite son, a husband and beloved father, a best friend and a celebrated caregiver. Implicated in the deaths of as perhaps as many as 400 patients, he was also perhaps the most prolific serial killer in American history. When, in March of 2006, Charles Cullen was marched from his final sentencing in an Allentown, Pennsylvania, courthouse into a waiting police van, it seemed certain that the chilling secrets of his life, career, and capture would disappear with him. Now, in a riveting piece of investigative journalism nearly ten years in the making, Charles Graeber gives us the unbelievable true story. Based on hundreds of pages of previously unseen police records, wire-tap recordings and videotapes and interviews with whistleblowers and confidential informants, and years of exclusive jailhouse conversations with Cullen himself, the homicide detectives who worked against the clock and administrators to try and finally crack the code on Cullen's crimes, and Cullen's fellow nurse Amy, an overworked single mom asked to choose between protecting her friend Charlie and stopping a potential serial killer, *THE GOOD NURSE* weaves an urgent and terrifying tale of madness, humanity and heroism. Cullen's murderous career in the world's most trusted profession spanned sixteen years and nine hospitals. Time and again he was fired or allowed to resign. But Cullen continued to work and kill, shielded by a

hospital system that, by accident or design, successfully protected the institution while failing to protect patients. THE GOOD NURSE is a searing indictment of a crushing and dehumanizing for-profit medical system, and an inspiring human story of the previously unknown individuals who chose to risk their jobs and lives to do the right thing. Mesmerizing and irresistibly paced, this book will make you look at hospitals and the people who work in them in an entirely different way.

The Magnificent 92 Indiana Courthouses, Revised Edition Jon Dilts,1999 During the last quarter of the nineteenth century, architects designed new courthouses all over Indiana, and a flurry of construction began. About 60 of Indiana's 92 courthouses were built in the nineteenth century, but the desire to construct capitols of grace and grandeur didn't die then: the years between 1900 and 1930 produced 23 more. By the 1970s, much of county government in Indiana was operating out of antiquated, crowded buildings. A few counties simply tore down the old structures and rebuilt with a new kind of splendor in glass and steel; but most counties, while intent on building larger facilities, were determined to keep and restore the magnificence of the older courthouses.--BOOK JACKET. In words and photographs this book depicts the present courthouses of Indiana's 92 county seats.--BOOK JACKET.

Operating in the Courts of Heaven Robert Henderson,2016-02-23 Why do some people pray in agreement with Gods will, heart and timing, yet the desired answers do not come? Why would God not respond when we pray from the earnestness of our hearts? What is the problem, or better yet, what is the solution? Robert Henderson believes the answer is found in where your prayer actually takes place. We must direct our prayer towards the Courts of Heaven and not only the battlefield. Robert shows that it is in the courtrooms of Heaven where our breakthroughs can be found. When you learn to operate there you will see your answers unlocked and released. This book will teach you the legal processes of Heaven and how to operate in its courts. When you get off the battlefield and into the courtroom you can grant God the legal clearance to fulfill His passion and answer your prayers.

Silver Medal from the Independent Publisher Book Awards (Current Events/Social Issues category). Americans are slowly waking up to the dire effects of racial profiling, police brutality, and mass incarceration, especially in disadvantaged neighborhoods and communities of color. The criminal courts are the crucial gateway between police action on the street and the processing of primarily black and Latino defendants into jails and prisons. And yet the courts, often portrayed as sacred, impartial institutions, have remained shrouded in secrecy, with the majority of Americans kept in the dark about how they function internally. *Crook County* bursts open the courthouse doors and enters the hallways, courtrooms, judges' chambers, and attorneys' offices to reveal a world of punishment determined by race, not offense. Nicole Gonzalez Van Cleve spent ten years working in and investigating the largest criminal courthouse in the country, Chicago-Cook County, and based on over 1,000 hours of observation, she takes readers inside our so-called halls of justice to witness the types of everyday racial abuses that fester within the courts, often in plain sight. We watch white courtroom professionals classify and deliberate on the fates of mostly black and Latino defendants while racial abuse and due process violations are encouraged and even seen as justified. Judges fall asleep on the bench. Prosecutors hang out like frat boys in the judges' chambers while the fates of defendants hang in the balance. Public defenders make choices about which

defendants they will try to save and which they will sacrifice. Sheriff's officers cruelly mock and abuse defendants' family members. Delve deeper into Crook County with related media and instructor resources at www.sup.org/crookcountyresources. Crook County's powerful and at times devastating narratives reveal startling truths about a legal culture steeped in racial abuse. Defendants find themselves thrust into a pernicious legal world where courtroom actors live and breathe racism while simultaneously committing themselves to a colorblind ideal. Gonzalez Van Cleve urges all citizens to take a closer look at the way we do justice in America and to hold our arbiters of justice accountable to the highest standards of equality.

Working Robert A. Caro, 2019-04-09 “One of the great reporters of our time and probably the greatest biographer.” —The Sunday Times (London) From the two-time Pulitzer Prize-winning author of *The Power Broker* and *The Years of Lyndon Johnson*: an unprecedented gathering of vivid, candid, deeply moving recollections about his experiences researching and writing his acclaimed books. Now in paperback, Robert Caro gives us a glimpse into his own life and work in these evocatively written, personal pieces. He describes what it was like to interview the mighty Robert Moses and to begin discovering the extent of the political power Moses wielded; the combination of discouragement and exhilaration he felt confronting the vast holdings of the Lyndon B. Johnson Library in Austin, Texas; his encounters with witnesses, including longtime residents wrenchingly displaced by the construction of Moses' Cross-Bronx Expressway and Lady Bird Johnson acknowledging the beauty and influence of one of LBJ's mistresses. He gratefully remembers how, after years of working in solitude, he found a writers' community at the New York Public Library, and details the ways he goes about planning and composing his books. Caro recalls the moments at which he came to understand that he wanted to write not just about the men who wielded power but about the people and the politics that were shaped by that power. And he talks about the importance to him of the writing itself, of how he tries to infuse it with a sense of place and mood to bring characters and situations to life on the page. Taken together, these reminiscences—some previously published, some written expressly for this book—bring into focus the passion, the wry self-deprecation, and the integrity with which this brilliant historian has always approached his work. To understand more about Robert Caro's research, see the Sony Pictures Classic documentary “Turn Every Page.”

You're the Jury Norbert Ehrenfreund, Lawrence Treat, 1992-07-15 In the American judicial system, jurors hold an awesome responsibility. They have the power to grant millions of dollars in damages, to declare someone guilty or not guilty of a crime, and, in some states, to decide if another human being should live or die. The twelve real-life court cases presented here not only offer students a fascinating inside look at the court system, they give them the opportunity to step into the jury box and experience American justice in action. All the key factors of jury trials are discussed: expert witnesses, the allowance

of certain kinds of evidence, claims of diminished capacity, and much more. Each case is followed by a series of interactive questions that test readers' knowledge of the issues involved. And at the end of each chapter students will find out how the real jury decided—and why. As entertaining as it is educational, *You're the Jury* offers a hands-on introduction to a unique aspect of the American legal system. Norbert Ehrenfreund has served as a judge for seventeen years in the Superior Court of California. Lawrence Treat is a founder and former president of the Mystery Writers of America, a three-time Edgar Allan Poe Award winner, and the author of the highly successful Crime and Puzzlement series.

The Illustrated Courtroom Elizabeth Williams, Sue Russell, 2021-10 This updated edition of *The Illustrated Courtroom* came to be because the world of court art has evolved so dramatically since our book's first edition. Trial art is now a fixture both in the 24/7 news cycle and in the fast-moving online world. And numerous epic news stories that broke in the past few years proved hard to ignore. We welcomed the opportunity to include some notable examples. The #MeToo social movement exploded internationally in 2017, signaling massive support for victims of sexual assault. Uber-powerful Hollywood movie producer Harvey Weinstein's precipitous fall was at its heart, following decades of rumors of his sexually predatory behavior. In February 2020, I drew Weinstein being found guilty of rape and criminal sexual acts then sentenced to 23 years in prison. Artist Aggie Kenny's work is also featured in this book. She and I covered multimillionaire financier Jeffrey Epstein's July 2019 arraignment on sex trafficking charges in New York. Epstein was first convicted as a sex offender back in 2008 but unlike in 2008, in 2019, he faced major prison time. However, on August 10, before he could stand trial, he was found dead in his cell. The story and theories on how Epstein died gripped the nation. We court artists have always needed nerves of steel plus an aptitude for speed and precision, but now, with the Internet's meme culture, our work is ever more closely scrutinized. Any perceived failure to produce a good likeness of a famous face triggers a flood of criticism. In 2015, an artist's rendition of New England Patriots' football star Tom Brady at the #Deflategate proceedings—which followed allegations that Brady's team had cheated by using under-inflated balls—was pilloried as unflattering and unrecognizable. The illustration swiftly went viral. Its artist was heavily criticized as parodies and memes erupted, ridiculing her artwork. The effect of the COVID-19 pandemic on the courts has been significant. Courtroom artists faced a whole new challenge, people's faces behind masks, behind barriers or on video. Limited seating in courtrooms due to social distancing. At the Britney Spears conservatorship, hearing some lawyers made their arguments via video, while others were in court wearing masks. Artists drew the R.Kelly sex trafficking trial from a blurry video feed piped into an overflow courtroom. These episodes alone are proof positive that we courtroom artists now inhabit a whole new world
