Murder in the Bayou Ethan Brown, 2019-09-17 Soon to be a Showtime documentary, *Murder in the Bayou* is a New York Times bestselling chronicle of a high-stakes investigation into the murders of eight women in a troubled Southern parish that is “part murder case, part corruption exposé, and part Louisiana noir” (New York magazine). Between 2005 and 2009, the bodies of eight women were discovered in Jennings, Louisiana, a bayou town of 10,000 in the Jefferson Davis parish. The women came to be known as the Jeff Davis 8, and local law enforcement officials were quick to pursue a serial killer theory, stirring a wave of panic across Jennings’ class-divided neighborhoods. The Jeff Davis 8 had been among society’s most vulnerable—impoverished, abused, and mired with mental illness. They engaged in sex work as a means of survival. And their underworld activity frequently occurred at a decrepit motel called the Boudreaux Inn. As the cases went unsolved, the community began to look inward. Rumors of police corruption and evidence tampering, of collusion between street and shield, cast the serial killer theory into doubt. But what was really going on in the humid rooms of the Boudreaux Inn? Why were crimes going unsolved and police officers being indicted? What had the eight women known? And could anything be done to stop the bloodshed? Mixing muckraking research and immersive journalism over the course of a five-year investigation, Ethan Brown reviewed thousands of pages of previously unseen homicide files to posit what happened during each woman’s final hours delivering a true crime tale that is “mesmerizing” (Rolling Stone) and “explosive” (Huffington Post). “Brown is a man on a mission...he gives the victims more respectful attention than they probably got in real life” (The New York Times). “A must-read for true-crime fans” (Publishers Weekly, starred review), with a new afterword, *Murder in the Bayou* is the story of an American town buckling under the dark forces of poverty, race, and class division—and a lightning rod for justice for the daughters it lost.

The Complete Works of William Shakespeare (abridged) [revised] [again] Adam Long, 2023-10-15 Originally performed by its creators, this 1987 Edinburgh Fringe hit remains the second longest-running West End comedy in history and has been translated into over thirty languages. *The Complete Works of William Shakespeare (abridged)* is not so much a play as it is a vaudeville show in which three charismatic, wildly ambitious actors attempt to present all thirty-seven of Shakespeare's plays

in a single performance. They have a rudimentary concept of the stories and have imperfectly memorized a smattering of famous lines. Backstage there's a meager assortment of costumes and props. Thus armed, the three brazenly launch into their task with an earnest focus and breakneck enthusiasm.

Bringing the Shovel Down Ross Gay, 2011-01-23 Bringing the Shovel Down is a re-imagination of the violent mythologies of state and power. These poems speak out of a global consciousness as well as an individual wisdom that is bright with pity, terror, and rage, and which asks the reader to realize that she is not alone—that the grief he carries is not just his own. Gay is a poet of conscience, who echoes Tomas Tranströmer's 'We do not surrender. But want peace.' --Jean Valentine Ross Gay is some kind of brilliant latter-day troubadour whose poetry is shaped not only by yearning but also play and scrutiny, melancholy and intensity. I might be shocked by the bold, persistent love throughout Bringing the Shovel Down if I wasn't so wooed and transformed by it. --Terrance Hayes

This Is the Rope Jacqueline Woodson, 2017-08-01 Jacqueline Woodson--New York Times Bestselling, National Book Award and Newbery Honor winning author--writes a rich story of a family adapting to change as they hold on to the past and embrace the future. With Coretta Scott King Award-winning illustrator James Ransome. During the time of the Great Migration, millions of African American families relocated from the South, seeking better opportunities. The story of one family's journey north during the Great Migration starts with a little girl in South Carolina who finds a rope under a tree one summer. She has no idea the rope will become part of her family's history. But for three generations, that rope is passed down, used for everything from jump rope games to tying suitcases onto a car for the big move north to New York City, and even for a family reunion where that first little girl is now a grandmother.

Ghosts in the Schoolyard Eve L. Ewing, 2020-02-05 "Failing schools. Underprivileged schools. Just plain bad schools." That's how Eve L. Ewing opens *Ghosts in the Schoolyard*: describing Chicago Public Schools from the outside. The way politicians and pundits and parents of kids who attend other schools talk about them, with a mix of pity and contempt. But Ewing knows Chicago Public Schools from the inside: as a student, then a teacher, and now a scholar who studies them. And that perspective has shown her that public schools are not buildings full of failures—they're an integral part of their neighborhoods, at the heart of their communities, storehouses of history and memory that bring people together. Never was that role more apparent than in 2013 when Mayor Rahm Emanuel announced an unprecedented wave of school closings. Pitched simultaneously as a solution to a budget problem, a response to declining enrollments, and a chance to purge bad schools that were dragging down the whole system, the plan was met with a roar of protest from parents, students, and teachers. But if these schools were so bad, why did people care so much about keeping them open, to the point that some would even go on a hunger strike? Ewing's answer begins with a story of systemic racism, inequality, bad faith, and distrust

that stretches deep into Chicago history. Rooting her exploration in the historic African American neighborhood of Bronzeville, Ewing reveals that this issue is about much more than just schools. Black communities see the closing of their schools—schools that are certainly less than perfect but that are theirs—as one more in a long line of racist policies. The fight to keep them open is yet another front in the ongoing struggle of black people in America to build successful lives and achieve true self-determination.

Failure Philip Dawkins, 2014-10-22 By the end of 1928, all three Fail sisters will be dead -- expiring in reverse order, youngest to oldest, from blunt object to the head, disappearance, and finally consumption. Tuneful songs, and a whimsical

chorus follow the story of Nelly, Jenny June, and Gerty as they live out their lives above the family clock repair shop near the Chicago River, before their time unexpectedly runs out. A magical, musical fable where, in the end, the power of love is far greater than any individual's successes or failures.
